Commission Hires Waterworks Aid

(Continued from Page One)

A letter from the Department of Highways stated that they have ladder trucks but all are in service. This was in answer to an inquiry for a ladder, mounted on a truck, to replace the new street lights on Mill St.

A letter from the Workmen's Compensation Board stated a hearing of D. Mason's case would be held on Thursday morning. Secretary McGeeachie was delegated to attend along with Mr. Mason as no member of the Commission could arrange to be present.

A customer whose services had been renewed under Mill St. to the meter, protested the charge of \$2.02. Commission felt it was for his benefit and as all other properties have been billed for this renewing service, he should pay the same as the rest. These amounts vary according to the length of pipe and the time taken for the job.

Superintendent Lambert reported that a three-inch compound meter had been ordered for the new school at a cost of \$371 plus tax.

Superintendent Lambert reported that a leak in Mr. Talbot's water service had been repaired. The leak developed at the main cock.

The H.E.P.C. has moved their telephone line on the poles on No. 7 Highway. The local hydro has installed services to two customers on this road.

An extension is to be placed on the light standard at the Y.M.C.A. The pole is to be raised 4 1/2 inches to bring it flush with the new sidewalk being laid.

Employees asked the Commission to consider increasing salaries. This matter is to be taken up and an answer to be given at the next meeting.

Employees asked if it mattered to the Commission if the Sick Benefit insurance were changed from one company to another. The Commission felt it was up to the employees to decide what policy they wanted to carry.

WATERDOWN'S NICHOLSON CLASHES WITH HALTON BASEBALL'S TOP BRASS

As a result of a meeting of the Halton County Baseball Association on Monday evening, Acton Intermediates will meet Waterdown in a best of three series to decide which club will play Milton in the Int. "C" finals. The first game is scheduled for Acton tonight (Thursday) at 5.45 with the second at Waterdown on Saturday afternoon. If a third game is necessary the venue will be determined following Saturday's game.

The decision to play the series came as a surprise to most baseball observers who were under the impression Acton would meet Milton in the finals. However, an aroused Waterdown executive headed by Mr. Nicholson, who needs no introduction to those familiar with the mper and more subtle issues of baseball, put up a terrific holler for the benefit of league officials.

How, said Mr. Nicholson, can Acton be playing off with Milton when we had as many points (10) and played two games less, or words to that effect. Acton won more games than Waterdown but three ties enabled the Merchants to pull even if ties were counted. Most baseball standings are compiled on percentage points, which would put Acton in front.

The embarrassed league officials under Nicholson's heavy fire retreated and agreed to a series with

Waterdown Beaten By Acton Bantams

In their last scheduled game at home, Acton Bantams defeated Waterdown 11-7 at the park last Saturday. Ross Morton started pitching for Acton but was relieved by Cunningham in the third after Waterdown had tallied five runs.

Cunningham went along well till the seventh when he was greeted by home runs by the first two batters. That was enough for him and Morton came back to retire the side.

Acton boys scored one in the first, one in the second and in the third, on 5 walks and some smart hitting by Skilling and Lawson, scored seven times. They marked up one in the fourth and one in the sixth.
