### 50TH ANNIVERSARY CELEBRATED 23 HALTON INSTITUTES REPRESENTED

Representatives of 20 Women's Institutes and 3 Junior Institutes in Halton celebrated their 50th Anniversary on May 22nd in Trafalgar Community Hall. Mrs. Clifton of Drumquinn Branch gave the address of welcome which was replied to by Mrs. E. L. Miller of Silverwood branch.

Mrs. Milton Brown, the District President, presided and introduced the convenors of standing committees. Mrs. R. L. Davidson reported on Agricultural and Canadian Industries; Mrs. E. Manning on Citizenship and Education; Mrs. E. Butkin on Home Economics and Health.

Mrs. V. Norris on "Historical Research and Current Events." Mrs. R. Dredge reported on "Community Activities and Public Relations and the Junior Convenor, Miss Larin Lawrence spoke on the work of the Junior Clubs. Mrs. E. Sanford reported on the Music Festival. Mrs. H. Hunt, the County Home Economist told of forming new groups of girls in the Junior Homemakers Clubs and there were reports of recent conferences in Guelph given by Mrs. Norris and Mrs. Dredge.

The theme for the day was "Have you lighted your candle" and Mrs. Brown's address was an inspiration to all.

Mrs. L. Guild of Rockwood, the Provincial Director, told of her belief that farm women are moving on, they are meeting more outdoors and proving themselves capable wherever they turn; she urged all to read most thoroughly the periodical, "Home and Country" and to obtain more knowledge of Women's Institute work through a small brochure put out by the Institute. The W.I. tent at the plowing match should be visited and every young mother urged to obtain a copy of "Canadian Mother" from the Dept. of National Welfare in Ottawa.

Mrs. Guild stressed the importance of keeping records and finding historical anecdotes and events from elderly people still with us who can remember these things. Each Institute is encouraged to keep a Tweedsmuir History of their district, not only the history as far back as it can be traced, but the current events which will become history.

A recent competition was held at Guelph and histories submitted were given as an example to those starting this work.

A Standards Committee has been set up for the Institute members as a guide in grading, pricing and marketing handicrafts and W. I. labels will be supplied for this purpose.

Mrs. Guild announced the five girls winning scholarships as follows: Provincial winner, Mary Kern, Caledonia; Western Division, Ann Hauser, Guelph; Northern Division, Barbara Rosser, North Bay; Eastern Division, Margaret Fenton, Innesville; Central Division, Christine Robb, Milliken.

Mrs. Guild conducted the election of the following officers: Hon. Pres., Mrs. F. Rhinehart, R.R. 3 Campbellville; President, Mrs. Milton Brown, R.R. 1 Norval; 1st Vice Pres., Mrs. J. L. Ellerby, R.R. 4, Acton; 2nd Vice Pres., Mrs. E. A. Manning, R.R. 1 Hornby; Sec'y Treas., Mrs.

C. Service, R.R. 3 Milton; Federation Rep., Mrs. Rhinehart, altern., Mrs. Ellerby; District Delegate, Mrs. E. G. Anderson, Burlington; alternate, Mrs. L. Crawford, Campbellville; Auditors, Mrs. W. Bailey, Milton, Mrs. C. Jervais, Milton; Rep. of Agriculture, Mrs. N. Brown; Convenors of Standing Committees: Agriculture and Can. Industries, Mrs. F. Chisholm, Hornby; Citizenship and Education, Mrs. Featherstone, Pizenan; R.R. 1; Community Activities and Public Relations, Mrs. G. R. Sommerville, Acton; R.R. 2; Historical Research and Current Events, Mrs. V. Norris, Milton; R.R. 2; Home Economics and Health, Mrs. E. Butkin, Georgetown, R.R. 1; Resolutions, Mrs. Peter McLean, Agawood R.R. 2; Junior Convenor, Miss Vera May, Hornby, R.R. 2; Music Festival Representative, Mrs. E. Sanford, Limhouse.

The roll call was answered by each branch standing and giving the name of their first President.

Mrs. Brown told of the work of the Federation of Agriculture and how closely the Women's Institute can work with other organizations such as Farm Forums, Medical Co-ops, the various marketing schemes and the recent Night School activities held in Milton. She led a discussion for the need of more dumping grounds and another hospital in Halton County.

A 50th Anniversary luncheon is to be held in Milton and all members were urged to attend the Achievement day Activities by the girls of the Junior Homemakers in Milton.

Hornby branch sponsored musical numbers, which were enjoyed by the gathering; Margaret Galbraith playing violin selections, Mrs. Ford sang and the girls' project group headed by Thelma Johnson put on a clever demonstration "Packing a week-end bag."

Canadian banks now hold \$4,700,000 in unclaimed bank balances awaiting proof of ownership.

Notice

Tenders will be received by the undersigned until Friday, June 8th at 2:30 p.m. for paving on Mill and Main Streets in the town of Acton, adjusting manholes and catchbasins and construction of cement curbs. Details of the proposed work are set forth in the form of tender available on application to the Town Clerk.

INFORMATION TO BIDDERS  
Tender for Asphalt Paving in the Town of Acton.

1. Tenders must be sealed, marked "Tender for Paving" and addressed to Mr. J. McFachie, Town Clerk and Treasurer, Acton, Ontario.

2. The closing date for tenders is 7:30 p.m. Friday, June 8th, and tenders will be opened the same night at the regular council meeting.

3. Requirements as to deposit cheque, bid and bond, maintenance bond and performance bond are given in the Form of Tender.

4. On sections of Mill Street where rolled concrete curb and gutter exist, the present road surface must be taken down from 2 1/2" to 3" along the curb and gutter before paving commences. Cost of same is to be included in Item 2, Section B—preparation of existing base.

5. New concrete curbing on Mill Street is without gutter, and must be constructed at least 20 days before paving commences in order for the concrete to develop its required strength prior to rolling operations.

6. Commencement of paving on Mill Street is necessarily deferred till the local Hydro forces remove the power and telephone poles on both sides of the street and replace them in the rear lanes. Underground cable must also be laid in the street sub-grade to serve street lighting poles before the roadway is paved. Lighting poles will be placed against buildings or in recesses back of the street line. It is not expected that this work will be completed before July 15th.

7. The sewer cut on Mill Street has been completed by concentrated traffic during the past winter and crushed stone has been added to the dome-sums as they develop so that a firm gravel base now exists throughout the sewer cut. It is intended to make any special provisions for increased flows of asphalt over the sewer cut but the contractor is still responsible for the proper and adequate use of any settlement in the sewer cut before any special provisions are made.

8. The sewer cut on Mill Street has been completed by concentrated traffic during the past winter and crushed stone has been added to the dome-sums as they develop so that a firm gravel base now exists throughout the sewer cut. It is intended to make any special provisions for increased flows of asphalt over the sewer cut but the contractor is still responsible for the proper and adequate use of any settlement in the sewer cut before any special provisions are made.

9. This contract will be under the direction and supervision of Frederick V. Anderson, Consulting Engineer. A recognized Inspection Agency may be employed by the Town to check the aggregates and asphalt and design mixes used by the contractor. This agency will also submit a design mix for 3000 lb. concrete and mention the strength of test cylinders taken of the concrete used in curbs.

The lowest or any tender not necessarily accepted.

J. McFACHIE, Clerk  
Acton, June 1st, 1951

HERE'S THE REFRIGERATOR MADE FOR ONCE-A-WEEK SHOPPING!

Plenty of space and the right kind of cold for keeping foods safe from one shopping trip to the next.

**SUPER-FREEZER COLD**  
Near zero cold for 41 lbs. frozen foods in the Super-Freezer Chest.

**SUPER-SAFE COLD**

### LEAVING SCHOOL THIS YEAR?

There are Fine Opportunities in Banking For Young Men with an Eye to the Future

If you're leaving school this year, put your best foot forward! And promotion depends on merit alone. The young banker earns well while he's learning a specialized, highly regarded profession. And he travels, too, getting to know many different sections of this country. Pension rights and group life, health and accident insurance, are benefits that every B of M officer enjoys, as well as real job security. These are important advantages, added to the fact that bank salaries have risen substantially in recent years. If you are interested in the prospect of a career with the Bank of Montreal, Gordon Ode, manager of the B of M branch at Acton, will be very glad to talk the idea over with you. Drop in and see him soon.

### Turkey Steaks Are Proving Popular

With wars and rumours of wars threatening on the international front, here's good news for the housewife on the home front—the disagreeable job of "cleaning the chicken" is on the way out. With the increasing use of eviscerated and ready-to-cook poultry in Canadian homes another housewife's chore will be struck off the list. Today in many Canadian communities the consumer has the choice of buying an attractively dressed whole fowl, a half, a quarter, a leg—and if she likes, she can leave the work for those who want them. Turkey steaks have caught on and are proving popular on some markets. Because of its better flavour and quality and the elimination of much unpleasant kitchen labour, ready-to-cook and eviscerated poultry is finding increasing favour from coast to coast. To maintain an optimum balance between production and consumption, poultry producers realize that not only must the product be attractively presented, it must have the highest quality and flavour possible. E. N. Bonnyman, poultry marketing specialist in the Department of Agriculture at Ottawa says that while it is important to produce a bird with good flavour, it is equally important to retain that flavour right up to the time it reaches the consumer's table. Research work has shown that one of the best ways to achieve this and avoid "off" flavours and visceral taint, is to remove the entrails soon after the bird is killed. This of course must be combined with up-to-date and approved processing practices such as are followed in the registered grading station program in Canada, where carcasses are placed on sanitation. When everyone is interested in cutting down costs, Mr. Bonnyman points out that when cutting-up and evisceration is practised at the initial shipping point, a considerable saving is made in freight as the eviscerating shrink has been estimated to be about 22 to 25 per cent. On long hauls this saving in freight has been found to approximate a cent a pound. Considered in terms of the millions of pounds shipped in Canada every year, it is readily seen what an effect this would have on the whole poultry meat industry. And if this saving in shipping might be passed on to the consumer, then it is conceivable that the present 23 pounds annually consumed per capita might be increased to the benefit of all concerned.

FOR A HOME OF Enduring Beauty

Any style of architecture in either a large or small home will be a credit to your community when you use SCHELL materials.

A SCHELL-built home is more comfortable and healthier to live in, with cool airy rooms in summer and dry warm rooms in winter. Every measure of fire and storm safety exists in a SCHELL constructed home and the high resale value is a ready asset. Build your home with SCHELL materials.
