Ward 5—Alec. Phillips (acclamation).
School Trustees (three to be elected)—Marcus Auden, E. J. James, Denzil Lawrence, Percy Merry.
P. U. C. Commissioner—one to be elected—Philip Bewick, Harvey Lyon.

Baxters Lose First Game 6-2 Sunday

In the first hockey tilt of the season for the hoop of Baxter Laborer's Acton, Georgetown Businessmen, Smith and Stone and Burns Transport, Acton lost to the Businessmen 6-2 in Georgetown arena. The games until the end of December are being held in the Georgetown arena with the teams considering a schedule in Acton arena in the new year if there is ice here. Regular games in Acton would be played on week nights, officials expect.
New players with the Acton team on Sunday were Red Anderson in goal, Bob Rumley, Scotty McCristall, John and Bob Cunningham and Bob Tyler and Webster.
More changes are expected. Regulars at the game were Earl Masales, Lloyd Robinson, Vic Masings, J. Zajac and Ken Allen. Missing were Stewart, Coleman brothers, Somerville, Duval, Jordan and Timmins. It was felt the team's loss was partly attributable to the missing line.
Minor penalties were handed out to Robinson, Tyler and McCristall. Officials at the game were Beaumont and Larusso.
The president of the Baxter club this season is Harold Kinroad, the playing manager Bob Marshall and in charge of properties and publicity, Sunny Rogvoaldsen.
Following is the schedule as it has been arranged so far, for games in Georgetown arena Sunday afternoons.
Nov. 30—Baxters vs. Smith and Stone, Burns vs. Businessmen.
December 7—Businessmen vs. Smith and Stone, Burns vs. Baxters.
December 14—Baxters vs. Businessmen, Smith and Stone vs. Burns.
December 21—Burns vs. Businessmen, Baxters vs. Smith and Stone, Burns vs. Baxters, Businessmen vs. Smith and Stone.

P.U.C. Operates Sewerage System

Secretary J. McGehele presented a by-law at the Public Utilities Commission meeting on Monday evening that invested control and management of the sewerage system with the Commission, so that from now on the P.U.C. will operate this system.
J. H. Crofton of the Public School Board was present at this meeting. The charges made to the School Board for workmen's time was disputed. An adjustment was made and accepted by the representative of the School Board.
It was decided to sell \$5,000 worth of Dominion of Canada bonds to apply on the cost of the new hydro building. The other \$2,000 in bonds was to be turned over to the bank as collateral on borrowings.
It was decided to purchase a desk and chair for the office and a table in the office is to be based at the sewage disposal plant for making records.
A letter was read from Engineer Anderson on a number of questions asked about installations at the sewage plant. Some other questions have been brought forward and the answers are to be sought from Mr. Anderson.
A letter was read from the H.E.P.C. of Ontario setting the rates to become effective on January 1, 1953. The necessary steps were to be taken to put these rates into effect.
A map of the lamp holes (the ends of the sewer trunk lines) is to be sought from Mr. Anderson, as no records of these holes is in the hands of the P.U.C.
The Micro Plastics made application for a sewer service to their new addition on Bower Ave. This request is to be complied with.
Superintendent Lambert reported on the condition of the road to the spring. Since the grading, this road has just the earth on it. Steps are to be taken to have the road coated with gravel or stone.
It was reported to the meeting of some failure in electrical equipment at the sewage plant. This has now been repaired.
The following accounts were passed for payment:
Waterworks
Acton Auto Body, mixed paint \$ 7.50
Whitham's Garage, cleaner and polish kit75
Toth's Garage, grease, gas80
Acton P.U.C., hydro acct's 154.40

Sangamo Ltd., meters 139.23
F. Terry, stamps 15.00
\$2,364.26
All members of the P.U.C. were present at the meeting and chairman J. R. MacArthur presided.

Over 450 In Night Classes As 18 Courses Are Offered

Over 450 from all parts of Halton county converged in Milton Tuesday for the first evening's classes of the community night school—one of the largest night schools in the province of Ontario. D. L. Minshall, representative of the Department of Education Community Programs branch, stated that Milton was well situated to draw from the whole county.
Classes are being held every Tuesday through the winter in the high school, public school, I.O.O.F. hall, McDuff's shop, Legion hall, Farmers' building, Knox church and St. Paul's United church, although this week the classes in the United church were transferred to the town hall.
Halton county agricultural representative J. E. Whitlock reported applications had been turned down in some full courses. Most of the classes are at near capacity.
One night school student from Oakville was heard to remark on Tuesday, "We know how successful it was here and we wanted to get in on it."
There are 20 night schools under the department of education in Ontario, with one in a county.
The first evening of classes, there were 43 registered in leathercraft; 20 in home building; 46 in oil painting; 21 in soils and crops; 36 in farm management; 16 in home gardening; 12 in household mechanics; 14 in shop work; 24 in electric welding; 12 in box loom weaving; 17 in ceramics; 22 in elementary clothing and 44 in advanced clothing. While exact numbers in tailoring, children's clothing and needlecraft were not available they were previously registered at a total of 103.
In the largest classes, the groups were divided, with as many as three instructors.
Each group elected a president and secretary-treasurer for the remainder of the lessons. Registration preceded the beginning of lessons; in several groups, students wore name tags or gave their names as they became acquainted.

Board of Directors Meet In Oakville

The November meeting of the Board of Directors of the Children's Aid Society of the County of Halton was held in Oakville at the home of W. G. MacKenzie Robinson. Members were present from Nassagaweya Township, Milton, Georgetown, Oakville, Trafalgar Township and Burlington. Owing to the absence of the president, Mrs. W. A. Weaver of Burlington, Mr. Robinson presided.
The superintendent, G. F. Thompson of Milton, reported at the meeting on the satisfactory manner in which Mrs. Mary Gilmour, the new social worker, was carrying out her duties.
Accounts for the month of October, amounting to \$1,863.87 were approved for payment.
The meeting reviewed the Society's Annual Report from the Provincial Department of Public Welfare for the year ending March 31, 1952, and discussed the manner in which the suggestions contained therein might be implemented in the ensuing year.
The remuneration for Society wards in private boarding homes received consideration and the superintendent was instructed to obtain information from neighboring Societies in order that a comparison might be made.
It was decided to send the foster mothers separate cheques with which to purchase Christmas gifts for the children in their care.
By resolution, it was decided that the December board meeting be dispensed with and that all future meetings would be held on the second Tuesday of the month.
After the meeting adjourned, a social hour was spent and refreshments served by Mr. and Mrs. Robinson.

"the drivers are swell!"

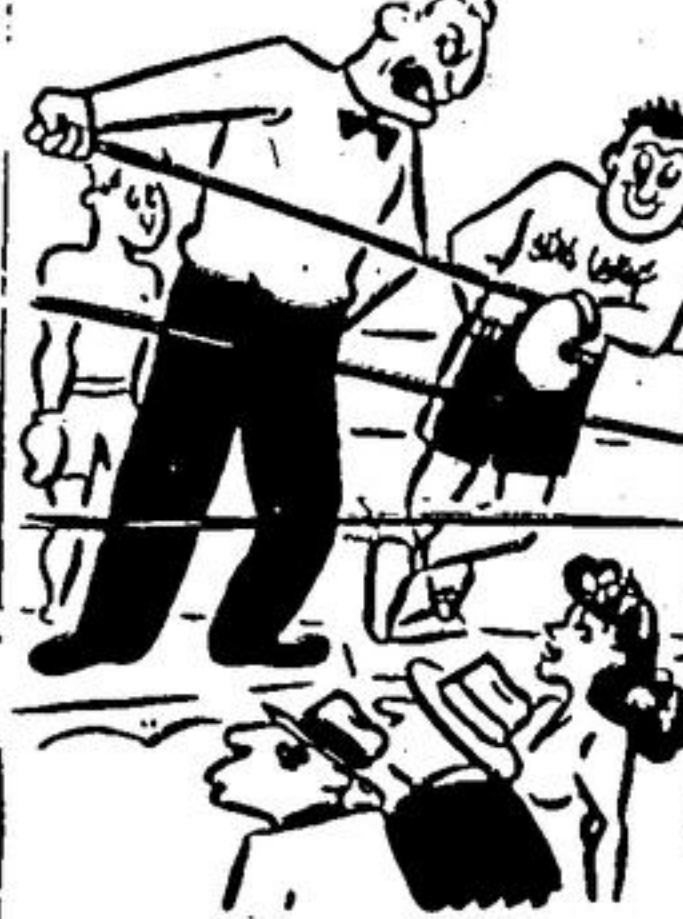

The next time I go to see uncle Ed I'm going to go on the bus. Last week grandma and I had a long bus trip and the drivers were really swell. When we changed buses the driver helped grandma and me to pick out our new bus and he told her not to worry about anything. The new driver was swell too and he told me he had a little girl like me at home. I sure like going on the bus."

Mackenzie News

Acclamations seem to be in order this year as the time of choosing public officials swings in. In requesting all last year's officers were re-elected without a vote, Acton has appointed its officials by acclamation and Nassagaweya will vote on councillors and school trustees.
It's the time of year to extend a vote of thanks to all the municipal officers: councillors, school trustees and public utilities commissioners, who have devoted valuable time and effort to the affairs of the various municipalities.
But there will be a change. Yes, on December 1 the price of coal officially takes a boost and if you're a wise shopper, you'll take advantage of the few days left before the deadline. Place your order now. Later may be too late.

Knox Ladies' Aid Names Year's Slate

The November and closing meeting of the Knox Ladies' Aid was held in the Sunday School room on Tuesday afternoon. The scripture lesson was read by Mrs. E. W. Smith and Mrs. John Allison led in prayer.
The reports of the year's activities were read, showing a splendid financial return from the various projects. The same committee reported on the painting and decorating there and expect it to be completed soon.
The sick and shut-ins are to be remembered at the Christmas season. The president and the secretary are to take care of this work.
Plans were made for a turkey dinner the ladies are catering to before Christmas. Mrs. J. Dennis is to be the supply convener.
Mrs. F. Anderson was appointed to the chair for the election of officers for the year 1953, with Mrs. C. Somerville acting secretary. Those elected were as follows: president, Mrs. E. J. McCutcheon; first vice-president, Mrs. W. Watkins; second vice-president, Mrs. D. McLellan; third vice-president, Mrs. Geo. Lantz; secretary, Mrs. Geo. Somerville; treasurer, Mrs. Stanley Matthews.
Miss Kathleen Allen Smith and Mrs. F. Anderson, finance convener, Mrs. A. J. Buchanan; program convener, Mrs. Fred Anderson and Mrs. W. Masales; kitchen committee, Mrs. Peter Murray, Mrs. J. Dennis, Mrs. J. Wilds, Mrs. W. MacArthur; quilt committee, Mrs. Peter Murray, Mrs. W. MacArthur, Mrs. A. Robinson; visiting committee, Mrs. E. McDowell, Mrs. J. Smith, Mrs. D. McLellan and Mrs. A. M. McPherson.
Mrs. Anderson paid tribute to the leadership given by Mrs. McCutcheon during the years she has been president and urged her to continue until the various projects underway were completed. Mrs. Dennis, in moving the vote of acclamation to the president, secretary and treasurer, was unanimously supported by all present.
Mrs. McCutcheon was welcomed back to the chair and closed the business with the Lord's Prayer in union. Mrs. Dennis gave a reading, "The Ten Commandments for Success" and Mrs. Chas. Davidson conducted a contest, with Mrs. McPherson and Mrs. Somerville being the winners.
The group of the month served refreshments, giving the social touch to the meeting. Mrs. B. L. Davidson voted a deserving thank you to those who had entertained so well.

Seven the Highest For Acton Families

There are five families in Halton county with 10 or more children but not one of them lives in Acton. In fact, registered in Acton, there is not even a family with nine, nor one with eight. But seven children? That's where Acton begins—at the top of the ladder, so to speak. There are three families in Acton with seven children, according to the latest booklet of statistics released following the Dominion census last year.
This information tells the composition of families all over Canada. A family consists of a husband and wife, with or without children, or a parent with an unmarried child or children, living in the same dwelling.
In the whole of Ontario there are 1,637 families with 10 youngsters or more to love and contend with! Quebec lives up to its reputation of being the province with the big families. In Ontario there are 1,162,772 families altogether—and these, 1,637 with 10 or more children. In Quebec there are only 856,041 families—but 10,945 of them have house and hands full with 10 or more!

Receive Thanks For Indian School Bale

The Blair Evening Auxiliary held its November meeting at the home of Mrs. R. B. Elliot on Thursday evening.
Mrs. Robertson opened the meeting with a poem, a hymn was sung and prayer given by the president. The scripture lesson was read by Mrs. L. Andrews. Mrs. Hanblin read the minutes of the previous meeting and the cheer secretary reported one card sent.
A letter of appreciation from Mrs. Rusaw at the Birnie Indian School was read, expressing thanks for the bale sent to them in September and which was a complete layette. The bale was valued at \$29.05. The allocation for 1953 was also read.
Mrs. T. Watson read the closing chapter from the study book, with special reference to the church's work in British Guiana. This study has been found interesting. An article from the Glad Tidings, "A day with Mrs. Gelman at Vellore hospital" was read by Mrs. J. Wallace.
Power was the word chosen for the roll call. The meeting was closed with prayer by Mrs. J. Baynton. A social period followed which all enjoyed.

Women's Watches Double Trouble

Women have twice as much watch trouble as men, according to Henry B. Fried, a certified watchmaker who advised on the purchase and care of watches in the Reader's Digest.
Women should not carry watches in pocket-books. Powder dust and cosmetic oils seep into the case and clog the moving parts. "Take off your watch when washing your hands," Mr. Fried says. "Don't wear it while cooking; the heat from the stove affects the oil; it is easier for steam to penetrate and opening than a drop of water and either can rust the delicate works. Do not wear your watch in bed because of the lint in bedclothes. If you drop your watch in water, dip it in benzine at once and take it to a jeweler as soon as possible. When a crystal breaks, the watch should be put in a paper envelope never wrapped in lint-shedding cloth.
"Waterproof" watches are supposed to be actually waterproof, but watches advertised as "water-resistant" may or may not keep out moisture.
A woman's watch of good quality, properly cleaned and oiled every year or so, should last 25 years. When buying a watch, suggests the article, test the back case for resistance to pressure. If it yields, it is not sturdy enough. The case should close so tightly that only a jeweler's case opener will budge it.

MARRIED UNION

Marge: "If your folks won't consent to your marrying Jack, why don't you elope?"
Minnie: "No chance. Jack's a painter and he won't climb a ladder after 4.30 P.M."

CAMPBELLVILLE

More than half of Canadian farmers own an automobile and almost one third of them own a motor truck.
The Blair Evening Auxiliary held its November meeting at the home of Mrs. R. B. Elliot on Thursday evening.
Mrs. Robertson opened the meeting with a poem, a hymn was sung and prayer given by the president. The scripture lesson was read by Mrs. L. Andrews. Mrs. Hanblin read the minutes of the previous meeting and the cheer secretary reported one card sent.
