OBITUARY

Thos. E. Appleyard Dies in 72nd Year

Thomas Edmund Appleyard, 71, died suddenly Thursday, August 25 at his home at Silvercreek. He was a district farmer who specialized in hog production.

Life-long resident, he was born on the farm which he continued to operate after his father's death. His parents were the late Albert Appleyard and Lorraine Kern. Mr. Appleyard attended the Stone School and later served as a school trustee. He was an elder of Limehouse Presbyterian church at the time of his death.

He is survived by his wife, Jessie Given, three children, Richard, Doreen (Mrs. Joseph Fry) and Muriel; one grandchild and one brother, Albert Appleyard, Toronto. A brother and sister predeceased him, John of Hamilton and Mrs. Leslie Webb, Guelph.

Rev. Alex Calder conducted the funeral service on Saturday, August 28, in Limehouse Presbyterian church. Pallbearers were K. C. Lindsay, Arthur Benton, Joe Ross, A. C. Patterson, Andrew Mino and Harding Price.

Flower bearers were Edward Robertson, Robert Miller, Harold Campbell, John, William and Roy Bradley. Interment was made in Greenwood cemetery, Georgetown.

AIGONQUIN PARK'S unique Nature Museum attracted more than 50,000 visitors last year, 43,346 from Ontario, 7,057 from 44 States of the U.S. and Mexico and 854 from 51 other countries. The Museum is part of the extensive Nature Programme carried out by officers of the Ontario Department of Lands and Forests. Nature programmes are proving popular also at Rondeau and Sibley Parks.

Acton High School News

By Neil Benton

Well, the hall of Acton High is again ringing with cheery voices for another year!

Tuesday morning there was a short assembly in room 102 with Principal Hansen introducing each of the new teachers and Mr. Heron. This year the teachers are Messrs. Hansen, Heron, Ringler, Lowrie and Mrs. Reed and Miss Taylor. Mr. Dills of the Acton Free Press gave a few words on behalf of the school board.

We either had to stand or sit on the floor as there were no seats or desks due to a strike in Toronto. Chairs arrived later in the morning for our use. The desks will arrive later in the week.

167 students registered on Tuesday and are divided into six classes. There are 67 students in grade 9, 50 in grade 10, 24 in grade 11, 13 in grade 12 and 13 in grade 13. These were the first days of school for 1954-55.

Read about Halton's successes at the C.N.E. dairy show in this week's Farm News column.

W.I. Shown Sewing Plan Trip To City

The September meeting of the Acton Women's Institute was held at the home of Mrs. J. Wilds. The meeting opened with the Institute Ode, followed by the Mary Stewart Collect. Mrs. Fred Anderson read the minutes of the last meeting. Roll call came next and then a health rule to practice daily.

The current events were told by Mrs. C. Mason and it concerned the new high school. The convener's report was then given. Mrs. Bert Davidson told of Mr. Mel Barden of Hillsburgh winning two firsts and one third for his horses. Mrs. Earl Lambert told that by painting nail polish on the backs of ear rings it protects the skin and does not hurt the skin. Mrs. W. Hamilton read of racial discrimination. Mrs. G. Lantz gave a reading on the wedding cake. The motto of the day was read by Mrs. Nichol, called the Kitchen Cupboard. Mrs. William Ballentine gave a reading, Before the Meeting.

It was moved by Mrs. G. Lazenby and seconded by Mrs. B. Davidson to have the booth at the Acton fall fair. Arrangements were made for a trip to Brampton, a biscuit plant in Toronto and ending at the Canadian National Exhibition.

Mrs. Ed Pearen of the Greenock W.I. thanked the Acton W.I. for their invitation to the meeting.

A sewing demonstration was given by Mrs. Carter and Mr. Finigan of Guelph. The meeting was then closed with the Institute Grace Lunch was then served by the committee. A vote of thanks was given to Mrs. J. Wilds for the use of her home.

BE REASONABLE

If a tourist can get food, good lodgings and good recreation at a reasonable rate, he will be a booster but if they cost that which only a millionaire can afford, then he is immediately a knacker. Co-operation on the part of every Canadian can send all our visitors home talking in glowing terms of Canada. (Olds (Alta) Gazette)

OBITUARY

Acton Native Dies in New Zealand

Friends in Acton and many of our readers will regret to learn of the passing in Graytown, New Zealand, of Mrs. J. E. Montgomery, who was before marriage Mrs. Gertrude Walters, a daughter of the late Mr. and Mrs. John Walters. She had been in failing health for the past two years and for the past nine months had been in hospital.

Mr. and Mrs. Montgomery left Acton over 45 years ago and have resided in New Zealand since then. Sincere sympathy of many friends in this community will go to Mr. Montgomery and family in their bereavement.

The funeral service was held in the Presbyterian church at Graytown and was largely attended and burial was in the cemetery there.

ROWLING

The re-opening of Acton Bowling Lanes, Friday evening, September 3, saw a steady stream of bowlers trying out the alleys.

Several nice scores were racked up but Phil De Souz topped the field as he threaded a string of 247, 257, 200, 284, 198 for a 247 average. Next night of bowling for the start of the season, Phil.

The Mason, K.W. and girls are busy organizing a team league and expect to be competing this fall in many of the very best.

The house currently is owned by Mr. and Mrs. Neil McDermid who have lived there for 46 years but now find it difficult to manage such a large home. They plan "moving to town" when they have sold out.

The co-operative union would collect token fees from members wishing to spend summer holidays at the spot which one day will sit

HUBERT H. SCOTT, of Montreal, newly appointed Steamship Passenger Traffic Manager for the Canadian Pacific Railway Company. He succeeds H. B. Beaumont who has retired after a half century of service in the steamship traffic business.

"Do Your Best" "Be Prepared"

Plans for the fall season of scouting were talked about by the scoutmaster and some of the leaders when they met on Tuesday in the scout hall. The first scout meeting is next Monday night - the regular time and place - and you'll find out about the plans then.

This is the week for new scouts to join. There will be some cubs who have "flown up", too. Come to the scout hall on Monday at 7:15 p.m.

Any boys from 12 to 16 years of age are welcome to join the Boy Scouts. They don't have to have been cubs.

Be sure to come, all you former scouts too! We want to have a good year with lots of tests passed and lots of fun too. Dave Dills, Scoutmaster.

N.S. Co-op Union in Highland Home

BADDECK, N.S. (CP) - The Nova Scotia co-operative movement believes "Shealladh Breagh" will provide an ideal spot where low wage earners who make up its membership can get real relaxation.

"Shealladh Breagh" is Gaelic for "beautiful view." It's a rambling white house overlooking tree-sketched Baddeck Bay in the heart of the Cape Breton highlands.

The Nova Scotia Co-operative Union is looking for 250 contributors to buy property, but it proposes to get the use of the site by selling shares to other organizations and individuals.

Alex MacIsaac of Antigonish, stronghold of the co-operative movement, says the project is "the most talked about we have ever had in the movement." Mr. MacIsaac is the managing director of the union.

The house currently is owned by Mr. and Mrs. Neil McDermid who have lived there for 46 years but now find it difficult to manage such a large home. They plan "moving to town" when they have sold out.

The co-operative union would collect token fees from members wishing to spend summer holidays at the spot which one day will sit

THE COUNTRY MERCHANT We have all heard of how the governments spent millions of dollars on relief in the 30's. But the greatest agency of relief not only in the 30's but since the west was settled was the country merchant. We often wondered how long he could hand out goods on credit. Wolsley (Sask) News

HEART OF PROBLEM The heart of the education problem is that school authorities have tried to give the same type of education to all who go to school instead of recognizing differences in ability and interests. While everyone should have the best education possible that does not mean that every child has to get the same kind of education. (Clareholm (Alta) Local Press)
