Have a look at your new calendar to see whether they marked Victoria Day as Monday, May 25—the nearest date to the actual 24th of May! Despite what some calendars say, Victoria Day will be celebrated according to an Act of Parliament, on the Monday preceding which is May 18.

Jack Chapman of Fergus, who lived in Acton formerly, marked his twentieth year with the Metropolitan Life Insurance Company last week. Firm officials and representatives gathered to honor him and his wife, and presented him with a silver cocktail shaker and glasses, and a cheque for \$150. Mrs. Chapman received a large bouquet of roses.

FEDERATION REPRESENTATIVES AT SMALL MEETING OF FARMERS' UNION

Farmers of the Western provinces would like to see closer cooperation between the east and the west, said Ed. Schultz, representative of the Manitoba Farmers' Union, when he spoke at a small gathering in the Town Hall, Milton, on Friday.

Declaring that 30 locals have already been organized in Ontario, the speaker said Manitoba farmers had in two and a half years built a strong Union organization. While the Union does not make any promises, "If you build a good strong, active, vital organization, you may be able to do something with it," he said. It was pointed out by A. R. Service, President of Halton Federation of Agriculture, that Canadian farmers have had an organization of their own for 16 years. The machinery is all there for their use, and it will work just as well as the farmers themselves make it.

Starting in the local of the F.U. and going up through the district to provincial and inter-provincial levels, grassroots farmers are able to make their needs known, stated Mr. Schultz. M. M. Campbell, chairman of the educational committee of Halton Federation, pointed out a similar framework has always existed in the Federation, and that in addition the individual farmer has the opportunity of discussing and doing something about his problems through Farm Forum.

Mr. Schultz dwelt at some length on the special problems confronting both eastern and western farmers, regarding grain marketing, the east of feed grains to the eastern farmer, hog producer and poultry producer problems. Claiming that present farm organizations have declined to set up machinery adequate to move supplies into strategic positions before winter comes in, and that farmers have neglected to provide themselves with an adequate marketing system, the speaker was reminded by R. S. Heatherington, secretary of Halton Federation, that the Ontario Federation of Agriculture in co-operation with all the other eastern and western provinces has been working for some time on the matter of feed grain under a policy such as Mr. Schultz was advocating, and was studying the policy even before the Farmers' Union was organized in Canada. However, Mr. Heatherington explained, while the Federation in consultation with all co-operatives of eastern Ontario, agreed it was desirable to set up a feed bank in eastern Canada, it was feared that due to the operating policy of the Grain Exchange, as it now exists, we might first ourselves with a large supply, only to be undersold which would make the venture decidedly dangerous. It therefore becomes necessary that farmers of the east and west must first set up an agency with sufficient authority to eliminate this risk Mr. Schultz, when he claimed that the Manitoba Farmers' Union should have the credit for establishing the Wheat Board and also for putting across the vote in Manitoba, was again reminded by Mr. Heatherington that it was the work and support of the Federation that led the Government to establish the Wheat Board and that this Board was planned by the Federation before the M.F.U. was organized.

The Manitoba speaker, who expressed dissatisfaction with the Federation in his province, and with the fact that he was obliged to pay 50c a year to the Wheat Pool paper, was forced to admit

that he is still a member of the Manitoba Federation and still markets his own wheat through the Wheat Pool.

The speaker was accompanied to Milton by two farmers from Simcoe county, who also claimed they were not satisfied with their present farm organization. Questioned, however, by the audience, they admitted they knew nothing of the efforts and achievements of the Federation in their county, one of the outstanding counties in successful farm organizations in Ontario. They were reminded that while they had made no active contribution to the work they were receiving the same material benefits resulting from their farm organization as do the active members. The representative of the M.F.U. expressed his pleasure at being assured eastern farmers are as anxious for co-operation between the east and west as are westerners. He admitted he saw little chance of getting any Union members from this gathering, and that all those present knew all about their Federation. In reply to his statement that Ontario farmers are asking him questions, he was told Ontario farmers may receive answers to any questions by contacting the key official who will naturally know or be working on the answers.

IN MEMORIAM

MORTON—In loving memory of a dear mother, Catherine Morton, who passed away February 1st, 1938.

Time speeds on 15 years have passed
Since death its gloom, it shadow
With our home, where all seemed
Bright

And took from us a shining light
We miss that light and ever will
Her vacant place there is none can
fill

Down here we mourn but not in
vain
For up in heaven we will meet
again.

Ever remembered by
Her Son and Daughter and
Son-in-law and Grandchildren
