LIMEHOUSE

School Gardens Night at Limehouse

Misses Christian and Clark of Toronto Normal School are student teachers with Miss Jean Ruddell at S. S. No. 0 this week.

The W. I. committee held a school

gardens night in the hall on Monday evening when the seeds were distributed. Mrs. E. Sanford was chairman, calling on Neil Benton for the National Anthem and plano solo "Country Gardens" and n rending by Mrs. Harold Barber She then called on Mr. C. A Cruikshank, who showed colored films entitled "Spring Charms" with comments. These shots, taken in Holland, were almost too beautiful with their vast acreage of bulb gardens all in bloom and large floats covered with hyacinth tulips and daffodils in parade at festival time: There is little wonder that hyacinth bulbs seem expensive when they must be beheaded for five consecutive years in order to build up a bulb for export. Lunch was served at the close of the program.

Recent visitors include: With Miss Ivens and Mrs. Nowton were Mr. and Mrs. Gordon Grieg and daughter and Mr. W. M. Grieg, Brantford; Mr. and Mrs. Lawden and family of Windsor and Mrs. Arthur Ivens of Toronto. With the A. W. Benton's last

week were Mr. and Mrs. Allan Hadley and Mr. Robert Hadley of Cambray and Mrs. Hadley Sr. of Gooderham on Thursday, Dr. and Mrs. R. J. Advertisers!

It has come to our attention that a number of advertising schemes, some of them of .United States origin and sold by salesmen with American license plates on their cars, are being promoted in the district. We have no desire to detract from their appeal for local adpertisers, but only to point out that the Free Press has no connection with them and if our name is used by strangers we would consider it a fever

if you contact our office. We have had the opportunity to take part in some of these plans but after a careful analysis, have refused for reasons which we will be glad to give to any local advertiser. The Free Press has been con-. ducting business in Acton for over 75 years and has built a readership interest which i: four times that of any other media in the Acton district with only the Toronto Daily Star excepted. We expect to continue for many years and therefore give careful study before accepting any of these glib schemes for the advertising expenditure of local merchants. We're always willing to offer layout and planning saggestions to local merchants to add to the effectiveness of their advertising in our columns.

It is perhaps worthy of note that when we refused to participate in one of the latest of these plans, we were told by the promoter that he could sell it in another town and secure advertisers from this town. But we still refused to sell space because we considered it poor value for the money spent by the advertiser.

The Free Press employs no outside canvassers for advertising-only those who are recularly on the staff-and when we do deviate from that policy we will give iveryone due pub-· lie notice of the change and the name of the man or men so employed
