"Though travelling alone..."

Miss S. N., home from Europe, writes to thank her bank for the way the accountant helped her with money arrangements:

"Mr. W. expended considerable effort to arm me with details of various European currencies and methods of procedure, enabling me, though travelling alone, to avoid much of the delay and embarrassment encountered by many experienced travellers whom I met along the way. All of which contributed in no small degree to my comfort and enjoyment."

The bank can smooth the way for people travelling on business or pleasure at home or abroad. Providing Letters of Credit, Travellers Cheques and other assistance is just one small part of the day-by-day service rendered by any branch of any chartered bank.

Junior Farmer Match An Outstanding Success

On Saturday of last week, the farm of Clifford Wrigglesworth at Hornby was the scene of the annual Junior Farmer Plowing Match. Fourteen young people participated and despite rather dry soil conditions some excellent ridges were turned. Winfred Timbers of Stouffville was the popular official judge and coach. Appoint Assistant Halton Inspector

"School attendance has generally increased in Halton this year with the greatest increase in the lower grades," Inspector L. Skuce announced recently. Mr. Skuce attributed the increase to the rise in population of a few years ago.

The Halton inspector recalled that when he came to the county there were approximately 113 school rooms and since then the number has doubled.

Robert F. Bornhold, B.A., has been appointed assistant to Mr. Skuce and started this week on duties that parallel those of the present inspector. Formerly a Guelph principal, Mr. Bornhold is married and will reside in Milton. He has no family.

In 1930 one sixth of the average Canadian's total personal outlay was for rent and lodgings; by 1950 this had dropped to one-ninth.
