How Can I Start An Investment Programme?

By Planned Savings Through Life Insurance.

The basis of an investment plan in most cases should be life insurance. It meets in a sound and regular way the real objectives of investment - savings for the future, a retirement income and money for your family should anything happen to you. What is more, life insurance achieves these ends economically and without worry or risk. Discuss with a Mutual Life of Canada representative a life insurance investment plan for your, future.
