

LOCAL NEWS

Items for this column may be phoned to 220 or sent to the Canadian Champion Office in Milton.

The police report a quiet week-end.

People are beginning to be a little jaded waiting for spring.

At a recent auction sale in Eramosa a Grade Shorthorn calf 10 days old sold for \$60.

A person should bear in mind that it is impossible for him to save his face after losing his head.

The curbs on Young St. that were broken up when the sewers were laid are being replaced this week.

Many attended the Halton Junior Farmers At Home at the Brent Inn, Burlington, on Thursday of last week.

Since there is no ice in Milton Arena, the Georgetown Commission offered their arena free of charge for the benefit game for the wife and young son of the late Jack Kentner on Friday.

Furry pussy willows are being spotted along the country roads these days and being picked on the week-ends.

At J. W. Wilson's auction sale in Nassagaweya, last Tuesday, the whole herd of cows sold at an average of over \$300 apiece.

Unfortunately in last week's account of the funeral of the late Jack Kentner, the name of Donald Wells was omitted as one of the flower bearers.

Acton roads evidently aren't the worst... the bus from Orangeville to Guelph had to detour through Acton to avoid even worse roads further north.

Because of the sparse snowfalls, the frost nipped deep down into the earth this year and is now coming up with a vengeance. Several country roads are in such bad condition that deliveries and practically all traffic on them are halted.

Auxiliary Changes Date of Meeting

The Knox Presbyterian Evening Auxiliary met on the second Wednesday at the home of Mrs. Cameron Lelshman.

The president, Mrs. A. McIsaac, presided and led the worship service assisted by Mrs. R. O'Hara, Mrs. Robert Turner and Mrs. L. Halliday.

Mrs. R. H. Armstrong read an article from the Glad Tidings telling how the pupils of the Indian Residential Schools are clothed.

Mrs. J. F. Wilds gave the chapter from the study book, dealing with Canadians' responsibility in welcoming new citizens to this country and particularly to the churches.

Mrs. John L. Davidson sang a solo, "Beautiful Isle of Somewhere".

The leader reported plans were completed for the Spring Thank-offering and Fireside Hour and that Miss Gladys Robinson, Deaconess of Knox Church, Guelph, would be present to speak.

It was also decided after considerable discussion to change the work of the meeting.

The roll call was answered by naming your favourite books of the Bible.

The meeting closed with singing of a hymn and prayer by the leader.

A delightful social time was enjoyed when the convenor, Mrs. L. Halliday and her committee of Mrs. R. H. Armstrong, Mrs. J. F. Wilds and Mrs. R. Turner served refreshments.

Miss Emma Cole moved a vote of thanks to the hostess and all who added to the pleasure of the evening.

Three From Halton At Folk Council

By Mrs. Roy Coulter

Three delegates from Halton County had the privilege of attending the first annual meeting of the Ontario Folk School Council, held in the Senate Room of Stouffville Hall at the University of Toronto on Saturday, April 7, 1951. Chairman of the Council is Dr. J. R. Kidd, who is also associate director of the Canadian Association for Adult Education; secretary fieldman is Mr. Ray Hodgson, who so ably helped out as leader at Halton's first Folk School in January; treasurer is Mr. Cecil Bell, fieldman for the Ontario Federation of Agriculture.

After the routine business, the council, comprised of delegates from almost every county in the province, divided into small discussion groups to discuss the promotion and administration of local schools.

Dr. Alex Charters, assistant dean of Teachers' College, Division of Adult Education, Syracuse, N. Y., delivered an informative and inspiring address on "The Importance of the Individual."

Two groups again formed to discuss the possibilities and approaches for Folk Schools in the future. It was unanimously decided that the Folk School movement had come a long way in the last two years and was gradually winning a permanent place in the rural program for adult education. This writer was very much impressed with the excellent culture of the young folk and rural leaders in attendance at the council.

CAMPBELLVILLE

The Ladies Aid of St. David's Church held their April meeting at the home of Mrs. S. Cairns on Wednesday afternoon. The president, Mrs. George Inglis, opened the meeting with a very appropriate poem "Tis Spring". The devotional period was in charge of Mrs. M. Moore and Mrs. W. King. The roll call was answered by naming "Something you would like to plant in your garden this spring." Suggestions were offered and plans made for catering for two events in the near future, and for the play "Lena Rivers" which notice you will see in Coming Events in the Canadian Champion this week.

The cheer secretary reported six letters written and read a "thank you" note. Miss Katherine McPhedran read a poem "New Neighbors".

Mrs. H. Lush introduced the guest speaker, Mrs. Roy Coulter, who took for her subject "Housework is no common task. It is the attitude." Many fine thoughts were presented which should make our housework a joy instead of a burden. Mrs. J. K. Mahon, accompanied by Mrs. L. Crawford, sang the sweet little woodpecker song. Mrs. Speers thanked Mrs. Coulter and all who had helped with the program. After singing a hymn, the meeting was closed by repeating the Lord's Prayer in unison. Twenty-five ladies and three children enjoyed the social period which followed.

YOUR EYES AT FORTY

Your eyes change focus by means of a lens inside the eyeball which grows in layers like an onion throughout your life. As this lens is "fattened and made more convex by muscles in the eye, your sight is focused closer to you.

This lens becomes harder and less elastic during your lifetime as these layers are increased in number, until when the average person reaches the age of 40 to 45 he is straining his eyes when he does close work for more than a few minutes. This is because the lens must be worked to its extreme in order to focus at reading distance. The lens should have one third of its focusing ability left in reserve in order to avoid strain, and this is accomplished with reading glasses. These glasses must be strengthened from time to time as the lens gets progressively harder, in order to maintain an adequate reserve.

The hardening of the lens is a natural process, and does not mean that there is anything wrong with the eyes. Everyone, starting right from the age of ten, slowly loses the ability to change focus as they get older, although it is sometimes restored for a short period known as "second sight".

You have only one pair of eyes to last you a lifetime. Have them examined regularly every two years. Protect your eyes so that they may give you efficient and comfortable service throughout your life.

Mackenzie News

By the books of the delegation gathered at the Town Hall last Monday evening, we are well on the way to having a ball team this year. Let's have the boys our support. It makes a pretty dull summer without baseball.

This being the season of alterations around home, dry in and acquire about three-fifteen cupboards. We supply ideas, material and labour with labour. What better suggestion to make the little woman happy.

Be seeing you soon, we hope.
