

FARM NEWS

From Halton's Farm Lands

CONSERVATION COMMITTEE OPPOSES OPEN SEASON FOR DEER

Poor judgement on the part of many hunters from such centres as Toronto, Hamilton and Guelph, has resulted in Halton farmers wanting no more of them. This would appear to be the consensus judging by the warm and spirited discussion which took place at a meeting of the Halton Conservation Committee held in the Farmers' Building, Milton, on Tuesday evening of last week.

Apparently a large percentage of these outside hunters have no respect for rural property. Aside from general carelessness in the discharge of firearms, numerous instances were cited of damage to fences and buildings.

In Equestrian Township, this past winter, stated chairman Geo. Currie, visiting hunters left their cars parked along township roads to such an extent that it was impossible for township plows to operate.

This heated discussion arose out of a request from I. C. Marritt, District Forester, that the Halton County Council approve of an open season for deer this coming fall. It was pointed out by Mr. Marritt, that the deer have increased to the point that aside from any damage to crops, they are seriously injuring woodlots and plantations.

While the majority of those present agreed with Mr. Marritt regarding the damage being done by deer, on the other hand, it was the opinion of the majority of those present that outside hunters were a greater source of damage than the deer.

The meeting recommended to the Halton County Council that consideration be given to the holding of an open season for deer in the fall of 1955, providing that it be restricted to county residents, only, and further, that it be confined to that part of Halton north of the No. 5 Highway.

It was also the general feeling of the meeting that in the past far too many licenses have been sold to outside hunters by some Halton municipalities. It was therefore recommended to County Council that in future, the licenses to non-residents of Halton to hunt foxes, rabbits and pheasants, be limited in number to the county, and that a meeting of township municipal officers be held prior to July 1st, when details concerning the number of licenses to be sold, etc. would be decided.

OVC Dr. To Address Twilight Meeting

Acetonemia and other associated dairy cattle diseases will be the subject of Dr. Jim Henderson of the Ontario Veterinary College, when he addresses the annual Halton Holstein Twilight meeting at Hays Sales Arena Friday.

The 4-H Dairy Club will hold their meeting in conjunction with this Twilight Meeting. The event is open to all men and women interested in dairy cattle. Special prizes will be awarded to the best judges—ladies, men, and calf club members.

Dairy Groups Plan Annual Field Day

The annual Halton and Peel Guernsey, Jersey and Holstein Field Day at the Ontario Agricultural College on the first Saturday in June, an event always looked forward to by 1,000 to 1,200 Halton and Peel folk.

Notwithstanding the fact that the College authorities have revised their program for visiting groups, officers of the three breed organizations in the two counties of Halton and Peel have been advised by Professor Geo. Rathby, Head of the Animal Husbandry Department, of the Ontario Agricultural College, that Saturday, June 4 is their field day. As in former years, the group will be guests of the O.A.C. for lunch in the College Dining Hall.

In addition to the usual program Professor Rathby and his staff are arranging to provide an opportunity for the Halton and Peels to see the International Business Machines in action. It is with the aid of these "human machines" that the Animal Husbandry Department of the Ontario Agricultural College is doing that outstanding piece of research pertaining to the relative ability of herd sires to transmit type and production to their offspring.

It is anticipated that data on the various herd sires in the Maple and Toronto District Artificial Units which have sired ten or more daughters, will be available to the visiting group.

Rights of Way To Be Viewed By Panel

Compensation to be paid for Hydro and Highway right of ways across farm lands is a question causing some concern to Halton property owners. In the hope of getting some clarification on the subject, we understand the Halton Federation of Agriculture is arranging a meeting for the Court House, Milton, next week.

This will take the form of a panel discussion, and we further understand that the Department of Highways and the Ontario Hydro Electric Power Commission have accepted invitations to send representatives. Other members of panel according to A. R. Coulter, Secretary of the Halton Federation, will include M. M. Robinson of Burlington; Cecil Belyea of the Ontario Federation of Agriculture; with Geo. E. Elliott of Milton, as chairman.

All in all, it looks like an interesting program which should be of interest to Halton farm folk.

Halton Jr. Plan Summer Activity

Ontario Junior Farmer Field Day at Guelph in June

On the last Saturday in May, they are making plans for their annual County Livestock Judging Competition. Total is one event where the male section of the Junior Farmers will go it alone—however, they plan to make up for it the same evening in the Milton Town Hall.

When the announcement of awards and presentation of prizes will be held in conjunction with the usual dance to the Rhythm Ramblers.

These are but a few of the activities planned for the summer season but perhaps sufficient to indicate that the present executive is out to maintain the program of recent years.

District Holstein Surprises Experts

Hartog Jenima Sadie, a pure bred Holstein, bred and owned by J. C. Bell and Son, Burlington, Ont., is a most unusual animal. At an age when most cows are long past their prime, Sadie has surprised the experts by making her largest yearly production record.

As a 15 year-old she produced in 365 days on twice a day milking, 21,000 lbs. milk containing 710 lbs. fat.

This is the latest in a long series of excellent production records made by Sadie which give her a lifetime total on official test of 171,574 lbs. milk containing 5,973 lbs. fat—average test 3.48% butterfat. She is thus recognized by the Holstein-Friesian Association of Canada as a Silver Seal producer.

All of this outstanding cow's records have been made on twice a day milking and in six of her lactations she qualified for the 305 day division. Sadie is classified Good Plus for conformation.

Lasting Beauty With Perennials

A perennial garden offers permanent beauty. Here you can have your own roses climbing on trellises or in a formal bed. Many home owners start a perennial garden in a small way and add to it until the collection is a sizeable one, affording a variety of gorgeous cut flowers for the home and to wear.

Anemones, Aquilegia, Asters, Centaurea, Chrysanthemums, Delphiniums, Dianthus, Iris, Lupinus, Peony, Phlox, Primula, Ranunculus, Scabiosa, Veronica. There are many more. This list, however, will give a succession of flowers from spring to fall.

Halton County Law Association Honors Miss Myrtle B. Field

The Halton County Law Association tendered a presentation dinner in honor of Miss Myrtle B. Field on her retirement as Registrar of Deeds for Halton, in the Karamine, Burlington, on Wednesday of last week.

T. A. Hutchinson, Q.C., president of the Halton County Law Association, made the introductions and Leroy Dale, Q.C., presented Miss Field with a combination radio, record player with an assortment of records.

Head table guests were Miss Myrtle B. Field, Judge W. N. Munro, His Honor Judge W. N. Robinson and Mrs. Robinson, His Worship K. M. Langton, police magistrate and Mrs. Langton, Leroy Dale, Q.C., T. A. Hutchinson, Q.C. and Mrs. Hutchinson.

Miss Lois McMillan of Burlington presented musical numbers, "A Heart That is Free" and "Mother Macree". She was accompanied at the piano by Miss Mary Fraser of Burlington.

A total of 40 Halton County lawyers and their wives, with the staff of the Registry Office, attended the event that included a dinner of spring chicken and strawberry parfait.

Purchase House Smashed By Tree

Mr. and Mrs. William Turner, whose home was smashed by a falling tree on Tuesday, February 15, have purchased the house from its owner, W. P. Gamble of Guelph. The 50 foot tree was being felled to the requirements of hydro linemen when it crashed down on the two-storey frame house on the Campbellville sideroad just east of the village.

Mr. and Mrs. Turner were inside the house at the time but, seeing the tree was about to descend toward their house, they escaped to the back kitchen. They had lived in the house about 40 years.

LIGNY-DUFFERIN Spring Seeding, Painting Noticed

(Intended for last week) Mr. and Mrs. Edgar Howden attended the final banquet and dance of the Harmony Club in Guelph, Saturday night.
