FOR THE ACTON FREE PRESS**Busy, Furthering Ideals  
I.O.D.E. Chapter Reports**

The annual report of the Duke of Devonshire Chapter, Imperial Order Daughters of the Empire, follows:

Since the last annual meeting 50 members could have attended eight monthly meetings at which the Regent, Mrs. J. Whitham, presided. The average attendance from the members of the Chapter was 29. Three members, Mrs. M. Schroeder, Mrs. H. Thorburn and Mrs. L. Davies moved from Acton but the Chapter has been glad to welcome seven new members within the last three months.

In addition to the Chapter's regular meetings, members attended a fitness demonstration at the Ontario Agricultural College in June, prior to celebrating their 40th anniversary at a dinner in Kitchener.

The Regent and members took part in the Remembrance Day services. Mr. and Mrs. Whitham laid a wreath at the Cenotaph. At the Decoration Day service flowers were laid on Veterans' Graves in local cemeteries.

During the year members have been kept up to date on Current Affairs by the convenor for Empire and World Affairs, Mr. R. D. Buckner, who spoke on the situation in Cyprus, the Suez Canal, peace, deterioration in international relations, what happened in international spheres in 1956, as well as two I.O.D.E. talks, one on report on the Provincial Convention in Hamilton 1956 and the other on the Foundation and History of the First and Second War Memorial Funds and the Lucy Mardon Education Fund.

The Chapter's educational projects this year made spectacular advance in the creation of a Bursary for an Acton student. This \$160 award and the \$50 scholarship award already instituted were presented to Joseph Jans in September. 21 books were presented to children in the Public School on Empire Day and fountain pens were received by the top students who graduated in 1956. The Chapter also helped to sponsor a cultural activity in their donation to the Halton Music Festival.

Two or three National Charities have been supported and helped by members of the Chapter. Apart from the Chapter's own Annual Tag Day, one was held in collaboration with the "Salvation Army Red Shield campaign in June and another for the Canadian National Institute for the Blind in November.

Local welfare also has not been neglected. The proceeds of the Chapter's Tag Day, amounting to \$130, were sent to the Parks Improvements Board; in March, the Chapter helped to transport a crippled child from school; in April, at the request of the Chapter, the Canadian Savers Children Fund sent a layette to a local needy mother and in January, 1957, members donated diapers and baby clothes to maintain a cupboard for needy families in the office of the District Nurse.

Just before Christmas a parcel of toys was sent to Churchill for distribution by Mr. Clayton Fryer, RCMP, to Eskimo children.

Members have twice assisted the Red Cross and the Acton Branch of the Canadian Legion in the organization of Blood Donor nights.

In lighter vein, the Chapter has been entertained by Miss Wilson of Guelph, who sang, and by the children who won the Halton County Music Festival awards. A special highlight in entertainment was provided by Mrs. Bell of the Stratford Festival Committee, who told of the formation and growth of the Festival's "wardrobe collection". A horticulturist from Ontario Agricultural College, Mr. John West gave an interesting illustrated talk on "Landscape Gardening" and at a later meeting, a film describing the growing and arrangement of roses was shown.

Holiday slides have made many members anxious to travel. Mrs. Long, one of our own members, has twice shown films of her trip

"THIS IS BIG ENOUGH FOR ALL OF US TO FIT INTO. SENDING ME A SIZE 38 INSTEAD OF 28!"

"IT DIDN'T TAKE ME LONG TO FIND OUT THAT MY BEST SATISFACTION AND SERVICE COMES FROM BUYING HERE IN ACTON"

**Stan Hall, Provincial M.P.  
Reports on Week's Events**

Stanley L. Hall, M.P.P. for Halton County, this week begins the first in his series of reports to the people of the county. The following is the text of his address, which was submitted to the press of Halton:

It is a pleasure for me to have the opportunity of bringing to you the highlights of this week's doings in your Legislature.

Premier Frost said the Federal Government could prove it wants a National Health Scheme by participating immediately with provinces which have health insurance plans in operation.

Premier Frost also said that correspondence between the Provincial and Federal Government shows Ontario is prepared to continue discussion with Ottawa on the proposed Hospital Insurance Plan.

Premier Frost said he feels the Provincial cost of the Hungarian refugee program will be adjusted satisfactorily with the Federal Government.

The Liberal and C.C.F. political opposition in the Legislature endorsed the government's refugee program.

Hon. William M. Nipke, Q.C., Minister of Planning and Development, said 2700 Hungarian refugees have settled in Ontario with another 400 expected to arrive within two weeks.

Hon. Farquhar R. Oliver, Leader of the Opposition, moved a five point motion of no-confidence in the Government. This motion will not be voted on until the end of the throne debate.

Hon. George Dunbar, secretary and registrar, tabled Annual Reports of the Ontario Liquor Control Board and the Ontario Liquor License Board.

Mr. Farquhar R. Oliver, Liberal leader did not seem satisfied with the speech from the Throne, for he made this statement in his address. That the Throne Speech covered a lot of subjects but said very little about oil.

Mr. Oliver stated that the Farmers of Ontario in 1957 had \$40,000,000 in their operations throughout the world.

Mr. McDonald, Leader of the C.C.F. seems to forget the issues that he supported at the 1956 Session for he stated in the Assembly this week that the gas pumping

of oil is not increasing.

Says one fish market official:

"Lovers of oil say the black fish tastes better than turkeys and Europeans consider it a delicacy."

In 1955 a total of 60,000 pounds of oil annually. In Nova Scotia, 164,000 pounds were caught in 1955 but most markets in the province remain low.

The demand is fair and steady but is not increasing.
