4-H Clubs Benefit Rural Boys, Girls

Mrs. Max Featherston, district president of the Women's Institute, was the guest speaker at the September meeting of Limehouse W.I. and delighted her audience with her interesting address on the youth of today rural and urban.

The young people on farms today aspire to more comforts and labor saving devices than a few years ago.

She said the old-fashioned methods on the farms do not tend to hold young people against the bright lights of the cities.

Mrs. Featherston described the 4-H Clubs telling what a benefit they are to girls and boys in rural districts creating for them a brighter way of life, widening their horizons and teaching them to work and live with others.

These clubs also arouse ambition.

On behalf of the ladies, Mrs. J. Elliott thanked Mrs. Featherston for her talk.

Mrs. Harry Bovan, president of citizenship and education, asked Mrs. J. Roughley to give the highlights of the bus trip sponsored by the Limehouse W.I. in August and arranged by Mrs. Elliott, convener of community activities and public relations. A donation of \$25 was voted to be sent to the cemetery board of Limehouse cemetery towards the improvements being undertaken.

Bull Brings \$3,000 At Moffat Sale

An average of \$1,275 was paid for 100 head of cattle at a sale on the farm of Grant Campbell near Moffat on Saturday.

About 30 per cent. of the Short-horn cattle, bred in Scotland, were sold to United States buyers. Several others were earmarked for Columbia.

Top price paid for a bull was \$3,000. Buyer was K. A. Goetz of Midway, Ont.

Capt. Cyril Mumford of Hampton, Ont., paid the highest price for a heifer, \$2,500 for Camson, Golden the Third.

An imported heifer, Princess, Moore, was sold for the top price of \$2,200 to Col. Torrence Beardmore of Mono Mills, Ont.

The sale of imported Short-horns is one of the greatest of such annual sales on the American continent. Beef cattlemen come to the sale from many parts of the world. The sales have been held at the Campbell farm since 1950.

The Campbell herd was founded in 1920 by the late Duncan Campbell and many champions were produced prior to World War II. Its present history making era began with its re-establishment following the last war with the return of the present owner, Grant Campbell. Twice a year, since 1946, he has travelled to Scotland to purchase large shipments of the best from the leading Scotch herds. Some of these went into the permanent Campbell herd; others were sold.

With each succeeding year the productions of the permanent Campbell Farms herd play a greater role in the sale offering.
