

Work of Health Unit Explained to Ladies

Some 24 ladies enjoyed a very interesting and instructive talk by Mrs. Jamison of the Halton Health Unit at the regular monthly meeting of Limehouse Women's Institute held in Limehouse Memorial Hall, Thursday, September 6. Mrs. Jamison explained the work of the health unit and especially her own work in the county.

The roll call for the meeting was an article for the bazaar to be held in the autumn. A letter was received from Dr. Hitchmanova appealing for help and \$10 was voted to assist this very worthy cause.

Mrs. Frank Brown and Mrs. E. Sanford were elected to attend as delegates the Area Convention in Guelph September 25 and 26. The bazaar, library, flower and fruit and garden conveners all reported on the work on hand, also the fair committee.

Mrs. N. Ruddell took charge of the program and called on the different conveners to give their two-minute reports and Mrs. Sanford for the current events.

The meeting closed with God Save the Queen, after which all enjoyed a social half hour over a cup of tea, sandwiches and cake provided by the social committee of the month, Mrs. J. S. Noble and Mrs. E. Karn.

The W.I. of Limehouse believe in starting from the ground up, so for some years have sponsored school gardens in the district, beginning in the spring with children not yet attending school but who will be starting in September and all classes up to those leaving, after obtaining their entrance.

Mr. Pargeter of Acton has been the judge of these gardens for years and the Limehouse ladies are very grateful to Mr. Pargeter for the interest he has taken and the time he has given to this work.

This year he donated a cup to be won three years in succession by one pupil before that pupil can receive the cup. This year the pupil having the largest number of points and winner of the cup for the year was Patsy Crawford of R. R. 3, Georgetown. She was presented with a book from the W.I.

Mrs. S. Gishby, convener of school gardens, selects seeds, etc. in the spring and they are given to any school child who will undertake to make and attend to a small garden plot during the summer. Mrs. Gishby and Mr. Pargeter make a tour of these gardens and points are given as Mr. Pargeter judges them. This year there were 41 gardens. A few were never planted but most of them made a showing of some sort. A few were really beautiful to behold while others show how little interest the pupil had in the work.

Saturday, September 8, the children gathered the best from these gardens and had a display in Limehouse Memorial Hall.
