

Christmas Trees, Certain Toys Potential Fire Hazards in Home

OBITUARY

Frederick W. Hunter Collapses at Duties

Custodian at the Y.M.C.A., Frederick W. Hunter died there suddenly on Sunday morning as he was tending to his duties. He collapsed in the hallway and was found by members of the Christian Reformed church.

Mr. Hunter, a retired glove cutter, had made many friends among the youngsters of the town recently as he worked at the Y.M.C.A. and supervised the wading pool in the park.

He was active in L.O.L. 467 and members of the Lodge acted as pallbearers Wednesday. He was an honorary member of the Canadian Legion.

Surviving Mr. Hunter are his wife, the former Irene Marchment; sons and daughters, Cpl. Ross Hunter, Petawawa; Sgt. Ronald Hunter, Shilo; Mary, Betty (Mrs. Eugene Green), Georgetown; Ethel (Mrs. Mack Wilson), Alton; Lois (Mrs. John Turkoz), Acton; David, Marvyn, Mary and Marlene, at home; and a brother, Henry Hunter of Guelph.

He had lived in Acton for the past 17 years, moving here from Georgetown.

Funeral service was held at the Runley funeral home on Wednesday afternoon, with Rev. Evan Jones officiating. Interment followed in Fairview cemetery, Acton.

Comets Leading Y House League

Comets walloped Rams 10-6 and Panthers shined Spitfires 2-0 in games played in the Y.M.C.A. floor hockey house league last week.

High scorer for Comets was Lindsay with six goals while Churchill paced the Rams with three.

Heading the league as a result of the games played last week are the Comets with 12 points. Tied for second are the Panthers and Rams with six points apiece and bringing up the rear are the Spitfires with two points.

Will Canvass Eramosa for Disease Control

A directors' meeting of the Eramosa Township Federation of Agriculture met in No. 10 school to discuss calfhood vaccination for the township.

As it stands now, each farmer in Eramosa who vaccinates his female calves, pays \$1.00 for this immunization. If the township were a supervised area, all calves would be vaccinated free of charge to the owner other than through tax channels. This points up the fact that cattle owners who are paying for their own vaccination are also helping (through tax assessment) to pay for the supervised areas.

To make vaccination effective in the township, two thirds of the cattle owners must sign a petition requesting the service. To promote full understanding of the plan, a meeting will be held for farmers in the Rockwood town hall early in January.

Following this meeting, a canvass will be made of the township. A program similar to this was done for TB.

Mackenzie News

Give the man in your life something new for his tool collection.

You can pay from 50c for a putty knife to \$104.50 for a Black and Decker heavy duty electric saw and a great many items at modest prices. Another tool for a special purpose such as a saw, chisel, plane, square or trowel would be a welcome gift. A super present would be an Estwing all steel hammer at \$5.95.

We notice that our tool bar takes the men's fancy as strongly as any hat bar attracts the ladies.

CALL 48

Presentation Honors G. A. Dills At Annual Municipal Banquet

About 60 attended the annual ladies' night of the Town of Acton, held last Friday at Hilltop Lodge in Erin. This event, which includes members of Council, Public Utilities Commission, Planning Board and officials of these various bodies the press and their wives or husbands, is a highlight of the municipal year in Acton. It is marked with special honors accorded the ladies when business of the town is supplanted with gathering in a special way.

A delightful turkey dinner was served and this was followed by a presentation in which Mayor Ted Tyler expressed the appreciation of the town to G. A. Dills for his service since the forming of North Halton High School District Board until his retirement this year and for his interest and endeavor over many years in Acton's interest and advancement. A beautiful bouquet of chrysanthemums was presented

to Mrs. Dills and to Mr. Dills, a fine leather briefcase. Mr. Dills responded briefly, expressing his appreciation of the fine co-operation and friendliness that had been accorded him through the years.

All the ladies present received lovely chrysanthemum plants and from Mansell Nellis Construction Co., two pound boxes of chocolates. Responning on behalf of the ladies was Mrs. F. G. Oakes. Others who spoke briefly on municipal matters of current interest were Mr. P. A. Deacon, planning consultant, Dr. F. G. Oakes, Wm. Mattocks, C. F. Leatherland, Reeve J. Hargrave, Deputy-reeve W. Wilson and Councillor C. Lindsay. Presiding over the whole event was Mayor Ted Tyler in a pleasing informative manner.

Music for the dancing which followed was supplied by Les Duby and his orchestra.

Expect to Begin New Church Next Spring Congregation Told

Construction on the new United church is expected to begin some time in April, 1957. It was announced at a congregational meeting held in the United church on Wednesday evening of last week.

The meeting, chaired by Wesley Beatty, opened with a prayer by Rev. Gordon Adams and featured the presentation of reports from the building committee.

Alfred Long, chairman of the building committee, lauded the tireless efforts of the committee in the planning of the new building and the raising of funds necessary for construction.

Reporting on the building fund, Mr. Long noted some members wanted only a new Sunday school, but that it had seemed feasible to build a new church and convert the old building into Sunday school classrooms. While showing films on the crowded conditions in the present Sunday school system, Mr. Long declared it may be possible while renovating the old building to remove the present roof and replace it with a flat one.

William Cairns commented the pledge amount decided upon is smaller than the one previously announced.

Speaking on the canvass itself, Gordon Beatty announced that it is still possible for members to submit their pledges, if they have not already done so.

Monster Tree At Post Office

The hydro crew's extension ladder was cranked up against the bristly side of the monster town Christmas tree Monday as strings of lights were threaded through the branches. The 35 foot tree was brought to town Friday afternoon and now, shimmering with colored lights and topped by a star, it's the focal point of the shopping district.

Gas lights are also strung across Main and Mill Sts to mark the holiday season.

Mansell Nellis donated the tree and a Chamber of Commerce committee, headed by Ted Tyler Jr. brought it to town. It was erected with the co-operation of the hydro department. It is placed in sand and held in place by guy wires.

Scoring Close Acton, Norval Rack up Wins

Two close games were seen in the Junior Farmer hockey at Milton Arena Monday night when Acton defeated Palerm 4-2 and Norval edged Milton 4-3. The Milton team took high honors for having no penalties dished their way, and Norval's little lambs received only one trip to the sin-bin during the close match.

B. Coon, B. Simelair, John Cunningham and D. DeForest were Acton's marksmen in the night's first game, with Bill Somerville picking up three of the four assists. G. McCarther helped on two of the goals, and J. Cunningham received an assist. B. Somerville spent 15 minutes off the ice, five for fighting and 10 for being the seventh man on for his side.

Palermo scorers were Ken Vivian and Gordon Greer, assisted by R. Booth, B. Orr, B. Price and M. Laing. J. Dillman picked up 17 minutes in the penalty box and B. Price and G. Greer were sent off for kneeing and clipping.

Things evened out in the second game when Graham Gillies, Don Johnson and C. McCann tallied for the losers and Dave Leslie notched two and Don Cunningham and Earl Wilson notched one apiece for the winners. C. McDonald received the only penalty, for boarding.

Games continue Monday nights with pretty fair crowd turning out to support their representatives.

BIG VALUE 7-INCH BENCH SAW
