Next week Carroll's BONUS FOR EARLY WEEK SHOPPERS is this sturdy REAMER—made of bright, clean-looking Red and White plastic. This handy gadget efficiently separates the seeds and coarse pulp from the juice of oranges, lemons or limes—the juice being caught in the bottom portion of the reamer, which is made with a lip for easy pouring. The top and bottom sections fit snugly, while in use, but may be separated, without trouble, for washing.

Picture News from C-I-L

SEEM STRANGE to be putting anti-freeze in your car now? Actually it's the thing to do. Some drivers use it as a coolant all year round. Anti-freeze has a higher boiling point than water, yet when the cold comes it's a protection against freezing. You can get protection right down to 62° below with C-I-L Ethylene Glycol Anti-Freeze.

FAMILY PICNICS are fun when you can all hop into the car and drive to out-of-the-way spots easily. To help motorists get the most out of driving, the chemical industry supplies Tetra-ethyl Lead which increases the anti-knock property of gasoline and helps make today's standard gas far superior to the premium gasoline of yesterday.

OPERATION ALUMINUM is the fitting term applied to the industry's huge expansion program in British Columbia. In road-building, tunnelling and construction, indispensable assistants to development are the modern explosives supplied by C-I-L.

Did you know...
Audition teams touring the country hear about 600 applicants each season before the 44 young singers are chosen to appear on the radio program "C-I-L Singing Stars of Tomorrow".

Here's Canada's FIRST and only really practical Automatic Washer. This is what you have waited for.

It takes only HALF as much hot water as others — or less. A large hot water tank is not needed.

It takes only ONE-THIRD as much soap as others — keep it where you please — roll it in to wash. It is the only fully automatic washer on casters.

WASHES CLEANER BY FAR — has the world-famous Beatty "human hand" double-action agitator. "Top Flow" rinses empties all dirty water out through top; not down through clothes.
