Education Needed stated Mr Bradley, in the final work.

Indiana Roadsides Clean

learn from A R Coulter of Lowville, who recently returned from a trip to the State of Indiana, that down there the farms and the roadsides are clean and tidy in comparisor to ours here in Ontario All of their farm buildings are painted - most of them white, stated Mr Coulter, who was most enthusiastic in his praise of the general tidiness of the farmsteads. including freedom from weeds.

Surely what they can do in Indiana we can do in Ontario and more particularly in-Halton County. As we see it, it means co-operative effort, so if you receive a call from our new County Weed Inspector just remember he is there not primarily to lay down the law or had you into court, but to help you get some of the weeds under control. As we intimited in a former article "Rome wasn't built in a day", so we can't expect to weather is tough on the farm eliminate our weed problem in a morale While we know of a few year it is going to take time but farm operators on the higher. let us make 1954 remembered as carber fields who have been on the the year Halton really made a land in fact we know of one who start in eliminating weeds which has finished seeding, on the other at the present time are costing us hand the heavier clay loams of millions of dollars annually and the County are as yet untouched also endangering the health of our Fields plewed out of sod are really C. in Provincial competition. English Visitor

Halton Junior Farmers will be privileged to play host to Miss Daphne Yeates, one of our English "Young Farmers" who are spending three months in Ontario 28 guests of the Ontario Junior Farmers' Ass'n, and Ontario Department of Agriculture. International exchange visits among young farm people are increasing, and seem to be an excellent way of creating a better understanding and a broader outlook for every one nivolved. Miss Yeates is scheduled to stay in Halton from June 19 to June 29th. Arrangements for her visit have not been finalized.
