Since it's lighter in weight than any other high-capacity direct drive saw, the McCulloch D-44 allows you to

cut more wood without getting tired. This makes the D-44 ideal for cutting firewood, felling and bucking pulpwood, tending woodlots, and many other types of cutting where a

speedy, lightweight saw is called for. Come in for a demonstration of the D-44 today or tomorrow. See how easily it outperforms all other direct-drive saws!

Frank Thorogood builds for the future

In 43 years, foremen carpenter Frank Thorogood has seen many improvements in building methods. "Power tools, pre-fabricated sections and the use of new structural materials make all the difference," says Mr. Thorogood. "Develop-

ments like these, have simplified our work - and make for stronger. more fire-resistant buildings." In building for the future, Mr. Thorogood has enjoyed still another advantage - through the wider range of financial protection; he can give his family because of modern-developments in life insurance. Life insurance gives today's families many new benefits. It not only affords them financial protection that is more flexible, but can also provide money for the children's education, for safeguarding the home

In these and other ways, the life insurance companies have progressed with the times . . . meeting the needs of people in all walks of life. Life insurance companies are a major source of mortgage hundred and sixty-five million dollars in this way.
