Gommittee Plan, Begin **Building Of Junior Pool**

Plans for the provision of swimming facilities for the children of School Association entered for the Acton were discussed in detail at a meeting of the Acton Swimming Pool Committee, held in the council chambers on June 23rd. Eight members Rev. V. J. Morgan said grace and were present, and Mr. Amos Mason occupied the chair.

There were two major points in the discussion. First, the impossibility of building the pool during the past three years because of cement The high school principal! Orland shortages and steel restrictions, which came into effect shortly after the ed States in 1904 and settled in Los Robbins, told the members of the first campaign closed, and secondly, the financial objective for the whole project had not been reached to date, although there were a great many pledges that had not yet been honored because of the delay.
