Books IN REVIEW
THE ROMANCE OF THE CANADIAN CANOE
by John Murray Gibson, LLd., F.R.S.C.

One of the strangest and yet most interesting anthologies on any truly Canadian subject is "The Romance of the Canadian Canoe" which includes just about everything, from varieties of paddles with illustrations to the words of canoe song "Ho! For the Life of a Voyageur!"

A book about canoes... it sounds trivial. But beyond mere details of canoes is an amazingly colorful background that is simply "Canada."

Canadian history is generally regarded as dull. Yet one small aspect of Canadian history, the canoe, brings to life so many details that once made school days tedious.

The author knows all the best fishing spots — some will want to read the book just for that information alone!

Ballinacfad W.I. 25th Halton Branch

The executive and directors of Halton District Women's Institute met in the Farmer's Building, Milton, Monday afternoon, October 6, to discuss their work for the coming year.

Seventeen branches were present and welcomed into the fold a newly-organized branch at Ballinacfad making a total of 21 seniors and four juniors.

Mrs. Ellerby, the district president, asked the members of all Institutes to co-operate in the TB X-ray survey to be held in December at various points.

Congratulations were extended Dublin W.I. for coming first in the area quilt competition sponsored by the Salada Tea Company.

When the wind blows, you need more heat in your house. Engineers say that a 10-mile-an-hour wind blowing against the side of your house may have the same effect on heat loss as a 10-degree drop in outdoor temperature.

INFLATABLE PILLOW
A portable pillow for tired travellers can be carried in bag or purse, says The Financial Post. Made of Vinylite plastic film, it's embossed with a soft taffeta-like texture, pillow can be inflated to fit around neck and helps traveller to relax head and neck. Marketed in clear, red or green plaid, the pillow is washable and resistant to scuffing, grease, sun-tan oils, mildew, etc.

The latest in fountain pens is claimed to be messproof—it can be filled without the nib touching the ink.

AI" CRAFTY
One of the big transatlantic airlines recently took a group of writers and radio artists—all women—to Europe, and the women, being the only passengers, made themselves completely at home. Several hours out, with the flying perfectly smooth, the loudspeaker intoned: "Everyone please return to your seats and fasten seat belts." The women rushed to their places, followed instructions and sat tensely, waiting developments. In a moment the door of the control room opened and the pilot emerged, surveyed them and smiled: "Now, I suppose, the men's room is clear."

A "FUND FOR THE FUTURE" — FOR ONLY 5 PER CENT. DOWN

Canada Savings Bonds on Sale At Your Neighborhood B of M

"Many Canadians have found a good way to build a solid fund for the future, despite the high cost of living that makes saving seem difficult if not well nigh impossible," says Gordon Oeder, Acton manager of the Bank of Montreal.

In a conversation last Monday on the subject of building financial security, Mr. Oeder pointed out that the first requirement for saving money was to "go into debt to yourself. Set yourself a definite amount—no matter how small it may seem."

"One of the surest ways of accomplishing this is to purchase one or more Canada Savings Bonds. Choose the amount you feel you can best handle on your income over a year—\$50, \$100, \$250, \$1,000 or \$5,000—and sign the application. "Bonds can be bought on the in-

statement plan for only five per cent. down. For example, with only \$2.50 down you can make the initial payment on a \$50 bond. On a \$100 bond the down-payment is \$5. The remaining instalments can be made on an easy, regular basis over the following 12 months."

An important feature of the 1952 bond issue is the increased rate of interest. Each bond bears 10 coupons at the rate of 3.75 per cent. The first coupon covers a period of 21 months (equal to 2.14 per cent per annum), due August 1, 1951. From then on, one coupon at 3.75 per cent is payable annually on August 1, until 1963. This replaces the 1951 rate of 3.5 per cent, and amounts to 3.44 per cent per annum over the life of the bond, compared with 3.21 per cent last year.

One of the greatest attractions of the Canada Savings Bond which Mr. Oeder pointed out was that it was always cashable at full face value.

Want Ads Are Your Community Market Place

You'll be amazed at the LOW price of BUICK

TODAY'S market conditions are the kind in which Buick really shines.

Do you know why? Buick prices start down within easy reach of the folks who, in the past, have been in the habit of buying lower-priced cars.

Fact is—a big chunk of Buick sales now comes from the folks who trade in one of these lower-priced cars.

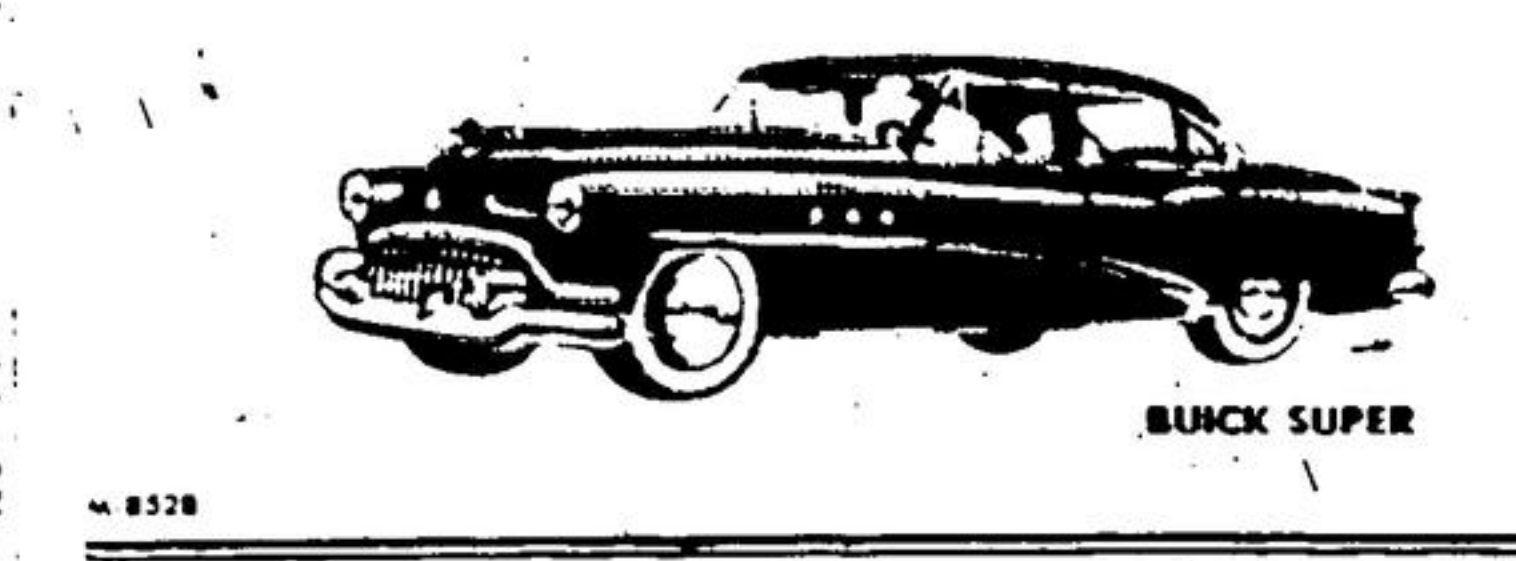

For very few extra dollars, they're getting a lot more automobile.

They're getting more power—and the thrill that goes with it.

They're getting "big-car" comfort. They're getting a ride that cost a million dollars and more to develop.

They like the room, the fabrics, the extra appointments they find in the smart-stepping beauty pictured here. And they like Dynaflo Drive.*

They like the way it handles. They like the way it's engineered. They like the satisfaction they get out of touching off the power of its Fireball 8 Engine—and they like the miles they get from a gallon of fuel.

So Buick sales are booming. Not just the CUSTOM—but also the SUPER and ROADMASTER. Folks find that each one is the buy in its field.

When we tell you that business is great, we can back up that statement with figures. More people are buying Buicks than any other car at their price or above.

Why don't you come in and see for yourself what's behind this popularity?

If you can afford a new car, you can be the proud owner of a Buick.

A GENERAL MOTORS VALUE

Sure is true for '52

When better automobiles are built BUICK will build them
