

American and foreign chemicals enter Canada at low rates or none at all. Sky-high U.S. tariffs keep our chemicals out.

I enjoy meeting people...

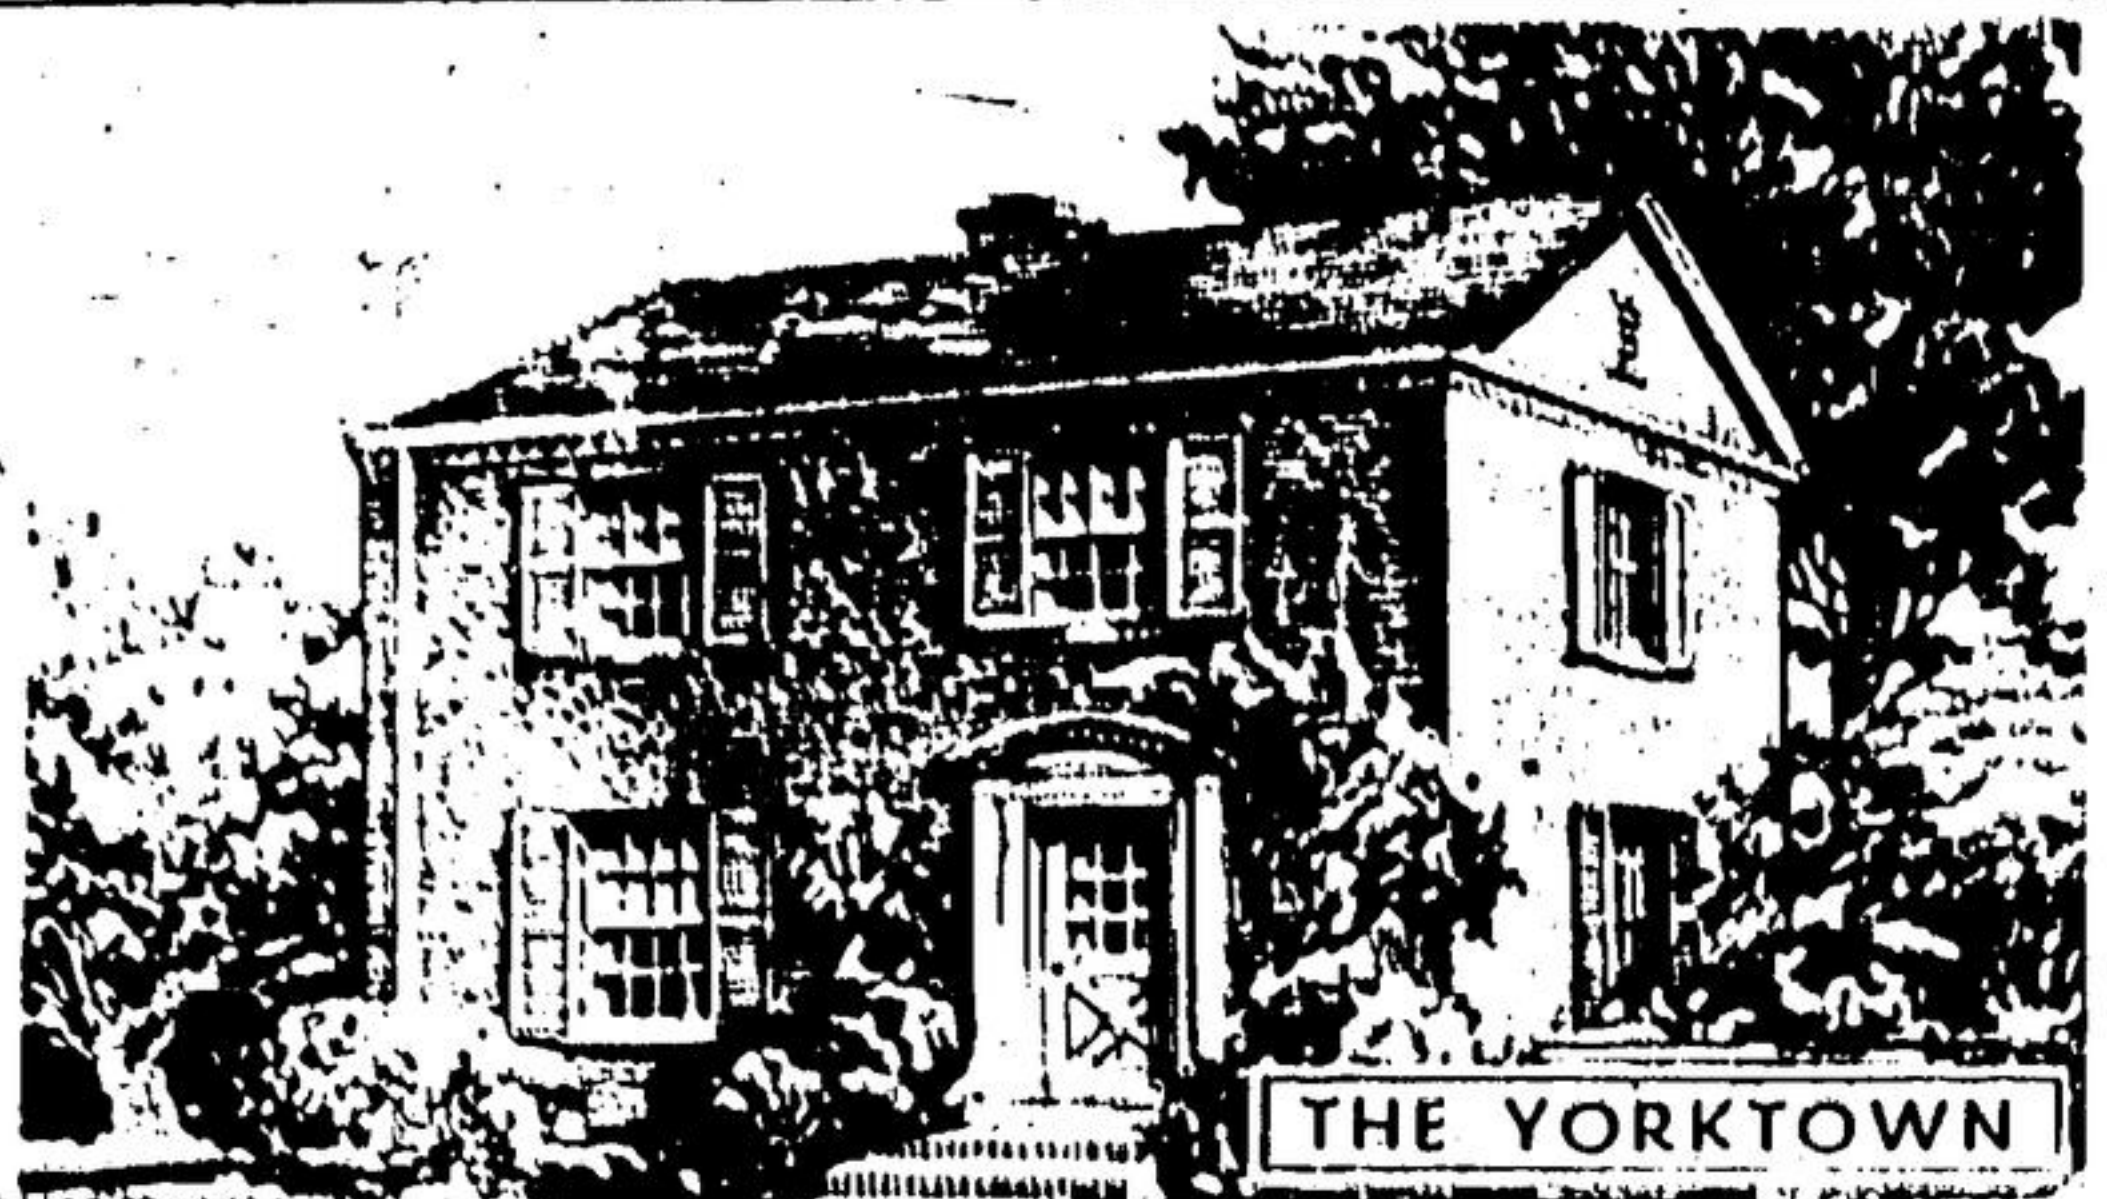

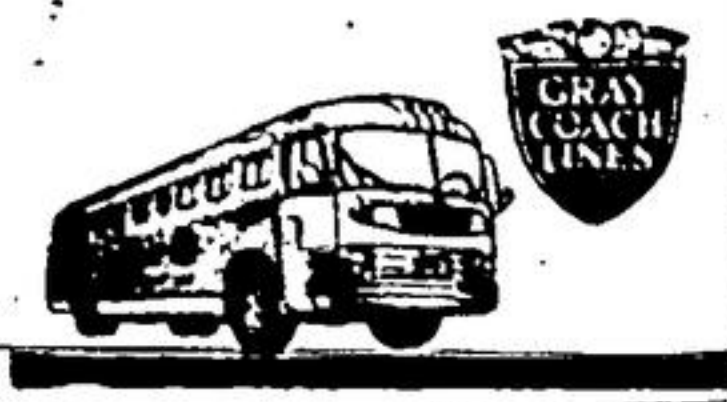

I'm retired now and one of the big perks I get out of life is meeting people. There are plenty of them these days and it is interesting to hear new opinions and ideas. I make many acquaintances who help to pass the time most enjoyably while travelling about by bus—and that is the really friendly way to travel.

THE YORKTOWN

THE YORKTOWN - Lord Cornwallis did not sleep in this delightful two-story home but its inspiration flows from both the headquarters that Cornwallis used during the Battle of Yorktown and the substantial home of brick or tile, or combinations of both, will ensure its independence from upkeep and repair worries for many years. Sturdy materials make the house virtually fireproof, especially if topped by a slate roof. Warm radiators are the most authentic style for this type of home, and are probably the most attractive and popular when set off with gleaming white shutters and trim. Almost the entire first floor is given over to living room, which includes a pleasant alcove for dining. The result is a grand family room 24 feet long. The stairs rise out of the back of the room and lead to two splendid bedrooms with abundant closets and a conveniently located bath. The plans provide for full basement and also show how a garage may be attractively added to the house.

HARRY HILSON, R.R. 3, Milton, shot this five-foot two-inch wolf when he was picking elderberries recently three miles north of Campbellville in Nassagaweya. The wolf shown here represents \$25 in bounty that will be received from the county according to Clerk W. Deans.

Winters in places near the ocean are warmer than those inland.

TWO HALTON REPRESENTATIVES AT ANNUAL FOLK SCHOOL FESTIVAL

The steadily developing Rural Culture movement in the County of Halton is likely to gain further impetus through the Fourth Annual Folk Festival at Unionville last week. This festival represents a coming together of Folk School leaders from all parts of Ontario and Halton County was represented by two new men, Mr. Red Simmonds and the Rev. William Lake of Lowville. Red Simmonds, who with his wife has taken up residence with the Vernon McArthurs, was sent into the county several months ago by the United Nations Educational, Social and Cultural Organization to study farm forums. During the coming season he will be visiting all the forums and can be relied upon to take part, not simply as a spectator but as a good neighbor ready to share some of his own experience. Rev. Lake says that his few days with the central council of the Folk School in Canada have been among the most profitable he has ever spent. They have given him a new insight into the rich community life of rural Ontario which will mean a considerable change in his activities.

In particular, he would like to share in the friendly association of the Farm Forums around and to give his fullest assistance to the excellent local Folk School at the Roy Coulters'. Mr. Lake found that the Folk School movement which centres around the John Madson Folk School at Unionville is under the closest sympathetic attention of the central Ontario authorities. Last week's Festival was under the leadership of Clifford Waite, newly appointed Secretary of the Ontario Farm Radio Forum. The Community Programs Branch of the Ontario Department of Education had several representatives and the Toronto City Department of Recreation gave benediction in the person of Oscar Pearson, Deputy Director, and also their Director for Arts and Crafts. Dan Stauffer, president and Art Musgrave, educational leader, strongly represented the United Co-operatives of Ontario. Also leading were Dr. J. Roby Kidd of the Canadian Association for Adult Education; Dr. Charles Hendry, Dr. E. A. Corbett and Don M. Graham among University leaders; the Rev. Dick Jones and four United Church ministers from rural charges with 'community workshops'; and others coming from as far afield as Montoulin, the borders of Quebec and from Windsor. The express objective of the movement is to train in all-round community leadership and so to enrich community life at all levels. The next local Folk School is being planned for the end of February, 1953. Mr. Lake says it should be the objective of every community organization to have at least one member attend, and that attendance at at least one Folk School should be the aim of every progressive member of the community. Leaders at the Roy Coulters Folk School in February will be Dr. Roby Kidd, who went with the Canadian Olympic Team to Finland this year and Thor Hansen, distinguished Danish leader in Arts and Crafts.

QUITE A KICK?
"Is the procedure quite clear, ma'am?" the shipyard superintendent asked the woman who was about to christen her first ship. "Not quite," she replied nervously. "Please tell me how hard I must hit it with this bottle to knock it into the water."

Canadian Industry Institute Theme

Mrs. F. Rinehart was hostess for the September meeting of the Nassagaweya Branch, Women's Institute. The meeting, under the sponsorship of Mrs. Fraser and Mrs. Melmar for "Canadian Industries" was well attended by members and visitors. The roll call was answered by giving a use for Nylon and suggestions for improvements based on personal experience with Nylon. Mrs. M. Mahon, vice-president, presiding in the absence of the president, Mrs. Diamond, expressed best wishes of the group to Mrs. Melmar who is moving to Toronto, also their regrets at losing a valued member. Mrs. F. Chisholm of Hornby, addressed the meeting along the lines of the "Growth of Industry and the many changes which have taken place over the years in manufacturing", giving as samples many of the industries in Halton County. A social half hour was enjoyed with the hostess, assisted by her committee Mrs. I. Richardson and Mrs. M. Moffat.

It's a WHALE

... in the savings field!

More than a million Canadians have found Canada Savings Bonds to be a safe, sound method for systematic saving—and the building of a comfortable cash reserve. They offer you a convenient way to save for the better things in life that you want for yourself and family. In the meantime your investment stands as an always available source of cash to meet emergencies that might crop up.

Canada Savings Bonds—Seventh Series—mature in 10 years and 9 months. They pay an average of 3.44% per year if held for this full term. The bonds are cashable at full face value plus interest at any time at any bank in Canada. Each bond bears ten 3 1/2% coupons—the first of these being payable on August 1st, 1953 (1 year and 9 months from date of issue). Subsequent coupons become payable August 1st yearly thereafter until maturity. If the bond is cashed before the first coupon becomes payable simple interest is paid at 2.14% per year calculated monthly. The average return per year gradually improves the longer the bond is held until it reaches 3.44% at maturity. The Seventh Series is available in denominations of \$50, \$100, \$500, \$1000 and \$5000 and the limit for holdings in any one name is \$5000. The bonds are registered in the owner's name. They are non-assignable and non-transferable. They may be purchased from investment dealers, banks and other savings institutions or through the Payroll Savings Plan.
