Enjoy Warm Home Even If Short Of Fuel-Supply Cash

Coal Loans Available at B of M. There's comfort in the thought of having a full coal-bin well before the snow flies... and you get rid of that annoying chance of being stranded, without heat through forgetfulness. Because of the high cost of living, you—like many other Canadians—may find you haven't the ready cash to lay in a full winter's supply of coal.

It's the smart thing to do— it's easy, too. Simply see Gordon Oder, Bank of Montreal manager at Acton, about an economical loan to cover your fuel-money. Anyone in a position to repay can borrow at the B of M.

You can arrange repayment in easy instalments. Interest comes to 27 cents a month for each \$100 borrowed, if repaid in 12 equal monthly instalments (equal to 6 per cent interest per annum). There is no other charge. Whether your loan amounts to more or less than \$100, this small cost remains proportionately the same.

Make sure of keeping your family warm in a snug, cheerful home next winter. Visit Mr. Oder today, while the matter's fresh in your mind.

'NO SQUIRREL,' frowned Sammy. 'But we still need to save for the same reasons we always have. We've got to keep adding to our bank account, paying our life insurance and buying savings bonds. Or leave town.' 'Leave town?' gasped Sophie. 'For heaven's sake why?' 'Because,' said Sammy, 'everybody thinks squirrels are savers. So if people find out we're not saving they'll say we're not squirrels! We'll be exiled. Banished.' 'Oh, dear!' exclaimed Sophie. 'I never thought of that. I'm sorry, Sammy. From now on I'll really try to save every way I can. O.K.?' 'O.K.!' said Sammy. 'NOTE TO FATHERS: Those days are vitally important for everyone to save money to help check inflation—and to provide for his own future needs.'

NOTE TO FATHERS: Remember! Life insurance is your most important form of saving because it provides financial security for your family. So pay your premiums regularly. Add new life insurance as you need it.
