Baxters Score All Goals In 6-1 Game, Top League

After starting the season off in the Georgetown Industrial League at the very bottom, Baxter Labmen climbed into sole possession of first place in the game last Monday night in Georgetown arena. Three teams entered the triple-header tied for first, but Baxters emerged in the top slot after defeating Georgetown Businessmen 6-1. The other high teams, Alliance, bowed to Provincials 4-3.

As well as having the leading team at present, Baxters can boast their goalie, Ingie Robson, is the least scored against in the league. Baxters made its firm bid for first by scoring every goal in a more-or-less shut-out game, although the final count was 6-1. Goalie Robson caught the puck on one of Businessmen's shots, but his arm hit the side of the net... the puck flew out of his hand and in to score.

The only penalty in the decisive game was to Anderson of Acton in the third period. Baxters goals were credited to Stewart (2), Fields, Allan, Jordan, Earl Masalles, Jordan, Anderson, Everdell.

Baxters are full of confidence as they enter the last five weeks of the Georgetown Industrial League games. The play-offs of the top four teams follow.

The Georgetown league is composed of six teams which all play every Monday evening. Entered are Georgetown Businessmen, Norval, Smith and Stone, Provincial and Alliance, managed by Clarence Rogvaldsen and coached by Kerwin McPhail, the local Labmen have a good chance of taking this loop if they continue playing their fine calibre of hockey.

This is the first year that Baxters has played with the Georgetown group, although the plant has had a team each year since the war. The first winter of games was 1945-46, and many of the same players are still with the club.

Before grouping under the Baxter name some of the players were with the Junior Farmers team that was well up in the play-offs one year during the war. The team had to default a game due to lack of transportation.

The Baxter team has played Georgetown, Port Credit and other assorted teams other seasons but this is their first winter of concerted effort and regular schedule. No league was entered before since the Labmen could not get sufficient time on Acton ice. That was when O.H.A. teams rated top billing.

This year, however, the rink is available, and the team is planning exhibition games which started last Tuesday with Labs vs. Geulph Electric, a group from the Geulph Mercantile League.

The other games in this exhibition series will be double-headers, it is believed.

Win By Margin Of Disputed Goal

In the first exhibition game of a new series to be played in Acton arena, Baxter Labs just sneaked a win over Leland Electric, a team from the Geulph Mercantile Loop, last Tuesday evening. The final count was 3-2 for the Labmen, with a third goal for Leland disallowed although the light had flashed a final tie-score.

The game was a hard one to lose and a good one to win as the two teams proved very well matched and well refereed.

At the end of both the first and second periods the score was tied. In the third period a puck forwarded by a Leland player seemed to make the Baxter net mark, and the goal judge put the light on. The referees called it no goal however.

The scoring summary was as follows:

First Period	Score
B—Fields (Masters, Anderson)	2-0
L—Harrington (Currie)	1-0

Second Period	Score
B—Chisholm (Mallard)	1-0
B—Anderson (Everdell)	1-0

Third Period	Score
B—Masters (Zajac)	1-0

Two penalties were meted out to Leland's Currie, one five minutes in the second period for striking the ref with his stick. His second was in the third period. Others were to L. Masalles and Zajac in the second.

Baxters—Robson, G. Lorne Masalles, Robinson, d. Stewart, c. Marshall, Somerville, w. alts. Earl Masalles, Zajac, Allan, Fields, Masters, Jordan, Anderson, Everdell.

Leland's—Clough, g. McClellan, Humphreys, Bassett, Smith, Gummley, H. Harrington, A. Harrington, Cerrito, Currie, W. Chisholm, T. Chisholm and Mallard.

Oath Administered Eramosa Council

The council, elect of the Township of Eramosa met at the home of Reeve D. D. Gray at 11 a.m. on January 8th, 1951. Present were Reeve D. D. Gray, Deputy Reeve E. H. Benham, Councillors J. R. Rutledge, Thos. G. Hutchison and F. L. Cox, Road Superintendent P. R. Peavoy and Clerk S. S. Royce.

The members subscribed to the usual declaration of office and took their seats as the Council for 1951. The minutes were read and adopted.

Rev. John Oliver was present and congratulated the council on their election for 1951 and read a portion of the 103rd Psalm and offered prayer asking divine guidance on all the decisions of council as well as that of all governments throughout the world. Reeve D. D. Gray thanked Mr. Oliver for his timely message.

The meeting adjourned to the dining room where all present were delightfully entertained by Reeve and Mrs. Gray at a very bountiful dinner. Deputy-Reeve E. H. Benham extended thanks and appreciation to Mrs. Gray for her hospitality.

The meeting convened at Rockwood Town Hall at 2 p.m. The Rockwood Police-Village Trustees were present to discuss fire protection. It was moved by Messrs. Benham and Hutchison that "we guarantee the P. V. of Rockwood a standby of \$250 for 1951 for fire protection to the Township and the P. V. of Eden Mills. The prevailing rates for firefighting to be continued and deducted from the standby when the account totals less than \$250."

By-law No. 1, appointing officials for 1951 was given the necessary readings and passed appointing officials as follows: Clerk, Treasurer, Collector and Relief Officer, S. S. Royce; Auditor, Stanley R. Reid; Weed Inspector, Wm. Hamilton; School Attendance Officer, George C. Bayne; Road Superintendent, Percy R. Peavoy; Live Stock Valuers, George C. Bayne and Lorne Allan; Pound Keepers, Wm. Oakes Oustler, James Fleming, Four Corners; Adam Weatherston, Exarion; Henry Barden, Eden Mills and Earl Brown, Rockwood; Fence Viewers, George C. Bayne, Thos. W. Cox, Geo. Griever, Milton Swanston, Jas. L. Oakes and Frank Gaistrander.

The Treasurer's bond for \$5000. was examined by council and considered satisfactory.

The clerk was instructed to purchase a set of 1950 Consolidated Statutes and subscribe for 11 copies of the Municipal World for 1951, 3 copies to be charged to Rockwood Police Village.

By-law No. 2, authorizing the borrowing of \$25,000, as necessary, from the Royal Bank, was passed after having been given the 3 readings.

By-law No. 3, providing for requisitions and estimates of Police Villages and School Board to be given to Council by March 1st was given the necessary readings and passed.

By-law No. 4, providing for the expenditure of \$28,500, for the construction and maintenance of roads and bridges was passed.

It was moved by Messrs. Rutledge and Benham that: The reeve and clerk be instructed to apply for the balance of subsidy on road expenditure of 1950.

It was moved by Messrs. Cox and Hutchison that the Road Superintendent be authorized to arrange insurance for maintenance for P. L. - P. D. - and fire only, effective January 17, 1951 and quotations solicited from several companies.

On motion of Messrs. Rutledge and Benham, the clerk was instructed to advertise for applications for assessor for 1951. Applications are to be in the clerk's hands by noon, Saturday, February 10, 1951.

Accounts amounting to \$631.96 were passed for payment and council adjourned.

SHOWER FOR COUPLE HELD IN LORNE SCHOOL "SHOCK WEDDING" HIGHLIGHT

Over 150 gathered at Lorne School last Friday evening to honor Hazel Kennedy and Ray Everdell who are to be married this month. Mr. Charles McKenney acted as master of ceremonies for the varied program which included a duet by Shirley and Bill Thompson, a piano solo by Herman Freuler, a reading by Dorothy Warne and a reading by Alleeda Britton. Miss Jean Harris read the address to the prospective bride and groom.

The Junior Farmers presented a "Shock Wedding" which proved to be just that, adding to the fun of the evening.

Many useful and beautiful gifts were brought for the couple. After a lovely lunch, the friends and neighbours of the young pair enjoyed dancing to the music of Mary McKenzie at the piano, Mansell Nelles on the violin and Charles Roher on the guitar.

School Costs \$4,000 Higher

(Continued from Page One)

It increased from 80 cents to 85 cents per hour; A. Clifford, increased from 70 cents per hour to 75 cents per hour. The salary of J. McGeachie, clerk-treasurer of the town tax collector, secretary, treasurer of the Public Utilities Commission and secretary-treasurer of the Cemetery Board, was left at \$2700. These increases are to become effective February 1. This will be an increase of \$722 in the salaries of town employees over last year.

Approval was received from the Municipal Board for the issuance of debentures on the erection of a new water pumping station on the location of the new well on the second line north of Acton. The debenture issue was also to cover the repairs to the present stand pipe on the Cemetery hill. Council decided to call for tenders for the pumping station and also authorized the necessary changes to the present pump to be used in the new well.

The Municipal Board approved the levy on owners and occupants who derive benefit from the construction of the Sewerage Disposal System. The levy is to be sufficient to pay one-half the cost of the work. This by-law was passed and the council instructed the clerk to bill residents not using town water at a flat rate of four dollars. The bills were to be sent out as soon as possible for January.

Norman R. Horrocks, representing the LaFrance Fire Engine and Foamite Ltd. submitted a formal proposal of \$10,050 for a new fire truck and equipment. He explained that the town was eligible for a 25 per cent government grant if it protected rural areas. The proposal was referred to the Fire Committee.

Authorization for payment of the following accounts was given:

Sewer Accounts	
L. Cutting, hauling stone	\$ 18.50
Elliott Sand and Gravel, stone for roads	50.70
Geo. Robinson, hauling stone	5.00
J. Ridley, hauling stone	8.00

Symon Hdw., misc.	18.54
Watson's Dairy Bar	11.00
Motor vehicle licenses at \$2 each	6.00
Total	\$741.90

D. H. Lindsay, R. R. Parker, C. Hansen and W. Ruddock discussed with council the siting problem in the creek from Fairy Lake through Mr. Lindsay's property to the Beardmore and Co. tannery. The town engineer reported that after having seen the situation, the town would be unwise to make any financial outlay in attempting to eliminate the siting and consequent rising of the creek bed. The siting caused by the installation of sewers would be at an and-very soon.

Mr. Lindsay complained that the siting backed the water up, flooding out his mill. The representative of Beardmore and Co. said that the dam constructed by the town to ease the siting question was not adequate and asked an increase in the size of the dam if that would help the situation. Mr. Parker felt the engineer had made no concrete suggestions but seemed only to be worried about "who would pay for the project."

Council asked the Sewerage committee to meet with Beardmore representatives and Mr. Lindsay Saturday morning.

H. Holmes, arena manager, asked for a council ruling on hockey practice on Sunday. Council decided there was no need for Sunday practices.

No tenders were received for the refreshment booth concession at the arena and it was decided to leave it closed for the season.

Deputy-Reeve J. J. Stewart reported for the Street Committee that it was not necessary to make any additions to the street lighting on Wallace St. The committee felt the present lighting was adequate.

Complaints on the varying route of the garbage truck were discussed and Foreman Kirkness reported that it was not always possible to follow the same route depending on the load. Pick-up could not al-

Triple T Topics

The attendance last week was a little less than half of the previous week but everybody had the club spirit and enjoyed themselves. It seems that when there is less attendance, the fellows and girls mix better and have a good time. Paul Jones' dances seem to be favorite this year but there is a problem of making some girls take part in them. I guess they can find easier ways of cheating death. If the boys didn't let loose like an atomic bomb, some of these frail lasses would take part in the dance, so take it easy, boys.

Some people received a big surprise when lunch time came Friday night. The three Haffenden brothers, who are amateur entertainers, put on a show at intermission time. One brother sings, the second plays a mellow electric guitar and the other a solid beat on the piano. The show started with a group sing song and then the brothers played a number of popular tunes in their own arrangements.

With a little encouragement, Verma St. Dennis sang her own arrangement of "Melancholy Baby." Verma has a good voice and with a little training could possibly become another Dyan Shore.

The gang from Georgetown also received a surprise this week. There were no dishes to be washed this week and they had to pay their admission. We notice a lot of members are taking up badminton on Monday and Wednesday nights. Cliff Sutton is starting a beginners' class next week so don't be bashful and pass up this opportunity - it's a good night's entertainment free.

In case some people did not see the sign explaining terms of membership on Friday night, this is the explanation. At the present time it concerns members who are under eighteen. If you have attended the club 5 weeks, you have paid for a full membership and there is no longer the usual 35c admission charge. You are given a full membership plus a Y.M.C.A. membership free and charged only 16c admission.

Coming to the club Friday night?

ways be completed on Monday because of an increase in the load at certain times and sometimes weather conditions; the foreman reported.

The Road Committee was empowered to have the grader tires retreaded and council discussed at length the inspection of the flushing in the sewers.

In compliance with the Planning Board Act, terms of office of the members were established as follows: Theron Jones three years, W. Matjoks three years, C. Hansen two years, D. Black two years, J. Greer one year and J. Creighton one year.

Outstanding tax arrears of \$1327.27 were to be collected on the instructions of council.

The by-law requiring that dogs be tied up from sundown Sunday to sundown Monday and from sundown Wednesday to sundown Thursday was read the required number of times and passed.

Approval was received from the Municipal Board for the changes in the zoning by-law.

R. Goodwin asked extension on the time limit for removal of the parking signs on Mill Street. Permission was granted to leave signs in place until May 1 since rising of the creek bed.

Suggestions for improvement of the Parking By-law were received from the Department of Highways Councillors L. Wiese, J. Greer, E. Taylor, C. Wood, R. Thompson, Deputy-Reeve J. J. Stewart, and Reeve Hargrave were present at this regular Friday evening session. Mayor E. Tyler presided.

ACTONIANS REQUESTED TO HELP "FIGHT POLIO" IN PRESENT MARCH OF DIMES

The Red Maple Leaf, a symbol of the "Fight Polio" campaign of the Canadian March of Dimes is appearing on store counters and in public places all over Acton. It heralds the approach of the 1951 Canadian March of Dimes, conducted throughout Canada from January 7th to 31st.

Adopted by the Canadian Foundation for Poliomyelitis as a typical Canadian emblem for a Canada-wide organization, the Maple Leaf is found on coin collectors, post-ers, bulletins and donation envelopes. Its simple slogan "Fight Polio" bears testimony of the magnificent work being carried on by the Canadian March of Dimes.

The Red Maple Leaf is appearing simultaneously in other communities throughout the Dominion, reminding Canadians everywhere of the intensive battle now being waged to help rid this country of the dread cripple—Poliomyelitis.
