Snow shovelling is enough of a task, but it would be useful if there could be a similar sort of regulation that the mud and water in front of each house was the responsibility of that household to clear. At least then the bad sidewalk conditions could be blamed on someone.

## Triple T Topics

The people who could not visit Guelph Teen Town last Thursday really missed out on a splendid dance. There were clubs from Kitchener, Fergus, Preston, Elora, Hespeler, Galt and Acton which was about the smallest visiting club. The dance was strictly a hard-times dance with people wearing jeans and plaid shirts. The orchestra for this special occasion was "Howie's", a modified version of Spike Jones. The special dances to go with this gala event were Schottisch, a hillbilly version of Paul Jones', square dances, girls' tags and spot dances. One of these was won by Wilfred Duval and Jo Ann Veldhuis "Duvie", and "Yoka".

At lunch time we had the privilege of meeting executives from other clubs. They all have about the same problems as we have but found out some interesting facts about memberships in other clubs.

Fergus has 219 paid memberships. People with memberships pay 25c admission and non-members pay 50c but their membership fee is only 25c. Another small club we may invite to our "Hoe Down" is Kitchener with about 800 members.

We are invited to Orangeville this Friday night so there will not be Teen Town this week. All people interested in going will have to be at the Y this Thursday, at 7.15 p.m. to register for a seat on the bus. By the gossip-around town you can count on a full bus, so if you want a seat be at the Y. Other visiting clubs at Orangeville will be Fergus and Brampton. The orchestra will be the Modernaires with the sweetest music this side of Orangeville. The cost of transportation, and admission will be no more and maybe less than \$1.00 at which the club is taking a loss. And now that you have recovered from that last statement, we would like to tell you of our "Hoe Down" which will be in April.

It will be the biggest dance this town has ever seen and clubs will be visiting us from all over. If you want these clubs to visit us we will have to visit them so we will see you at the Y this Thursday.

We hear that the new recreational activities at the Y are really good. If you want some fast sport with body building and bruising qualities you might try the new Judo class. The class is not very large and they want newcomers (guinea pigs) to teach new throws to them. See you in Orangeville.

## SCOTSMEN IN GOLD MINES

Early in February, 136 Scotsmen leave Scotland for Timmins, Ont., to train as gold miners. They were selected out of 900 applicants by a personal officer from a Canadian gold-mining company during a visit to Scotland some months ago. The men have passed tough medical and trade tests.

## For the Sake of the Crippled Children

# An Appeal

This week you will be receiving in the mails an appeal for help of the Crippled Children. It's the annual Easter Seal campaign. We ask that you use the seals and forward whatever contribution you can in the return envelope provided.

It will be of interest locally for you to know that a number of cases in this district were assisted last year. As a matter of fact the funds of the Acton Club were depleted in this work for Crippled Children and the Ontario organization helped us to complete our program.

It will also be of interest that several of the cases were in the rural sections adjoining Acton. The work for Crippled Children knows no territorial bounds.

We appreciate your generous response on other appeals. Won't you be as liberal as possible with your Easter Seal contribution this year? Your help will be appreciated and your donation duly acknowledged.
