AUCTION SALE
Milton Livestock Market
EVERY THURSDAY AT 1 P.M.
 NO. 25 HIGHWAY 1/2 MILE SOUTH OF MILTON
 (Watch for Sign)

Farmers and livestock dealers are cordially invited to consign their livestock to this market. Highest prices assured, horses, springer cows, fresh cows, canners, cutters, fat cows, sheep, piglets, etc. Also, hogs, ducks, chickens, turkeys, geese, and all kinds of poultry. Comfortable and sanitary inside accommodation. Lots of parking space, efficient and experienced staff. The management has had many years experience at this type of sale. Plenty of waiting buyers. No sale—no commission.

Consignments of livestock should be stalled as early as possible morning of sale.

Orchards, Gardens Attacked by Fungi

Orchard and garden crops need protection not only against insects but also against fungus diseases such as blight, mildew and mould. The variety of fungi injurious to crops has been enlarged in recent years and in addition to new discoveries improvements have been effected in the forms of the older materials.

Sulphur, recognized for more than a hundred years as an effective fungicide, is still used for that purpose and more efficiently than in the past because of the greater fineness to which it is now reduced.

Lime sulphur dates back to more than fifty years ago. Since early in this century it has been widely used against apple scab, and has the advantage of being economical.

Another fungicide with fifty years or more of extensive use is Bordeaux mixture, a combination of copper sulphate and lime, first developed and used in France to control downy mildew of grapes.

The so-called "Fixed" coppers, represented by basic copper sulphate, copper oxychloride and cuprous oxide, are of more recent introduction in the fungicide field.

During the past ten years a class of organic fungicide, the dithiocarbamates, have proved useful as supplements or alternatives to the sulphur and coppers. Four products of this class are known by the convenient names Ferbam, Nabam, Ziram and Zineb, which indicate the mass compounds of iron, sodium and zinc. The last three are used more particularly on vegetable crops.

Fungicides are among the products required to be registered under the Pest Control Products Act, administered by the Plant Products Division, Canada Department of Agriculture.

Because pigs, especially white ones, can get sunburned, agricultural authorities recommend the use of sunburn lotion on them.

CLEARING AUCTION SALE
 Of Implements and Dairy Equipment, Real Estate, Hay Etc. for

ALEX. B. PETRIE
 On Highway No. 7, 3 miles East of Acton, 4 miles west of Georgetown
WEDNESDAY, OCTOBER 10, 1951
 at 1 o'clock

Provincial Police for Milton
 Milton Council decided at a special meeting that Provincial Police would be engaged to police the county town... new roads in Milton were complete as promised for fair day and much of the new sidewalk was laid on Main Street.

Appeal the Assessment
 Georgetown has also decided to enter an appeal against the county assessment claiming that the town is unfairly assessed in comparison with other communities in the northern part of the county. Georgetown's two professional hockey players, Bob Goldham and Joe Schertzi, have reported for fall training... the annual picnic of Smith and Stone was held on Sunday at Erin... All 70 of the wartime houses in Georgetown have been sold and \$14,000 will come to the town coffers in a lump sum as a result of the transaction.

Police Salary in Doubt
 A raise of \$250 for Oakville's Chief of Police was sidetracked again according to 'The Journal'... Ontario's oldest practicing lawyers, marked his 82nd birthday on Sunday... Advice has been received that a stop of the Royal Train cannot be made at Oakville... 150 parents of pupils of the high school attended the parents' night held last week.

Guard of Honor Shoes
 Erin Shoe Co. will manufacture shoes for the Guard of Honor for Princess Elizabeth and the Duke of Edinburgh... Erin Business Men's Association had as guest speaker, Clarence Lagner, director of dairy... been appointed Senior Nurse of the Wellington County Health Unit.

More Land Solution
 Rapid expansion without industry would only lead to financial disaster and Burlington was fast approaching that point was the opinion of P. H. Deacon, planning consultant in addressing Burlington council. The solution was annexation of more land to secure industrial sites... Tentative approval was given by the Municipal Board for an addition to the East End School.

Obituary
Died Suddenly On Visit To Alliston
 Samuel James Reid, resident of Acton for the past thirty-six years, died suddenly at Alliston on September 25th just a few weeks after the passing of his wife. Mr. Reid was a native of Alliston.

Surviving are two sons, Richard (Austin) of Stratford, and J. H. (Jack) of Toronto, and one daughter, Bernice, of Guelph. One brother, Joshua Reid, and two sisters, Edith, all of Alliston, also remain.

Mr. Reid was a member of Acton United Church and took a keen and active interest in church matters. The funeral service on Friday afternoon at the Victor B. Rumley Funeral Home was conducted by his minister, Rev. E. Curry. Interment was in Fairview Cemetery, Acton.

Pallbearers were the two sons, Richard (Austin) and J. H. (Jack) and four nephews, Dalton Chantler, Walter Chantler, Clarence Reid and Edward Murray.

Entertain with Cheese

Here's hospitality! An exciting variety of cheese and crisp crackers makes your parties a success. There's a Canadian cheese to suit every taste, the low-mild or sharp to satisfy. Nowadays nutritious cheese is a better-than-ever buy for food value and enjoyment.

Counter clockwise, these Canadian-made cheeses are: mild-flavoured Gouda; nut-sweet Swiss; smooth processed cheese; sharp, salty Blue; richly mellow Cheddar, yellow and white; firm, richly-skinned Eclair; and delicate Oka.

For our interesting tested cheese recipes write: **DAIRY FOODS SERVICE BUREAU**, 200 Huron Street, Toronto

Here are some car features that you'll quickly recognize as "quality-features". They're the kind of features you'd expect only in high-priced cars. Now let's see who offers these features as standard equipment, among the cars in Plymouth's price class!

Here are Plymouth's "yes" or "no" answers on value in the lowest-priced field

This is only the beginning of the Plymouth Value story! Your Plymouth dealer has the new Quality Chart showing many more of Plymouth's big-car Quality Features. Let him show you how Plymouth gives you 19 out of 20 of these big-car features while car "A" gives you 11—and, car "B" only 5! He'll show you what these features mean in extra Comfort, Safety and Performance. And, as a final test—he'll ask you to drive Plymouth! Then, you'll find Plymouth rides like a big car because it's big-car-built—to serve you better!

VALUE FEATURE	PLYMOUTH CRANBROOK	CAR 'A'	CAR 'B'
SAFETY RIM WHEELS Hold tires firmly on rim in case of blowouts. A valued safety feature.	yes	no	no
CHAIN HEIGHT SEATS At least 15 1/2" high for erect, natural posture and full support.	yes	no	no
OIL FILTER Filters abrasives out of oil—an important contribution to Plymouth's long engine life.	yes	no	no
ELECTRIC WINDSHIELD WIPERS Unlike the vacuum type, they don't slow down when you step on the gas.	yes	no	no
SPLASH PROOF IGNITION SHIELDING Assures quick, sure starts in damp weather—avoids stalling on flooded streets.	yes	no	no
IGNITION KEY STARTING WITH AUTOMATIC CHOKE Eliminates over-choking. Just turn the key—the engine starts.	yes	no	no
SIX CYLINDER BRAKES Two extra hydraulic cylinders at the front wheels give you better, more certain control.	yes	no	no
FLOATING OIL INTAKE Floats just below the surface of oil in crankcase, so draws only the cleanest oil.	yes	no	no
CHAINCAMSHAFT DRIVE Has more contact area than the direct gear-type, so wears less and runs quieter.	yes	no	no
FLOATING POWER A way of mounting the engine so it's balanced and cushioned for extra smoothness.	yes	no	no
DILUTE FUEL FILTER Keeps water & dirt out of fuel lines. Self-cleaning.	yes	no	no
INDEPENDENT PARKING BRAKE A separate system from the service brakes—gives you an extra margin of safety.	yes	no	no
