Debate Rotation Of Garage Patronage (Continued from Page One)

clined to assume the joint liability inherent in accepting a rental fee.

Councillor Footitt registered two complaints: lack of proper lighting on Vimy street and the habit of some local pedestrians in walking up the road shoulder on Cemetery Hill. To the first item, Mayor Tyler asked the roads committee to suggest lighting improvements; considerable discussion but no decision was given the second complaint.

Interrupting a short talk on speed traps, Councillor J. Hargrave looked up at the ceiling and observed: "There's a light fixture up there with eight tubes and only four of them working. How about getting it fixed?" Mayor Tyler agreed it should be fixed and asked town foreman A. Kirkness to attend to the fluorescent fixture.

Councillor R. Langford suggested George and Wellington streets had madequate lighting. Roads committee was asked to investigate. Councillor Langford also mentioned t was said fishermen had taken boards off bath houses at Fairy Lake to use as firewood.

Number Area Farms At the close of the meeting Councillor Irwin suggested farms in the fire area be numbered to facilitate identification when a
