From Halton's Farm Lands

Award Halton Juniors 22 Prizes At Canadian National Exhibition

Halton Juniors brought back no less than 22 prizes as a result of their participation in Junior Farmer Judging Competitions at the Canadian National Exhibition. There were 14 different sections of competitions, and Halton boys took the red ribbon in four of these sections. The only other County to take more than one first, was Durham and they had to. Who were the Halton champs? Here they are:

Senior section—Beef Cattle—1st, John C. Willmott—Mrs. John was close behind her husband, a tie for fifth, being nosed out by Duncan Campbell.

Junior Section—Beef Cattle—1st, Lynn Coultter.

Junior Section—Farm Machinery—1st, Andy Stull.

Junior Section—Fruit and Vegetables—1st, Geo. Hume.

Other Halton Juniors among the prize winners, were as follows:

Swine judging—Bruce Coulson, Mervyn Colling, Earl Wilson, Bill Price, and Don Taylor.

Dairy Cattle—Geo. Greenlees, Tommy Hunter, Gordon Brain, and Ralph Cunningham.

Farm machinery—Calvin Sprowl.

Beef cattle—David Hume.

Grain and Roots—Merle Gunby, Don Taylor, Lynn Coultter, Geo. Greenlees, and Earl Wilson.

Shorthorn Class Winners

This year for the first time the Ontario Shorthorn Club in co-operation with the Canadian National Exhibition sponsored a special class for 4-H Club members. Here Kay Merry took the first award on her Shorthorn heifer with Duncan Campbell in second. When it came to Showmanship, Duncan was first, and Kay—in the second spot.

Willmotts Have Winner In Ram

Award of the coveted E. J. Freyseng trophy to R. B. Gaspell of Oshawa was one of the main features of this year's sheep show at the Canadian National Exhibition. Mr. Gaspell, who has won the trophy before, took the best pen of lambs award with Hampshire Reserve Winner was Lloyd Ayre of Bowmanville with Southdowns.

Also noteworthy in sheep classes was the presentation of a purse to Ephraim Snell of Clinton, a leading Leicester breeder who has been showing at the CNE for 50 years. His fellow exhibitors got together to make the presentation.

Don Head Farms of Richmond Hill claimed the ram championship for Southdowns at the show and P. Cameron and Sons of Thamesville took the reserve. E. Lowden of Glanford Station claimed the top ewe award and Lloyd Ayre, Bowmanville reserve, for this breed.

In Suffolk Downs, Tisker Grant of Stayner took the ram award; Boyd Ayre of Hampton the ewe championship and T. S. Gaspell and Son of Oshawa the reserve. P. E. Dearing and Son of Exeter took all championships in Dorset Horned, Hampshire Downs ram

Halton's Shorthorn Breeders Show the Way at the Exhibition

When we predicted in our column a week ago that Halton Shorthorn breeders would make it "hot" for their competitors at the Canadian National Exhibition, we spoke more truly than we perhaps realized. To use a slang expression—"Get a load of this!"

The Premier Breeder and Exhibitor Awards, donated by Hays Ltd., were won by S. G. Bennett of Scotsdale Farm, Georgetown, with a total of 38 points. In the reserve position with 37 points, was T. C. Amos, of Moffat. In third position was W. Harland Merry, of Milton.

S. G. Bennett had the Junior and Reserve Champion Females, and his Junior Champion, Scotsdale Butterfly Juliette went on to take the Grand Championship for females. Scotsdale also had the first prize Get of Sire group; also first with their Summer Yearling Heifer, to mention but a few of their more prominent awards.

A Real Achievement

"Tommy" Amos and "Tiny" Merry each brought back at least three red ribbons, which is a real achievement.

ment in a Shorthorn Show like that at the 1955 C.N.E. Amoslea Chief, the winning junior yearling bull for T. C. Amos, went on to the Reserve Junior Male Championship. Amoslea also had the first prize Senior Bull Calf, the first prize Heifer Calf, not to mention at least a couple of seconds.

W. H. Merry took his red ribbons on his Junior Heifer Calf, his Junior Bull Calf, and his winning group of three calves. Unfortunately, we haven't a complete list of the awards of this great show, but we do know that Reford Gardhouse's Aberfeldy entries were up and around the top in most of the classes, and they brought back at least one red ribbon.

Prominent

In the Aberdeen Angus Show, the entries of both Dr. W. F. James, Hornby and J. H. Willmott and Son of Milton, were both prominent among the prize ribbons. Here again we haven't a complete list of the awards, but we do know that Dr. James' entry took the Reserve Junior Female Championship.

Five Prizes Won By White Faces

In the strong Hereford Show, the only Halton exhibitors were Mr. and Mrs. C. F. Patterson of Norval. While they may not have brought back any red ribbons, five of the six animals entered were in the prize money, and that is quite an achievement in a show like the C.N.E.

Halton Red Poles Clean the Boards

When it comes to sweeping the boards clean, you have to hand it to Halton's Red Poll breeders, namely Leonard and Geo. Coulson, A. R. Coulter, and Geo. Readhead. Among them they took all of the championships and nearly all of the top awards.

Other Winners Many in Halton

Now folks, that is not by any means a complete list of awards won by Halton exhibitors at the C.N.E.—in fact, there are perhaps more Halton exhibitors not mentioned than those we have sketched listed. So if your favorite section of this great agricultural show has not been written up, why not do it yourself—your local editor will appreciate such co-operation.

Stan May Wins Percheron Prize

Halton used to have many, many prominent horsemen. Today, in so far as the heavy draft breeds are concerned, it is pretty well confined to Stan May, of Hornby, with his Percherons, and Ernie Armstrong, of Georgetown, in the Belgian breed. However, these two Halton horsemen more than upheld the honor of Halton when the judging of the draught breeds of horses got under way. Perhaps the top award was the Reserve Junior Male Championship, won by Stan May on his 1955 Stallion Foal, Bonny Joe.

Leaders For August In Jersey Classes

The high Jersey cow in Canada for the month of August is Essex Comet Prize, owned by Melvina Jones of South Woodside, Essex county, Ont. For milk production the high record was made by Brampton W R Sports Princess bred and owned by B. H. Bull and Son of Brampton.

Wolf Von Richtofen of Campbellville has the high senior four-year-old on Alfa Royalist 5D with a record of 8507 lbs. of milk and 515 lbs. of fat. British Columbia has the high junior four-year-old with Woodlawn Jester Priscilla, owned by the Estate of F. E. Poole, Armstrong, producing 11744 lbs. of milk and 641 lbs. of fat.

From 1945 to 1953 the consumption of milk in Canada declined from 1.02 pints per person per day to .86 pints.

CLEARING AUCTION SALE

OF FARM STOCK, IMPLEMENTS, ETC.

The undersigned have received instructions from

DALES BROS.
To sell by public auction at their farm, lot 13, con. 4, township of Nelson, 3 miles south of Campbellville on

TUESDAY, SEPTEMBER 27th

winner was J. H. Willmott and Son of Milton and R. B. Gaspell took the reserve and best ewe ribbon. Lloyd Ayre of Bowmanville was reserve ewe winner.

Emke Brothers of Elmwood took both championships and reserve awards in Oxford Downs.

Two long-time exhibitors, T. C. Gaspell of Oshawa and C. J. Shore of Glanworth split the ewe classes for Cotswolds, with Mr. Gaspell taking the championship. Mr. Shore took both championship and reserve for rams.

In Leicester's Ephraim Snell of Clinton claimed both ram and ewe championships while Ralph Young of Caistor Centre took the reserve ribbons. Boyd Ayre of Hampton took all four major awards for Cheviots.

W. E. Crawford of Minesing took the ram award for Shropshire and R. B. Comfort of St. Anne's the reserve white G. S. Erian and Son of Ridgeway topped the ewe championship. Reserve ewe award went to W. E. Crawford.

Arnold J. Gardhouse of Unionville took the ram championship for Lincolns and H. M. Lee and Son of Highgate both the reserve for rams and championship and reserve for ewes.

COMPLETE DISPENSAL AUCTION SALE

OF: Erinvew Farm Holstein Herd, Accredited - Vaccinated

The undersigned has received instructions from

HARRY MCKINNEY
To sell by auction at the farm, lot 15, con. 10, Erin township, half mile east of Erin village, in the County of Wellington, on

TUESDAY, SEPTEMBER 20, 1955

Commencing at 1:30 o'clock sharp the following:

CATTLE—1 Holstein cow, in full flow, not bred; 1 Guernsey cow, in full flow, not bred; 1 Holstein and Guernsey cow, in full flow, not bred; 1 Red Poll heifer, rising 2 yrs. old; 1 black Holstein heifer, 2 yrs. old; 2 steers, 2 yrs. old.

TRACTORS, IMPLEMENTS, ETC.—M.D. model M tractor with lights, starter and pump; M.D. 004 tractor with lights and starter; M.D. 04 combine, 2 yrs. old, with bin; M.D. 3 furrow tractor plow, acc. bottom; M.D. 3 furrow disc plow; M.D. 15 disc grain drill; M.D. tractor mower, 7 ft.; M.D. 16 plate tractor disc; M.D. 400 manure spreader, power take-off; 4 section harrows; Bissell 3 section cultivator; circular saw and frame; M.D. potato digger; rubber tired wagon with flat hay rack; corn sculler for M tractor; M.D. hammer mill no. 6; 2 wheel tractor or car trailer; land roller; dump rake; M.D. slide rake, 3 bar; 2 unit Rightway milking machine with motor and pipe; electric fence; extension ladder; loading chute; lawn mower; set of sleighs; emery with motor; spark plug tire pump; 80 ft. drive belt; tractor chain 11 by 38; oil tank with pump; grease guns; oil cans; gas can and funnel; coal spreading stove and fountain; hay fork and rope; pulleys; set of slings; length of cable; cutter; cross cut saw; quantity of timothy and red clover seed; scythe; cradles; forks; hoes; shovels; chains and other numerous articles.

TERMS: Cash settlement with clerk on day of sale.
No reserve. Farm sold.

Kitimat grows

Already Alcan's big new West Coast smelter goes ahead with TWO major increases to meet the rapid growth in demand for Canadian aluminum

The broken lines on the photograph roughly indicate the additional area to be occupied by new smelters and other buildings. Beyond the present plant (the aluminum structure in the middle ground) can be seen the harbor and docks of Kitimat.

In August, 1954, only 3 1/2 years after ground was broken, the Kitimat smelter commenced production of aluminum with an annual capacity of 91,500 tons. Almost immediately a 60,000-ton extension was started. And in the spring of 1955 the decision was made to proceed with a flexible program to add a further 180,000 tons to ingot capacity.

A progressive increase to 331,500 tons, more than three times the size of the original installation, and well on the way to our ultimate Kitimat goal of 550,000 tons a year.

This continuing expansion of Kitimat in successive stages", stated Aluminium Limited president Nathanael V. Davis, "should, we believe, help to keep pace with the growing free world demand for aluminum and particularly the demand in our major export markets, the United Kingdom and the United States."

The new facilities will go into production step by step, with the first unit starting up in the fall of 1956. It is expected that the present building program will be completed in 1959.
