SONNY AND HONEY

The way of a soldier with a telephone at a week-end through is something to watch. One Saturday morning a young girl changed a dollar into a few cents, bus terminal, bought the tickets in rows on the stand to the left of the telephone in a booth and placed a cup of coffee and a plate of doughnuts on the stand to the right.

Her first telephone call was merely a greeting on his side, mainly of repetition of "Gee honey, say that honey".

A middle-aged civilian waiting for a booth listened, looked over the array of nickels and finally went over to the lunch counter. He came back with a plate of spaghetti and rolls opened the door of the booth and said kindly, "Here, sonny, you'll be needing dinner in here if all your girls are as big talkers as this one"—The Reader's Digest.

Bonfire Attraction At Mission Picnic

Mrs. Henry Ramshaw and daughter Fern entertained the Grace Mission Band for their annual picnic on their lovely lawn on Friday evening. The girls and a couple of boys enjoyed several games conducted by their leader, Mrs. Wallace, after which a cheerful bonfire in the field, made by Mrs. Ramshaw, was the attraction and a winner roast was held.

Anita Smith, the president, thanked Mrs. Ramshaw for her hospitality. Certainly no effort had been spared to make this a very pleasant evening for the 30 girls, two boys, nine ladies, and two gentlemen.

Wellington Sutton, Chairman of the Ontario Farm Radio Forum, recently announced the appointment of Clifford Waite of Toronto to the position of Ontario Secretary to succeed Clare Burt.

Mr. Waite who is 31, was born in York County. He worked as a farm hand in his youth and has had experience in rural education as fieldman for the Ontario Folk School Council. Mr. Waite conducted the Halton Folk School for the second year at the home of Mrs. R. Coulter this year.

The newly appointed secretary is a graduate of McMaster University, Hamilton, and Acadia University, Wolfville, Nova Scotia. He holds the degrees of Master of Arts and Bachelor of Education.

A Flying Officer in the R.C.A.F. during World War II, Waite was awarded a DFC for "devotion to duty" while flying with Bomber Command over Europe.

As assistant director of the Hamilton Community Chest in 1944-49 and as director of instructors for Frontier College 1950-51, Waite has had experience in administration and public relations. His wife, the former Beth Holder from Oxford County is a trained librarian. They have no children.

In taking up his new position the new secretary of the Ontario Farm Forum has 200 listening and study groups to serve in rural Ontario. Factual information is sent regularly to the local forums who in turn, send in their findings on questions pertinent to Canadian Agriculture. Among his duties it is the secretary's responsibility to opinion to government and other authorities; thus the Ontario farmers have a voice that can make itself heard in precipitating democratic action.

Population Rises Food Supply Lags

It is estimated by experts of FAO that the aggregate production of the principal food crops both in 1951 and 1952 will be slightly above that of 1949-50, and about nine per cent greater than the pre-war period of 1934-38. Since 1938 the estimated world population has increased by about 13 per cent. As a result, current supplies per capita were even below the unsatisfactory pre-war level.

The increase that has occurred has not been uniform between the various regions. Although there has been a substantial increase above pre-war levels in some countries, particularly in the surplus-producing regions, production in many European countries and those of the Far East, are still below pre-war. Consequently those people who were well nourished at that time have as much or more food than before, and those who were hungry then are even hungrier now. This means a continued and greater dependence on the countries of the Western Hemisphere as a source of supply for many foods.

There are 57 members countries in the International Civil Aviation Organization which operate more than 80 per cent of the world's international civil air transportation.

There are 225 teachers of law in Canada.
