—Just six weeks until Fall Fair and 131 days until Christmas.

—Holidays have interfered with the writing of the Farm News column this week. It will appear again next Thursday, however.

—Pictures taken years ago, on display in the Free Press window again this week, are bringing more surprised glances from passers-by.

—Successful in passing all his upper school examinations at the Guelph Collegiate was Leno Braida of Acton. He received four firsts, four seconds and one credit.

—Highway workmen were blasting just south of town this week. Guard rails were being erected on some lanes and it was necessary to blast the rock to put in the posts.

—Acton Brownies played a game with Haldonville this week, and, with players to spare, filled up the ranks of the Haldonville girls as well. The Acton group won the game.

—It is certainly interesting to walk down Mill St. these days with all the changes and repairs underway. Thoughts of its appearance in the near future add interest.

—Among the important people who are expected to visit Acton in the near future are Princess Elizabeth and Prince Philip, reports show. And with Acton, England, so near Buckingham Palace in London, too.

—H. Dolmar and family were evicted from their Main St. home on Wednesday. The County Sheriff removed the furniture and piled it on the boulevard. Mayor Tyler granted permission for the tenants to store their furniture in the arena temporarily. Mrs. Dolmar and their five children are holidaying near Dundalk.

## Council Will Not Take Bridge Blame

Esquering Township Council will not be responsible for any accident that might result from the non-repair of the Hampshire culvert on lots 10 and 11, concession 3, members decided at their regular meeting on Tuesday, August 7.

The road superintendent was instructed to write to the Canadian National Railway that the township would not be responsible for repairs of the culvert.

The road superintendent was instructed to call for tenders for a motor grader.

A by-law was passed extending the time for returning the 1952 assessment roll from October 1 to November 30, 1951.

Interest accrued from the railway bonus fund will be distributed among the different school sections in the township entitled to it, it was decided.

The school sections and school areas of the township were ordered assessed by by-law.

Permission was granted the reeve and treasurer to borrow \$20,000 to meet the current expenditure of the township. It was decided that the voters' list should be made up alphabetically as in former years.

The following accounts were passed for payment: Bell Telephone Co., \$885; Geo. MacDonald and Co., \$55.92; Bursar, Ontario Hospital, Woodstock, \$46.00; Dept. of Health of Ont., \$3.03; A. W. Benton \$21.00; A. W. Benton, \$4.

Relief accounts as presented by the relief officer, amounting to \$112.52 were passed for payment.

Sheep claims were ordered paid as follows: H. L. Bell, \$50; Walter Lawson \$80.00; A. N. Stark, valuator, \$12.00.

Claims for foxes destroyed in Esquering were as follows: Fred Brooks, Limehouse, \$5.00; Gerald McLeod, Acton, \$15.00; L. A. Cox, Georgetown, \$5.00.

The treasurer was instructed to pay the road accounts of \$14,352.19 as presented by the road superintendent.

Reeve George Currie presided at the meeting with deputy-reeve George Leslie, councillors H. Craig Reid, Wilfred Bird and Walter Linham present.

A special meeting of council was held on Wednesday, July 11 when council recommended to the North Haldon High School District Board that they hold off any building program until such time as the new county system of assessment is stabilized.

—A jackpot of \$750 was lost by Mrs. George Fountain, Main St., on Tuesday morning when she could not give the correct answer to a question asked on a radio broadcast to which she listened regularly.

—Advice passed on to those whose holidays are yet to come—Decide how much clothing and how much money you'll need, then to guarantee a good time take half the clothing and twice the money.

—Monday morning's mail to the editor brought five identical mimeographed articles on "White L. curtain Clouds" in a species of fish which will be shown at the C.N.E. They certainly must think a lot of those fish if every newspaper editor was similarly informed—with 20 cents postage.

—Just a word to the wise... don't give in to the sight of that brand new cement on Mill St. A "king for a day" was just this week charged somewhere in the States with marking his name and prints for posterity in wet cement. He got a jail sentence which, incidentally, he chose to serve in 15 week-ends.

—Among the most attentive at the Old Time Fiddlers Contest held in Shelburne last Saturday were Charles Landsborough and Charles Mason of Acton, who acted as play-down judicial board members for the contest. A. Wingham, radio artist, Mel Lavigne, won the contest and no really "old time" fiddlers even placed!

—The honey producers of Ontario are now busy harvesting a good crop of excellent quality honey. states Professor G. F. Townsend, Head of the Apiculture Department, O.A.C. "The honey is of the best quality that Ontario has produced for the past ten years." For the first time, all honey now being marketed commercially must comply with government grades. Flavors vary from mild (white) to strong (dark), so that honey may now be purchased according to personal preference.
