**Rats for the Council**  
 "What is council going to do about the rats", an Oakville citizen asked the town council. "We've had them running through our back yard for two years", the citizen continued in her tale of woe as council shook, collectively baffled heads and appointed Councillor Ross Gibson as "Flea Tiper" or "to investigate the menace". Apparently the town dump enters the picture and poison won't affect the hardy rodents.

**Georgetown Appoints Assistant**  
 Georgetown has a new assistant principal for its Public School. A native of Tavistock presently teaching at Vineland, B. A. Stein will join the Georgetown staff.

**Power Changeover**  
 Power interruptions will mark the changeover from 60 cycles to 60 cycles when Oakville, Trafalgar and Bronte electricity is cut off. The changeover is part of the standardization program for southern Ontario.

**Cadets Parade**  
 Burlington's annual cadet inspection and physical display was greeted by warm weather this year. The Burlington Gazette reports a good crowd and a well prepared show despite the minimum of rehearsing caused by other pressing events.

**Prize Dogs**  
 The London International Dog Show saw three Erin Dobermanns walk off with first prizes and "Willie" was also a reserve winner. The pups were owned by Mrs. W. S. Milne of Erin.

**Will and a Way**  
 Some ingenuity and a group of volunteer helpers are making a basement excavation at Grace Anglican Church in Milton. Milton Machine Shop designed a small excavator for the job which has speeded up laborious work. It runs on a track and a car of earth can be taken out every three minutes. The earth is dumped over a nearby bank from the car.

**Three Men Fares**  
 Milton will be watched by a three man police force according to a recent decision of the council. They agreed to hire an extra policeman the same night as they decided to seek approval of a \$400,000.00 debenture for the sawmill installation.

**Bees Planned For Manse Shingling**  
 A shingling bee was held at the manse on Saturday when about half the roof was done. A second bee will be held again next Saturday.

**Sunday visitors with Mr. and Mrs. W. H. Hortop were Mr. and Mrs. Bert Palframan and Mr. Clarence Hortop, Rockwood.**

**Enforced Idleness Kills Fit Old Men**  
 Enforced idleness kills many fine fit older men and women who could and would carry on happily with useful work if given a chance. One of the reasons why women live longer than men is that most of them are able to continue doing some useful and interesting work, which keeps them content in the knowledge that they are contributing to the happiness of others.

**Men who have acquired valuable skills and knowledge in a lifetime of work find compulsory usefulness unbearable while they are still fit to make an important contribution to the well-being of their families and neighbors.**

**Creating employment conditions that will enable older people to continue at work within their physical capacities, perhaps only four hours a day and twenty hours a week, is one of the most urgent problems.**

**MAN AT WORK**

A night club loudspeaker system recently blasted this announcement. "Will the owner of the car with licence number XX0000 please go out and move the car. You are parked over an open manhole and the telephone man would like to come up and go home."

**IT'S WORTH SAVING PART OF FAMILY ALLOWANCE CHEQUES**

**Make This Down Payment On a Full Education**

There are many ways of giving children a worthwhile start in life. Home training counts for a lot, so do good food and clothing. And there's the great advantage of a well-balanced education.

Most parents have probably discussed these matters often enough, just as they've discussed the best ways of employing the monthly Family Allowance Cheques. And they've considered the long-term uses of these cheques—saving them for High School and College days.

of the B of M to cash it and put some dollars aside, Gordon Oder, manager, warmly invites you to open a savings account for this best of purposes.

**DISTINGUISHED FLYING CROSS**  
 For "an act or acts of valour, courage, or devotion to duty performed whilst flying in active operations against the enemy"

During the Second World War, the Distinguished Flying Cross was awarded to 4,028 members of the Royal Canadian Air Force.

... exceptional fearlessness in the face of the enemy ...  
 ... outstanding courage and determination ...  
 4,028 citations—each one a tribute to service in the defence of freedom, by men of the R.C.A.F.

Today, in Canada's rapidly expanding Air Force, more young men are needed to train as Air Crew Officers—Navigation Officers, Radio Officers and Pilots.

To be eligible, you must be between 18 and 24—be a Canadian citizen or other British subject—be physically fit—and have Junior Matriculation or better.
