The Y Ladies Auxiliary held a euchre in the Y last Friday evening.

Acton roads are being graded this week and the travelling is much smoother.

In little personal things it is wiser to give in, saving your energy for things that matter.

A social evening and euchre was held in St. Joseph's Church Hall last Friday, May 11.

Pupils from Acton high school competed in a field meet at the O. A. C., Guelph, last Saturday.

Pictures of the high school field meet held in Acton last Wednesday will be published next week.

The children and shoppers this week were like butterflies suddenly emerged from their cocoons of raincoats and rubbers.

Roads are still bad in some rural sections. The fourth line was finally graded after many had become bogged in the holes.

Highway workmen are erecting a railing on the bridge at Main street and Brock Ave. following a complaint at the last council meeting.

Recorded music made a delightful background for the tea, baking and auction sale held in the United Church under the auspices of the Sunday School last Saturday afternoon.

C. L. Kirkness of Acton was again named secretary of the Halton Children's Aid Society at the annual meeting of the organization held in Milton. G. W. McKenzie is one of the directors.

The first few sessions of grass cutting and weeding are quite pleasant in this first warm weather. It will be a different story later on.

The girl guides were unable to begin selling their Guide cookies until this week, since the boxes did not arrive last Saturday as expected. Orders were being filled by the girls as soon as possible after the cookies came.

There are no complaints of deep sorrow pervading the offices of the A. P. Green Co.'s Acton branch but evidently the Montreal branch is considered an even more merry concern. A letter was received recently addressed to the "Happy Green Co."

Word was received at the post office Wednesday that due to some difficulty or other, there would be only one bag of Toronto mail come off the morning train. Acton's quota was five letters. And there were quite a few more than five looking for mail.

Stanley M. Henderson of Campbellville was one of nearly 200 students who graduated from the Ryerson Institute of Technology in Toronto Friday, in the largest convocation in Ryerson's history. He was a student in the School of Electrical Technology.

Among the 25 McMaster University graduates on the honor lists of Dr. H. S. Armstrong, dean of the department of arts and sciences, was John Thomas of Campbellville. The honor is given those who have exceptionally high standing in the final year of an undergraduate course.
