### WED DRIVE CAREFULLY IF SEEKING RUTHLESS KILLER IN COUNTY

Can you imagine the preparation and caution in safe driving that would take place if the news spread around that a ruthless killer was at large in Halton? On the basis of experience to date, carelessness in traffic will kill at least 19 people in Ontario over the Labor Day week-end and perhaps more. 300 men, women and children will be injured, many of them permanently. What precautions will YOU take to protect yourself and your fellow citizens on the roads and streets?

New motor cars are equipped today with up-to-the-minute safety devices. The most modern thinking in safe road construction is being incorporated into our good roads program. Ontario has the finest system of highways in Canada.

The man chiefly responsible for all this, the Honourable George H. Doucet, Minister of Highways, takes the time to give leadership to the safety movement. Every motorist should heed the Minister's plea to take extra precautions to reduce the accident toll on Labour Day week-end.

Remember the weak link in the chain of motor accident prevention is the individual driver.

### Wee Bride, Groom Make Presentation

The Mission Circle of the Baptist Church met Monday evening, August 27, at the home of Mrs. Lorna Garner. The president, Mrs. Stanley Cripps, conducted a brief devotional period and the business. Mrs. D. Cohen had charge of an amusing contest with Mrs. T. McCutcheon the winner.

Following the reading of an address, a tiny bride and groom, Joanne Landsborough and David Chapman, presented bride-to-be Helen West, who was seated in a bride's chair, with a gaily decorated wheelbarrow loaded with gifts for her linen shelves. She replied fittingly, thanking her friends for their thoughtfulness.

Miss Bernice Connor, who is leaving to take a position in Toronto, was then presented with a double strand of pearls by Mrs. Wilma Chapman, after an address was read by Mrs. S. Cripps. She expressed her thanks in a few well chosen words.

Mrs. H. Helwig and Mrs. G. Wagner served a delightful lunch bringing to a close a very pleasant evening.

### ROCKWOOD John R. Richardson Has 86th Birthday

Congratulations to John R. Richardson who celebrated his 86th birthday on August 4th. Those present for the occasion were Mr. and Mrs. R. B. Richardson, Mr. and Mrs. Robt. Richan, all of Vineland, Mr. and Mrs. E. J. Eckel of Hamilton, Mrs. Jas. Hillis, Guelph, Mr. and Mrs. Douglas McCracken and baby Lyn of Windsor.

Sunday, Mr. and Mrs. A. J. Elliot received word from Toronto, that their nephew James (Jimmie) Gray passed away suddenly Saturday evening. He had been working as usual during the week-end. The sympathy of the community goes out to his father, John Gray, who is a former Rockwood boy. Funeral takes place this Wednesday.

In connection with service at St. John's Church the previous Sunday Rev. D. L. Greene, who was present and officiated at his son's wedding, conducted service Sunday morning, and also officiated during the Holy Communion.

Some time Sunday afternoon, some young people indulged in destructive pranks, breaking a number of light bulbs along Valley Road. In dull weather, at night, those who reside on Valley Road are much inconvenienced as a result of such actions on the part of those who carry out such doings.

Since the tennis court adjoining Main St., opposite the Post Office has been put in good condition, several of the young people are enjoying the game at times during the day and also evenings when the lights are on.

Miss Minnie E. Nickell of Toronto was home for the week-end.

Reg. Micks who has been at Barrie on Hydro work, is in town at present, and his wife, who resides at Bronte, is also here at the home of her parents, Mr. and Mrs. Geo. Bolton.

Mrs. Margaret Clark's sale of household effects Saturday afternoon was well attended, and disposed of.

For better health the daily diet should contain some whole grain products, particularly cereals and bread. Cereals, hot or cold—made from wheat, oats, corn and barley, as well as whole wheat bread, contain the needed B vitamins, some protein and minerals.
