

Eleanor Cook Wed To Ottawa Doctor

Delphinium, roses and candelabra were placed in the reorganized Church of the Holy Trinity, Saints, Guelph, for the summer wedding of Eleanor Margaret Cook of Limehouse and Dr. Robert Russell Bower of Ottawa.

The bride is the daughter of Mrs. Cook and the late Thomas H. Cook of Limehouse and the groom is the son of Mr. and Mrs. Russell E. Bower of Ottawa.

George H. Cook of Limehouse gave his sister in marriage. She chose a long-length gown of white nylon lace over tulle, fashioned on princess line with Empire styling at the waist, and long, lily-pointed sleeves.

Her only attendant was Miss Enid Fordham of Toronto. She wore a white-length gown of Heaven blue nylon champaign with a headdress of stephanotis. Her bouquet was of pink carnations.

Groomsman was Dr. H. Thurston Bonney of Port Colborne. Ushering were Albert LeFevre and Fred LeFevre of Toronto.

The wedding prayer was sung by Mrs. Alex Strangways, accompanied by Mrs. W. H. Smith on the organ.

Guests were received following the ceremony in the Y.W.C.A. in Guelph. Friends and relatives were present from Edmonton, Montreal, Ottawa, Rockcliffe, Toronto, Port Colborne, Renfrew, Guelph, Brantford, Georgetown, Elora and Acton.

Receiving them, the bride's mother wore a dress of pink printed sheen with a corsage of white roses. She was assisted by Mrs. Russell Bower who chose a dress of pink printed crepe, with a corsage of white roses.

Dr. and Mrs. Bower left on a trip to the Laurentians and will make their home in Pembroke. For travelling, the bride wore a blue linen suit with white accessories.

Golden Anniversary Year Shows Advance

The Golden Anniversary of Rotary is drawing to a close and Rotarians generally can look back to a year in which Rotary has attained a position in the eyes of the peoples of the world that was never dreamed of when Rotary was formed.

Miss Elsie Hawthorne from Regina is visiting with Mr. and Mrs. E. Cuts for a few weeks on her way home to England via New York.

Mr. Frank McIntosh was in Ottawa last week visiting his brother, Mr. Roy McIntosh who is convalescing following a recent operation.

No organization in the first 50 years of its existence has attained such a high place in the service of mankind with the possible exception of the Red Cross.

He concluded, "If there is one thought I would like to leave with you, more than any other, in the hope that it may linger long in your thoughts, is that this club and its members make international service its primary object and that each and every member make an individual contribution to the achievement of Rotary's international object."

Walt Woodburn reported on finances and Dr. Leib on transportation. Loretta reported on the Lake Erie for youngsters from Acton, Milton and Burlington.

Amos Mason, who has been ill, was welcomed back at the meeting.

Widening Street Paving Approved

The work of widening and resurfacing of Brant St. in Burlington has received approval of Queen's Park, Town Engineer Earl Swift informed council of that town.

Actual construction, however, will not be commenced until removal of hydro poles and other preliminary work is underway, he said. "The work may be held up slightly until arrival of the new Hydro standards," he said. "There is not much use in us starting until we can see that everything is ready."

Civil Defense At Georgetown Won't Leave Nelson Homes

Georgetown's first move to form a civil defence organization was taken when representatives of various organizations heard Major J. H. Adams, provincial coordinator, explain how such an organization can be invaluable not only in time of war but in peacetime disaster also.

The meeting was called by Lt.-Col. John R. Barber, recently appointed by council as local coordinator, and Leslie Clark and Harold McClure, members of the committee.

Col. Barber, in introducing the guest speaker, said that civil defence is only common sense, evaluating what we have, where it is and how we can use it as fast and best as possible.

Major Adams showed movies of the A Bomb attacks on Hiroshima and Nagasaki, then translated this damage into what would have happened in the Toronto area. His statistics were frightening and sobering especially when he explained that hydrogen bombs dropped on Collingwood would have a "fall out" area stretching as far as Fort Erie which would have to be evacuated within eight hours of a bomb blast.

Primary wartime objective of civil defence is to save life, he said, secondly to minimize the effects of disaster and to restore to the community as quickly as possible.

"We insure ourselves privately," he concluded, "this is community insurance" and urged Georgetown to create a civil defence organization.
