OBITUARY

Moved to Guelph Four Years Ago

Mrs. H. McLeod, who lived in Acton for about six years, died at the home of her daughter, Mrs. James McPherson, Guelph, on Thursday, June 16. She was in her 84th year. She had had a lengthy illness and had been bedridden for some time.

Lottie Kate McLeod was born in Caistor township, the daughter of the late William Jackson and Isabella Wilson. In 1889 she was married to Henry Anderson McLeod in Nassagaweya township. He predeceased her. She moved from Acton to Guelph four years ago to make her home with her daughter.

She was a member of Nassagaweya Presbyterian church.

Rev. R. Armstrong conducted the funeral service at the Rumley funeral home on Saturday, June 18. Pallbearers were grandsons, Ross and Bill Campbell, Doug and Angus McPherson, Gerald and Mervin McLeod. Carrying the flowers were granddaughter, Eileen McPherson, Lottie Woods, Ruby Armstrong, Isabel Yatsley, Katherine Young and Marion Campbell.

Interment was in Fairview cemetery.

As well as Mrs. McPherson, Mrs. McLeod was the mother of Mrs. Marion Campbell, Burlington; Mrs. Ada Johnson, Medina, New York; Harry, R.R. 1 Acton and William, Acton. A sister Mrs. Frank De Yoe, Scotland, Ontario, also remains.

CAPITAL PUNISHMENT

PETERBOROUGH, Ont. (CP)—The Optimist club here which promotes projects designed to aid youth, recently supported a proposal calling for institution of capital punishment for convicted narcotics peddlars who sell drugs to young people.

LETTER TO THE EDITOR

Third Party Needed For Protest Vote

R.R. 1 Puslinch, Ont. June 27, 1955.

The Editor,
The Acton Free Press,
Acton, Ont.

Dear Sir:

May I comment on your editorial of June 23, "Two is Sufficient!" I feel that the C.C.F. is the safety valve of our democracy. The greatest threat to our democratic system at the present time is the practice of both Liberals and Conservatives accepting and using election campaign funds from vested interests, thereby putting themselves under obligation to return favors to their benefactors. There would be many thousands more voters who would fail to cast their ballot if there were not a third party for which they can register a protest vote.

Yours truly,
Mrs. S. Trousdale.

BASS ARE BITIN' AGAIN IN ONTARIO! Season is July 1 to Oct. 15 except St. Clair River, Lake St. Clair and Detroit River, June 25 to Dec. 15 and Lake Erie and Niagara River between Lake Erie and Niagara Falls, July 1 to Dec. 15.

38 Dublin Institute Ladies Enjoy Tour

Thirty-eight Dublin Women's Institute members and their friends enjoyed their annual bus trip on Tuesday, June 21. Leaving Acton at 8:30 a.m., they travelled through Orangeville, Flesherton, visited Eugenia Falls, and through Beaver Valley on to Thornbury, Meaford and Owen Sound. The country was at its best and in most districts, crops were abundant. Picnic lunch was served at tables in Harrison Park, Owen Sound.

The afternoon was spent in a tour of the Sun-Times Building, where the group was taken and shown the intricacies of publishing a daily newspaper, from the time copy is taken in at the front office until the completed edition of 24 pages comes off the large press and is ready for the mailing clerks. The group enjoyed this tour very much. The rest of the afternoon was spent in shopping tours around the city, following which supper was served in the park.

An arrangement had been made to go to the C.F.O.S. Broadcasting Studio later. This was very interesting also and gave an insight into the procedure of getting things "on the air."

A brief visit to the modern multi-sided Collegiate was enjoyed too. The party returned by Provincial Highway No. 6 and the happy and tired ladies, laden with their shopping, arrived home about 11:30 p.m. The day had been a perfect sunny day, just warm enough to be comfortable and the trip had been especially enjoyable due to the courtesy and careful driving of the bus driver.

LIGNY-DUFFERIN

Forum Has Annual Strawberry Supper

(Intended for last week)

Ligny Farm Forum held their annual strawberry supper and picnic on Tuesday evening. After supper was over the sports committee had a good list of races for both young and not so young. Plans were made for a corn and wiener roast in early fall.

Anniversary services were held on Sunday at Boston church. There were many friends and relatives at many of the homes in the community.

Mr. and Mrs. Ted Neil and family, Brantford, Mr. and Mrs. Art Wilson, Milton, with Mr. and Mrs. John Irving and family.

Mr. and Mrs. Lloyd McIntyre and Mr. and Mrs. O. Brown, Acton, Mr. and Mrs. C. Brown and Carol, Burlington, with Mr. and Mrs. Cliff Brown and family.

With Mr. and Mrs. R. Dredge were Mr. and Mrs. C. Peacock and Mrs. James Peacock, Omagh, Mr. and Mrs. Bud Galbraith, and Mary, Hornby.

Mr. Kenneth McKenzie visited with Mrs. A. McKenzie, Keith and Nancy.

Dr. John Brown, David, and Ricky, Vineland, with Mr. and Mrs. S. J. Brown.

Mr. and Mrs. Chris Burton, Milton, Mrs. Allday, England, Mr. and Mrs. C. E. Melmer, Toronto, with Mr. and Mrs. C. E. Davenport.

Mr. Roy Sutton spent several days last week with Mr. and Mrs. S. J. Brown and Edward.

Several farmers in the district are silo filling this week with grass silage.

Pleased to report Mrs. Ernie Wilson is much improved this week. Mrs. McNabb of Windsor has been with Mr. and Mrs. Wilson for the past week taking care of Mrs. Wilson.

Mrs. L. Clarke left by plane for overseas a week ago along with a number of press personnel. We wish her a pleasant trip.

Girls Dance Fling For Heather Club

The monthly meeting of Knox church Heather club was held on Wednesday evening, June 22, at the home of Mae Dumarch, with Dorothy Calder, presiding. Mary Mann read the scripture and Dorothy Calder offered prayer.

After the secretary's and treasurer's reports, business at hand was discussed. Renee Watson, read another chapter in the study book, Fire Upon the Earth. This part of the meeting closed with the Mizpah Benediction.

Four little girls Mary Grischow, Barbara Norton, Geraldine Calder and Susanne Crump entertained the group by dancing the Highland Fling under the instruction of Dorothy Calder. This was very much enjoyed by everyone.

A delightful evening was brought to a close by a luscious lunch served by the hostess, assisted by Helen Dawkins, Helen Mason and Hazel Marz.

Traffic Deaths Third to Heart

With traffic deaths standing third only to heart disease and cancer as cause of death in Canada, the highway accident outlook for the Dominion Day week-end is causing great concern. Whether Canada's 88th birthday is a safe holiday or a disastrous one rests with the motoring public.

In those words, W. B. G. Reynolds, General Manager, Ontario Safety League, today squarely pinned responsibility in advance for the toll of vacation traffic deaths.

"It is my firm belief that the greater number of holiday auto accidents can be laid at the door of impatient and discourteous drivers," said Colonel Reynolds.

"These Hurry Bugs are so intent on cramming their July first holiday full of activity and pleasure that they don't take time to drive safely."

He strongly recommended a more relaxed attitude as a safeguard for the driver on Ontario's highways.

There's very little fun in making an over-ambitious schedule and trying to keep up with it no matter what happens." He advised motorists to observe five simple rules for a safer July 1st holiday.

1. Start early, before traffic is heavy. You can cover a lot of miles in relatively light traffic early in the day.
2. Keep a safe distance behind the car ahead. Double check before passing or changing lanes.
3. Avoid driving at night whenever possible. Danger increases after dark and you are likely to be fatigued.
4. Adjust your speed to conditions. Losing a little time is better than losing your life.
5. Observe all of the traffic rules and especially the Golden Rule of the highway—let the other fellow go first.

Saskatchewan has nearly twice Quebec's total of railway track.

Checkpoint... "ACCURACY"

The watt-hour meter that measures the electricity you use is made with the same precision as a fine watch. Sealed to withstand dust and moisture, its sapphire-jewelled bearings never need oil. It is designed to operate efficiently and accurately at all temperatures and is periodically checked by Dominion Government Inspectors.

Electricity is metered in kilowatt-hours (1,000 watts used for one hour). The small dial, at the bottom of the meter illustrated, measures 1/10th of a kilowatt-hour. On completion of one revolution, the dial at the right moves one unit to show one kilowatt-hour. Similarly, the three other dials indicate, from right to left, units of ten, one hundred and one thousand kilowatt-hours—your meter, at all times maintains an accurate record of the small amount of low-cost electricity required to provide a better way of living.

COCCUS MOBILIS

We offer this as a Latin label for a brand-new type of barnyard fowl—a skating rooster. "Buster" is reported to be a phenomenal performer on a pair of 5-inch roller skates taped to his feet. Need we add that they're of featherweight aluminum.

No less impressive than this fowl's spirit of derring-do is the resourcefulness of the designers and engineers who dream up new uses for aluminum—from gadgets (see above) to furniture to minesweepers. It keeps Alcan's researchers busy, working with customer companies with new ideas on how to use aluminum to create lighter, more lasting products.
