Final '51 County Session O.K.s Urban Road Grants

Legislation to provide road grants to the different urban municipalities was approved by Halton County Council at its final session of 1951 held at the county buildings, last Tuesday afternoon. The grant amounting to \$10,128.50 was appropriated to be divided among the five municipalities. The Town of Milton will receive \$1,461.99 while Acton's share will be \$1,021.52. Oakville will receive \$3,369.14; Georgetown, \$1,377.64 and Burlington, \$2,098.21. Council at a previous meeting approved of percentages to be appropriated in connection with the road levy.

Warden K. Y. Dick welcomed two representatives from the Ford Motor Co. of Canada, F. G. Batters, secretary and George Mains, chief engineer, who were present to seek the county's permission to erect a temporary railway crossing across County Road No. 3. On motion presented by Reeves George Currie and J. M. Wickson, which council unanimously endorsed, permission was granted. The resolution also stated a permanent grade separation will be undertaken within two years, at about 400 feet east of the temporary crossing.

Roy F. Smith, county engineer explained to council this crossing would be over a siding, while Mr. Batters and Mr. Mains told council only slow moving freights would be using the line. Both representatives, in answer to questions made by members, assured them every safety precaution would be maintained. They expressed their appreciation to council for granting them permission to construct the crossing as it will be required to bring in heavy building materials as well.

Letters of acknowledgment were received from the Board of Transport Commissioners in connection with council's resolutions seeking subways at the Guelph line, east of Burlington and also at the second line at Acton. The communication advised, council's request was being presented to the proper authorities for inspections to be made of both crossings in the near future.

Council adopted the building committee's report to grant the Halton Law Society permission to use a room in the county buildings as a law library, providing suitable quarters could be found for the governor's residence. Council also left the matter of obtaining estimates on the cost of building a new residence for the 1952 council to consider.

For land required on the location of County Road No. 3 at lot 1, con. 7, council approved of paying E. F. Ford \$250, S. Sharp \$85 and A. G. MacNabb \$500 for the land purchased.

It was agreed to reimburse Nassagaweya Township \$720.30 as the cost of raising and repairing concession 6 at the beaver dam. Reeve William G. Marshall, chairman of the assessment committee, reported it cost the county \$809.30 to operate the county court of revision for the present year.

Pointing out the intersection at the Queen Elizabeth Highway and sixth line, Trafalgar, was very dangerous and that another fatality occurred there on Monday evening, Deputy-reeve E. R. Lauder and Reeve J. M. Wickson sponsored a resolution to have the Department of Highways instal a traffic light at this intersection and that they also provide a service road on the north side of the Highway at this point. As the resolution was approved, Mr. Lauder advised that both Trafalgar and Oakville councils would be making a similar request.

A number of appointments were made, chiefly to the different high school area boards in the county. New appointments were: C. E. Wood, Acton, to the North Halton High School Area Board; N. L. Pickett, Milton, to the North Halton High School Area Board; Ross Segsworth, Freeman, to the Burlington-Nelson High School Area Board; G. F. Cleave, Georgetown, to the North Halton High School Area Board; James Marshall, Milton, to the Oakville-Trafalgar High School Area Board. All appointments were for 1952.

Dewart Flemming, Trafalgar, was appointed to the county court of revision, replacing William Anderson who resigned from that position.

Grants of \$500 were made to each of the North Halton High School Area Board and the Oakville-Trafalgar High School Area Board as the statutory grant for agricultural purposes.

Members also gave their assent to a resolution to empower the warden and clerk to enter into an agreement with the Town of Milton for the use of the county jail as a Milton lock-up. Warden Dick explained the town has been billed annually for their use of the jail and the resolution was confirming other agreements.

In connection with the purchase of certain lands for reforestation purposes, council issued instructions that the land should not be purchased unless an absolutely clear deed was obtainable.

When Warden Dick was asked to vacate the chair, Reeve George Currie, as the most senior member, accepted the chair. A resolution was heartily endorsed by members, sponsored by Reeves H. Allen and Howard Litchfield, that this council thank Warden Dick for his courteous and impartial manner with which he presided over county council meetings during the past year.

Reeve Currie extended council's thanks to the Warden, adding that 18 years ago he had retired as warden of the county. He further stated Warden Dick at all times had the interest of the county's welfare in his heart during the year.

During his closing remarks of appreciation to members for their cooperation during 1951, Warden Dick presented each member with a group photograph of members of the 1951 council.

A resolution of regret was approved when Reeve George Thorpe of Nelson was unable to be present. The clerk was instructed to write Mr. Thorpe expressing council's wish for a speedy recovery from his illness.

Council adjourned to attend the warden's dinner which followed at the Milton Inn.

WOULD YOUR FARM BENEFIT FROM A FARM IMPROVEMENT LOAN ?

Good machinery helps farmers increase production and cut costs. Thousands of farmers across Canada are installing such machinery to-day—often aided by a Farm Improvement Loan. Tractors, trucks and combines may be financed through Farm Improvement Loans. So can the improvement of farm-houses, and out-buildings, clearing of land, purchase of livestock, and the installation of electricity and drainage systems.

low cost, too—five per cent simple interest -- and repayment can be made in easy instalments according to seasonal income.

If you feel that your farm would benefit from a Farm Improvement Loan, why not drop into the Bank of Montreal at Acton, and have a chat with Gordon Oder, the manager? He'll welcome the opportunity to discuss, in confidence, your particular plans and needs, and work out how an FIL and the B of M can help you with your farm financing.

Exchange of Gifts At Christmas Meet

Christmas decorations gave a festive appearance and the exchange of Christmas gifts and carol singing brought the gay spirit of the coming holiday season to the December meeting of Greenock Women's Institute, held at the home of Mrs. Ralph McKeown.

With the president, Mrs. Thomas Hensley, in charge, the meeting opened with singing "O Come All Ye Faithful" and the Lord's Prayer in unison.

Mrs. Charles Blinnie read the Christmas story for the Scripture reading.

The 20 members present answered the roll call with a "A childhood Christmas Memory".

With donations contributed by the members a Christmas grocery hamper is to be packed for a needy family.

Mrs. Hugh Reid presented the report on the District Directors' meeting held in Guelph, when the contests for program, baking and sewing were arranged for the District Annual next year.

The program was in charge of Miss Elva Pearen and included carol singing by the members. A reading, "A Christmas Memory" was given by Miss Elva Pearen. The Christmas topic, given by Mrs. Chester Allan, was "Canadian Christmas — Love, Hope, Kindness and Peace". A reading, "Santa Claus and the Mistletoe Old Tricks" was given by Mrs. Elliott Patterson.

Mrs. Robert Allan and Mrs. Ralph McKeown won a Christmas carol contest conducted by Miss Pearen.

Following an exchange of gifts with candy for the children, a Christmas lunch was served by the hostess and lunch committee.

The pelt of the beaver—Canada's national emblem—was once a form of currency in Canada.

Poet's Corner THE CHRISTMAS BABE

Twins long ago in Bethlehem,
 A star lit up the sky
 To show the way to three wise men
 And Shepherds standing by.

To show the way to a manger bed
 A baby to behold,
 Asleep within a cattle shed—
 Small shelter from the cold.

Thus came our Saviour to the earth
 Placed in a woman's care.
 We celebrate His wondrous birth
 At this time every year.

—By Peggy Gould

NOTICE

Attention of citizens is drawn to the following paragraph from the Dog By-Law:

4. (5a) Every person who permits his dog to run at large between sundown on Sunday afternoon and sundown on Monday afternoon, and between sundown on Wednesday afternoon and sundown on Thursday afternoon shall be liable to a fine not exceeding the sum of TEN DOLLARS (\$10.00) at the discretion of the Justice of the Peace and any dog so found to treatment as in the preceding clause.

Citizens are also requested not to put hot ashes out for collection because of the serious damage that may result.

J. McGEACHIE, Clerk.
