Donald Archer is ready in tune with the times
High fidelity sound expert Donald Archer says:
"On older phonographs and records you could hear only part of the sound range. Today's 'hi-fi' systems reproduce the lowest and highest notes of the musical scale with startling realism. This modern development has meant great progress in the recording field."
As a family man, Mr. Archer also benefits by continuous progress in another field... *Life Insurance*. Policies are more flexible and more adaptable to the needs of individual families.
Today, you can obtain life insurance policies that provide not only basic protection but ready funds for emergencies, also policies for education, for safeguarding your home, for protecting your business and for ensuring your retirement income.
In these and other ways, the life insurance companies in Canada have progressed with the times... meeting the needs of people in all walks of life!
THE LIFE INSURANCE COMPANIES IN CANADA
The amount of life insurance owned by Canadians has doubled in the last seven years.

Eats Plastic Cars Wheels Get in Way
Although Timmy Saul was very ill, neither family nor doctor could discover what was the trouble. Timmy was then taken to Guelph for x-ray where it was learned he had been eating plastic cars and trucks. The wheels had become lodged in the intestine and Timmy couldn't swallow food.
An operation was needed to remove the wheels. At the present time Timmy is recovering nicely.
The operation was performed at the Ontario Agricultural College, Guelph. Mr. and Mrs. Bill Saul, Ostrander Blvd., Georgetown, own Timmy, a beautiful spaniel pup.
Story thanks to Georgetown Herald.

Lake Superior, the longest of the Great Lakes, is 383 miles in length.

Seek Register Of Subdivision
All township requirements met. Esquejing township council decided to notify the Community Planning Branch of the Department of Planning and Development that the township is ready to have the Meadow Glen subdivision registered. Council has received the approval of both the township road superintendent and the engineer of the Municipal Roads Branch of the Department of Highways concerning the road in the subdivision.
Council met in Stewarttown on Tuesday, September 4. All members were present with reeve Walter Linham presiding.
A by-law was passed to appoint an inspector under the Trench Excavators Protection Act.
Claims for livestock killed or injured by dogs were paid to James Inglis and Albert Presswood. Claims for foxes destroyed were paid to Chris Paulin and G. O. Brown.
The Ladies' Auxiliary of the Canadian Legion was granted permission to hold tag days in aid of Georgetown Hospital Association.
W. E. Townsend was appointed acting clerk in the absence of the clerk on holidays.
Accounts paid included \$10,945.23 road accounts; Department of Health \$5.15; A. W. Benton \$15; Bell Telephone Co. \$22.65; G. C. Brown, road superintendent's bond, \$5.

CUTTING THEIR WEDDING cake at a reception in Acton United church are a bride and groom of Saturday. Juanita Margaret Rose DeForest, the daughter of Mr. and Mrs. Harold DeForest was married to Gerald Joseph LaMarche, the son of Mr. and Mrs. Trueman Spence. Rev. Gordon Adams officiated.

Impressive Displays By Homemaking Clubs
Something of what the girls of rural Ontario are learning and doing in their 4-H Homemaking clubs was demonstrated at the Canadian National Exhibition this year when 160 girls represented their clubs in an inter-county display of exhibits and a program of skits and demonstrations as entertaining as they were practical. Projects demonstrated were Food, Clothing, Hospitality, House Furnishings and Citizenship. Three Halton girls demonstrated their project:
Under the Home Economics Service of the Extension Branch of the Ontario Department of Agriculture, girls' homemaking club work is directed by the County or District Home Economist, but the leaders of the individual clubs are local women who have skill in the crafts of homemaking, a liking for girls and the unselfishness to give their time and talents to this service.
"Cotton Accessories for a Club Girl's Bedroom" was the project demonstrated by Norma Hagar of Welland County and Evelyn MacTaggart of York. Marion Wolfe of Dufferin had a clothes closet exhibit; Donna Hedley of Haldimand showed "A Well Planned Costume for Spring" and "Well Planned Costumes for Certain Occasions"

was presented by Joan Marie Aikens of South Simcoe and Pearl George of Wentworth. "The Wool Skirt and Its Companions" was exhibited by Laurel Anyan of Temiskaming and the care of the hands was emphasized by Mary Gordon of Wellington.
Food exhibits included "Five Ways with One Vegetable" by Joan Berge of Waterloo who demonstrated the different uses of carrots, and "The Cereal Shelf" by Betty Bailey of Peel.
Norfolk's project, "The Club Girl Stands on Guard" - a study of health and good citizenship with Ann Gould as commentator, consisted of an exhibit of "Six Books We Have Read."
Jean Ann Horne and Beatrice Powell of North Simcoe and Lois and Betty Crosby of Manitoulin showed how a dry-cleaning job can bring "New Life" for the "Old Skirt". Marilyn Cleave, Ruth Wilson, Joan and Mary Harrop of Halton present "How to Plan a Wardrobe"; Erma Pettit of Thunder Bay made muffins to demonstrate "Saving with Cereals"; Marion Betz and Evelyn Whitty of Ontario County showed "Around the Clock with Cereals" and a demonstration of "Milk on the Invalid's Tray" was given by Norma and Lois Davis of Brant. As a hospitality project, Betty Mino, Carol Jamieson and Leila Pettigrew of Lincoln showed the correct way of serving afternoon tea and a humorous and impressive skit on "Safety in the Home" was presented by Marie Brigham and Emily Kaufman.
Miss Florence Eadie, Supervisor of Junior Home Economics Service, directed the day's program, together with a second day of home economics judging competitions. During their stay in Toronto the girls were guests of the Canadian National Exhibition, which also provided prizes for their competitions.
In indirect taxation only, Canadians are paying to the federal government more than \$32 million a week.

WHAT DOES THIS MACHINE MEAN TO YOU? *
THIS IS A MODEL 747-5
SUN TUNE-UP TESTER
Designed for rapid diagnosis of engine troubles in YOUR automobile
*TO YOU IT MEANS PROMPT SERVICING, WHEN YOU NEED IT AND AT EFFICIENT SAVINGS THROUGH USE OF PROPER EQUIPMENT

THE SUN TUNE-UP TESTER is the first installation of a series of engine-testing equipment we are purchasing to provide our customers with efficient, and economical servicing. It will be operated by factory-trained personnel, fully qualified to handle any mechanical repairs.
