Early sow Early sow

"Now I've caught up with Grandma!"

Grandma was one of those unforgettable characters you read about. And every time I think of her, I remember one of her favorite sayings: "Early sow — Early mow."
 Many years have passed since Grandma died. But just the other day something happened to remind me of that old motto of hers. I was working over my budget, trying not to admit what the figures told me. My savings had slipped. At this rate, it was a cinch that some of the things I'd started to save for would have to wait. Suddenly I remembered "Early sow."
 "Old-fashioned stuff!" I told myself. Then I got to thinking. "Maybe it is tough to save today. But it's still important. It's still my only hope of getting some of the things I want most."
 "Well, at least I'm keeping up my life insurance payments," I thought. "That's a way of saving which combines protection for my family as well. And maybe if I make an extra effort to put more money aside I'll reach my goals sooner."
 "So here goes!" I'll try again. I'll find some new ways to economize. Somehow I'm sure I can manage to be more thrifty.
 And you know — it's a funny thing! The moment I made that decision, I realized that Grandma's idea was not old-fashioned. I've just caught up with her now!

THE LIFE INSURANCE COMPANIES IN CANADA and their representatives

HALTON COUNTY FEDERATION OF AGRICULTURE HOLD ANNUAL MEET

The Halton County Federation of Agriculture Annual Meeting was held in the Town Hall, Milton, last Tuesday. The president, Milton J. Brown in his address reviewed the successful progress of the Hospitalization Plans, Co-op Insurance and the Halton Community Park. He also reported on the proposed Surgical Plan to apply in conjunction with the Hospitalization Plans.

Mrs. Roy Ellenton, county secretary of Halton Farm Forums, reported for the Forums stating that Halton had some twenty active Forums reporting this Fall and reviewed the success of the Folk School held in Halton County last year. Judging from the many expressions of the students and their activities in their communities, it would indicate that another school should be held this coming season.

Carl Parr, manager of the Milton District Co-operative addressed the gathering pointing out that although we have many active groups in the County, all have the same objective, to improve the conditions of the farmer economically and socially, all of which leads to a better way of life for our farm people. He also spoke of the immense growth of the Co-operative Business in Ontario, also in Halton County where he said the volume had increased this year to the extent of making the net earnings more than double that of last year, and was very pleased to report that the Georgetown plant was also increasing the business there very successfully.

Ray Hergett spoke briefly in the gathering emphasizing the importance of having an organization on the job to cope with the problems when the time arrives.

Mr. Jack Bradrick, president of the Ontario Federation of Agriculture was the guest speaker, who told of many pleasant and interesting activities he had the privilege of participating in as president of the Ontario Federation, Provincial, Nationally and Inter-Nationally and particularly mentioned his trip to Mexico where he had gleaned a picture of a nation attempting to lift itself from Feudalism.

He spoke of Canada's potential, as an exporting nation and quoted the Minister of Agriculture, Jas. Gardiner as saying "that the farmers of Canada have one of the greatest weapons for peace of any nation in the world."

The speaker said that Governments were not going to continue in the marketing field but were providing machinery to make it possible for farmers to do the job themselves and he stressed the fact that Canada cannot afford to be without an effective organization to look after their interests both at home and in the export field.

Rev. R. Armstrong Installs Officers

The Christmas meeting of the Senior Auxiliary W.M.S. was held in the classroom of Knox Presbyterian Church. The Devotions were taken by Mrs. E. W. Smith, Mrs. John Allison and Miss Nellie Anderson. They followed the December Glad Tidings worship service, which brought out the spirit of Christmas.

A solo by Mrs. J. Davidson and a talk by Mrs. Hassard were greatly enjoyed before the annual reports were read and the officers for 1952 were installed by the Rev. R. H. Armstrong, using the regular W.M.S. order of service.

All were pleased to have Mrs. Anderson back as well as several from the Home Helpers.

An hour of fellowship followed.

A jolly good way to remember your friends and relatives this Christmas is to send gift subscriptions to the Free Press. They are easy to order. They last all year and the cost is small compared to the pleasure given. Each gift will be announced in your name with a beautiful card in full, rich colors, mailed to arrive just before Christmas or given to you for mailing at the office.

DO IT BY Calling at the office or Writing the Acton Free Press at 56 Mill St., Acton, and enclosing the \$2.50 for a year's subscription to your home town newspaper.

BEGINNING OF END

Love begins when you sink into his arms—and ends with your arms in the sink.

J. E. Whitehead in his usual able manner complimented the Federation of Agriculture for the work they were doing and the Junior Farmers for the wonderful job they were doing and stated the Junior Farmers were prepared to take on responsibility. He then referred to the present condition in Canada mentioning the recent slump in the prices of poultry, meat, eggs and hogs, reviewing the marketings of hogs for the past several months it appeared to him that the packers were not going to be caught with their coats full of high priced pork. He felt that surely the farmers have the brains to set up some sort of an organization to take care of the surplus.

David Pelletier, president of the Junior Farmers brought greetings and assured the Federation of Agriculture they stood ready to help in any way possible.

The 1952 executive elected were: President, M. J. Brown; Vice Presidents, A. R. Servier, Clarence Ford, Bert Davidson, M. A. Campbell; R. S. Hedderington, Sec. Treas.; Provincial Director, M. J. Brown.

BY-LAW No. 932

A By-law to authorize the imposition upon Owners or occupants of land who derive or will or may derive a benefit from the construction of a sewerage disposal system, as authorized by By-law No. 892, a sewer rate sufficient to pay one-half the cost of the work.

WHEREAS a sewerage disposal system, including a disposal plant, has been constructed under the authority of By-law No. 892, and

AND WHEREAS the said By-law provides that one-half of the cost thereof shall be collected by a sewer rate,

AND WHEREAS Sec. 389 subsections 2, 5 and 6 of the Municipal Act, 1890, R.S.O. Chapter 243 authorizes the passing of this By-law with the approval of the Municipal Council, to establish a sewer rate structure upon which sewer rates shall be based and calculated,

AND WHEREAS it is necessary to collect in each of the years 1951 to 1970 inclusive by way of a sewer rate, the sum of \$12,000.00,

AND WHEREAS this Council deem it advisable to differentiate between the several classes of works, the kinds of benefits accruing, and all other relevant matters to ensure that such sewer rates imposed upon a class that is equitable and just.

AND WHEREAS the Ontario Municipal Board did by Order dated the 10th day of January, 1951, approve the passing of this By-law.

It is therefore enacted by the Council of the Corporation of the Town of Acton as follows:

1. A total amount of \$12,000.00 shall be collected in each of the years 1951 to 1970 inclusive from all owners or occupants of land who use water and/or sewers in the Town of Acton, because they derive or will or may derive a benefit from the sewerage disposal system, with the exception as set out in paragraph 13 hereof. The said sum of \$12,000.00 is the estimated one-half annual capital cost of the said work.
2. The said sum shall be levied and collected as follows:
 - (a) A service charge on all water supplied by 1/2 inch pipe line to consumer \$1.34 per two months.
 - (b) 3/4 inch pipe line to consumer \$2.00 per two months.
 - (c) 1 inch pipe line to consumer \$3.00 per two months.
 - (d) 1 1/2 inch pipe line to consumer \$3.50 per two months.
 - (e) 2 inch pipe line to consumer \$5.36 per two months.
 - (f) 2 1/2 inch pipe line to consumer \$9.33 per two months.
 - (g) 3 inch pipe line to consumer \$10.00 per two months.
 - (h) 4 inch pipe line to consumer \$22.66 per two months.

For each family there shall be paid the following services charges:

1. Supplied through 1/2 inch pipe line, \$1.34 for every two months.
2. A consumption charge on all water supplied of 35c per thousand gallons for the first ten thousand gallons supplied (every two months), with the exceptions hereinafter stated.
 - (a) A consumption charge on all water supplied of 25c per thousand gallons for the first ten thousand gallons supplied every two months, with the exceptions hereinafter stated.
 - (b) A consumption charge on all water supplied to industries using less than 200,000 gallons per two months of 20c per thousand gallons.
 - (c) A consumption charge on all water supplied to industries using 200,000 gallons or more per two months of 15c per thousand gallons.
 - (d) There shall be a minimum charge of \$1.58 bi-monthly.
3. The said sewer rental shall be collected by the Acton Public Utilities Commission which shall be the agent of the Corporation, for such purposes.
4. Accounts shall be rendered inclusive with or without at the same time as the water rates.
5. A discount of ten per cent. shall be given for payment on or before the twentieth of the month in which the account is rendered.
6. All accounts shall be rendered, if possible, on or before the tenth day of the month, the owner or occupant shall receive a discount of ten per cent. if the account is paid within ten days of the date of mailing.
7. Revenue derived in any year from the sewer rate hereon imposed shall be applied and used towards payment of principal and interest due in that year upon

debentures issued for the work for the capital cost of which the sewer rate is imposed and shall be transferred by the Acton Public Utilities Commission to a special trust for that purpose.

9. The sewer rate imposed hereon upon any owner or occupant of land shall be a lien and charge upon the land, and if the same or part thereof remains unpaid after due date, the amount unpaid may be collected by distress upon the goods and chattels of such owner or occupant, or the clerk of the municipality, upon notice to him of the amount due, the person by whom it is due and the land upon which a lien is claimed shall enter the same upon the collector's roll and the collector shall proceed to collect the same in the same way, as nearly as may be, as municipal taxes are collected.

10. Every person who uses the sewer for disposal purposes of refuse which is not being sold or sold for the purpose shall pay at the option of the Corporation:

- (a) a flat rate of \$4.90 bi-monthly; or
- (b) a sewer meter rental based on the rates provided in section 2 hereof. The sewer meter shall be provided by the Town and shall remain the property of the Town on the same terms and conditions as water meters.

11. No moneys shall be deducted from the aforesaid sums so collected as sewer meter for collection charges, overhead or otherwise, and the full amount collected shall be applied on the debentures.

12. No roof water or outside drain water shall be admitted into the sewer or be discharged into the sewer, and no sewer containing in excess of 275 B.O.D. shall be admitted into the sewer or be discharged into the sewer.

13. All of Registered Plans 379 in the Town of Acton and that part of or tract of land and premises situate, lying and held formerly in the Township of Epsom, in the County of Halton and Province of Ontario, being composed of all that part of the East half of Lot Number Twenty-nine (29) in the Third Concession and now in the Town of Acton, shall be exempt from this By-law until such time as sewers are constructed in this area.

READ A First and Second Time this 2nd day of January, 1951.

READ A Third Time and passed this nineteenth day of January, 1951.

F. Tyler, Mayor

J. McGeachie, Clerk

(SECTION 201 (1))

Notice on Promulgation of By-law The above is a true copy of a By-law passed by the Municipal Council of the Town of Acton on the 19th day of January, 1951. And all persons are hereby required to take notice that anyone desirous of applying to have such By-law, or any part thereof, quashed must make his application for that purpose to the Supreme Court within three months next after the first publication of this notice in the newspaper called the Acton Free Press, or he will be too late to be heard in that behalf.

R.S.O. 1937, c. 260, Form 27 s. 22.3

THANK YOU . . .

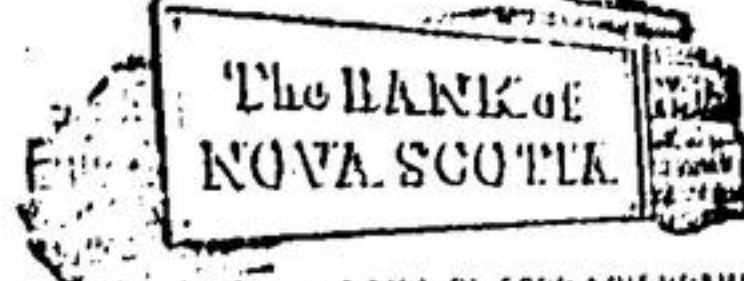

I wish to thank the voters of Acton for the support which they accorded me in my election to Public Utilities.

Charles Wood

put a SAVINGS ACCOUNT on their tree

One of the finest gifts you can give your son or daughter — or anyone else near and dear to you — is a Savings Account already started to put them on their way to acquiring the habit of saving. Walk in today to your nearby branch of The Bank of Nova Scotia. Open a Savings Account in the recipient's name — and get a passbook. Pin the passbook to the Christmas Tree . . . and start them saving this Christmas.

Your BNS Manager is a good man to know. In Acton he's A. W. Hayden.

HOSPITALS know

Aluminum is friendly to food

Hospitals must be careful about their kitchens. Cooking utensils must meet the highest hygienic standards in food preparation. That's why hospitals use so many aluminum utensils. Aluminum is ideal in contact with food. And that food friendly metal helps

prepare meals more easily because it heats so quickly and evenly. Millions of Canadian housewives enjoy these aluminum "advantages" too. They cook better, cook more easily and protect the flavor and quality of their food with aluminum utensils.

ALUMINUM the metal of many uses **SERVES THE DOCTOR, TOO!**

- Aluminum caps are used on blood plasma bottles.
- Aluminum capsules are used to protect serums.
- Aluminum jells are used in treating ulcers.

IN THE FOOD INDUSTRY, ALSO, aluminum continues its good job of protecting purity and quality. Chocolate bars, tea tins, meat tins and many other foodstuffs are wrapped in aluminum foil.

IN THE DAIRY INDUSTRY, milk cans and many parts of modern milking machines are made of aluminum. And when you see a bottle of milk with a gleaming aluminum foil top, you can be sure of purity well protected.
