**Fire Can Destroy Important Papers In Minute or Two**

**Safety-Deposit-Box Protection Costs Less than Dime a Week**

Each year in this country thousands of valuable documents go up in smoke. Some of these cannot be replaced at any cost, while it is troublesome and expensive to replace others. It is only sound sense that such papers as securities, policies, property deeds and birth certificates, be stored in a safe place.

A Bank of Montreal safety deposit box offers a first-rate way

to guard yourself against the loss of valuable possessions. You get round-the-clock protection from the twin dangers of fire and burglary, for less than ten cents a week. And documents in a B of M safety-deposit box are not likely to be mislaid, either.

Drop into the Acton branch of the Bank of Montreal today. Mr. Hunt, the accountant, will gladly show you his safety deposit boxes and vault. You'll feel pleasantly relieved once your valuables are in the care of Canada's first bank!

Turf experts say the best time for seeding lawns in Canada is the last two weeks of August or the first two weeks in September when moisture and temperature conditions are usually ideal.

Heartiest wishes for a **MERRY, MERRY CHRISTMAS**

**High School News**

By Neil Benton

Hurray! The exams are over for another year. All can breathe easier now. Two hopes! My hope is that we all have passed.

Sorry there was no news last week as yours truly was studying "very hard."

We welcome a new student to dear A.H.S. He is Neil Wallace, a young Englishman from Cheltenham, Gloucestershire. The poor fellow was hardly settled before he had to start his exams. What a welcome!

The Christmas party was held on Tuesday afternoon. The program included: Lenora Watson, at the piano; Donna McMillan, a solo; certain numbers by the members of the staff of A.H.S.; Peggy and Frances Oakes, a duet.

Santa Claus came and distributed presents to the teachers and students and then headed back for the north.

Here ended our first term at A.H.S.

On behalf of the students and teachers I would like to wish you a Merry Christmas and a Happy New Year.

**Chronicles of Ginger Farm**

Written Specially for the Acton Free Press by Gwendoline P. Clarke

Time moves on, and once again it is my privilege to wish everyone who reads this column a very happy Christmas. That I do with all my heart because as you know the happiness is meant to be shared, especially at Christmas time and we certainly hope and expect this will be a Happy Christmas in our family circle. With a newly acquired daughter-in-law and a brand new grandson how could it be otherwise?

An then of course there is that spirit of giving. Few of us are really happy unless we are the cause of having contributed to

some small way to the happiness of others. That surely is why we exchange greeting cards and gifts at Christmas time. If we lose the desire to give happiness, if we give presents only because it is "the thing to do," then there is a shallowness to our giving that makes itself felt. It even finds expression in the gifts we offer; in the ill-chosen but sometimes expensive gift that gives little pleasure to the recipient. So different from the handmade or carefully selected gift, chosen because we are perfectly sure it is the very thing to bring pleasure or comfort.

Even a box of chocolates should be chosen with care. Grandpa may have a sweet tooth so a generous assortment of chocolates with soft filled centres delight him. But oh, the disappointment when half the chocolates are nut-filled or with hard-randy centres! Grandpa feels cheated and annoyed that John or Mary had so little thought for him that they forgot about his poor old store teeth! Wills have been changed for just such little acts of thoughtlessness.

Very often it isn't the big things but the little things that give us the most pleasure and that make us miss the Christmas season. Children, over stimulated with excitement are often hard to handle. Mothers become "nervy" wondering how they can possibly get a very young child to be able to be alone before the big day arrives. How a mother would love to relax and take time out for a little quiet time with her children, but she has no time for that. The meaning of Christmas is long past when they are very young children. How to have such stories over and over again. Or perhaps a card singing giving the origin of the old Christmas carols. The children would unconsciously welcome the quiet session. Tensions would be relaxed all round. Mothers would find herself strangely calm and herself stronger in the endless jobs that still confront her.

Everyone loves Christmas carols but not everyone knows their origin so here is the story behind the better known carols.

It Came Upon the Midnight Clear. This was written by a descendant of the Pilgrim Fathers, Edward Sears. An Episcopalian minister, he was born in Sandwich, Mass. He is supposed to have written the carol in 1846. It is a beautiful and simple carol. It is a beautiful and simple carol.

How Green My Valley is Song. This was written by the Wesley brothers. It is a beautiful and simple carol. It is a beautiful and simple carol.

Christmas Awake! was written by John Byron, a minor poet of 18th century England. His little daughter Holly asked him to write a carol for Christmas. So "Christmas Awake!" was dedicated to the little girl.

God Rest Ye Merry, Gentlemen. This was written by the 17th century poet, Thomas Morley. It is a beautiful and simple carol. It is a beautiful and simple carol.
