

TO BETTER SERVE YOU...

... Motorists in Acton and District!! Thompson Motors (Acton) Ltd. have moved to new, modern quarters on Main Street -- we've increased our staff to provide the best service and repair work in this area. We'd like to introduce our personnel to you and assure you of their wholehearted desire to continue the service we've tried to maintain at the highest level during the past 10 years.

General Manager

Modern, Larger Facilities . . .

Formerly occupied by Lorne Garner Motors Ltd., our new corner premises on Main Street open greatly increased service and repair facilities to motoring customers of Acton and district. With spacious, hardtopped areas around the pumps, easy access to the completely outfitted service and repair entrances and enlarged parts space in the sales and showroom area, we're proud to be able to offer you all-round improved service.

Speaking of Service . . .

For a decade we've endeavoured to meet the motoring needs of Acton and district residents. That we're now able to expand and increase our scope of service is evidence of the confidence given us by scores of vehicle owners. As an authorized Ford-Monarch dealer, we've taken pride in the fair-dealing policies our old and new customers have found here. They are Ford Truck and Tractor owners as well as Ford or Monarch new car buyers and A-1 rated used car owners who have done business with us. We assure them, these policies will continue.

Secretary

This fair dealing in our sales relations is just as important in the service and repair departments. No matter what your make of car, you can be confident of 'fair-dealing' in attention, workmanship and price when you drive up to our B-A garage.

Sales Manager

A Trained, Courteous Staff . . .

Over half a century of combined service is represented in the employment of our staff at Thompson Motors (Acton) Ltd. Mrs. H. Otterbein, as secretary and bookkeeper, has been with us six years. Sales manager "Pat" Patterson, widely known in this district, has been in all phases of the automotive business since 1919 and joined us seven years ago. Bill Thompson, one of the original partners of Thompson Motors 10 years ago, will continue as parts manager. Shop foreman Les Halliday, a first-class licensed mechanic, has been with us eight years. Doug McEachern has been known in Acton as a first-class mechanic for several years; he

joined our staff recently. Gordon Johnston is well-known to tractor owners in the area; a mechanic of long experience, he has been working with us for eight years. Don Rainey, recently joining us as service attendant, is B-A trained and worked with Wellington Motors in Guelph in charge of service for five years. Adam Frost, another first class licensed mechanic, has worked with us here for five years. Manager Ray Thompson, in the automobile business for 15 years here, was original co-owner of Thompson Motors first established in Acton in 1946.
