## Mrs. J. Howard Hostess to W.I.

The May meeting of the Busy Women's Institute was held last Thursday at the home of Mrs. J. Howard. The president, Mrs. L. H. Howard, took the chair, opening the meeting with the Mary Stewart Collect and the Institute Ode.

The roll call was answered by "My Birthday Month and Flower" with a good response. Minutes and correspondence was read.

A letter from the Home Economist Services regarding training in making lamp shades received consideration. Flowers were to be purchased for the Centennial Manor flower plot. A quilt was quilted and sent to a burned out family along with a pair of sheets. The layette which is to be shown at the District Annual was viewed and admired. Delegates were voted to attend the District Annual at Ballinacree May 30.

Mrs. Lindsay, who is the W.I. representative to the Retarded Children's School at Milton, then gave her report, after which it was unanimously agreed to send \$20 to them immediately and their need be brought to the attention of all the W.I.s of Halton.

Mrs. Allen, convener of agriculture, then gave a paper on Soils and their use and abuse which was very interesting. Following this she sang a solo, "Songs My Mother Sang to Me," which was much appreciated and Mrs. M. MacLeod gave a paper on Spring.

The reading of the Lord's Prayer brought the meeting to a close. Mrs. Lindsay thanked the hostess for her lovely lunch and hospitality.

Mrs. Allen, convener of agriculture, then gave a paper on Soils and their use and abuse which was very interesting. Following this she sang a solo, "Songs My Mother Sang to Me," which was much appreciated and Mrs. M. MacLeod gave a paper on Spring.

## Ballinacree Couple Honored by Friends On 45th Anniversary

On Wednesday evening, May 8th, Mr. and Mrs. Robert McEnery were taken by surprise when 30 of their friends and neighbors dropped in to help them celebrate their 45th wedding anniversary and presented them with a dozen lovely red roses.

Other gifts were a beautiful mantel arrangement of roses and baby mums from their son and his wife and grandson and a lovely hydrangea from the groom to his bride of 45 years ago.

They received a lovely hand cut glass sugar and cream from Mr. and Mrs. Joe Mathews and a number of lovely cards of congratulations from friends.

The evening was spent in playing euchre. Winners were Mrs. Henry Hilda and Mrs. Frank Smith, Tim Gibson and Robert McEnery. A lovely lunch, including a wedding cake the bride had made, was served by the ladies who planned the evening.

Both Mr. and Mrs. McEnery thanked all for the gifts and best wishes and for such a happy evening together. Everyone joined in singing, "For They are Jolly Good Fellows."

## Tiger Cats Claw Their Way To Major League Championship

The Tiger Cats emerged from the Acton Major league at the Acton bowling lanes, as champions. The league held their banquet in the Legion auditorium last week and presentations of trophies and individual mementoes were made. Pictured left to right are, Ken Hulford, Cyril Ryan, Mike Bennett, team captain Bill Williams, Harry Phelan, Ross Morton and Don Grein.

## BOWLING NEWS

**Acton Mixed**  
May 6: In the semi-final, Jokers romped to an easy win over the Aces. Every game was a winning one with the final pinfall being Jokers, 3,084, Aces, 2,522. The big three for Jokers were D. Grein 772, Jean Bullock 636, J. McLean 601. For the Aces, E. Ryan's 611 stood out. In the other go, Terriers disposed of Rock 'n' Roll with a total pinfall of 2,828 against 2,826. C. Ryan with 670 was best for Terriers. For Rock 'n' Roll, it was B. Williams 636.

May 7: Coming back the following night in the finals, it was Terriers jumping the gun for the first two games and had Jokers hanging on the ropes by 70 pins. In the third game, Jokers kept plugging away and their efforts paid off as they wrapped up the game by 115 pins to annex the championship by 36 pins. Final pinfall was Jokers 2,975, Terriers 2,939. Top triple shooters were D. Grein for the winners 604 and R. Hulford 632. C. Ryan 602 for the losers. Best singles were G. Hearty 230, H. Tuffin 203, H. LaSueur 220, G. Colquhoun 250, J. McLean 218.

**Legion Ladies**  
**Fireflies** Final  
May 6: Fireflies were all aglow over the win from Half Wits. At the end of the second game Fireflies had a 36 pin advantage but it was anybody's win going into the third and although Half Wits tried hard Fireflies missed them by one pin to come out tops on the pinfall, 2,572 to 2,533. Top shooters were in the singles and it was L. Broadshaw 214, J. Bullock 207, E. Masales 208, P. Angell 200, R. Cook 210, A. Wheeler 208 and M. Cooney 208.

**Hebbie Jeebies, Dead Beats Win**  
May 7: Hebbie Jeebies and Dead Beats will roll it off in the finale of the Mason Knit league. Dead Beats went out and reeled off two fast wins to pack away a 132 pin advantage going into the last game. Jazzy James refused to be counted out of the picture and took the last go by 86 pins but still had to see the go to Dead Beats by 46 pins. For the losers, B. Coughton's and R. Goodwin's 205 and 230 singles respectively stood out. For the winners, it was the singles of E. Williams 200 and F. Loughheed 271.

In the other go, Hebbie Jeebies took first one from Lucky Strikers for a 97 pin lead. The "Luckies" turned the tables in the second and were 33 pins off the last game. In the fourth line for the third go, Hebbie Jeebies got to rolling in this one and blighted the "Luckies" hopes with a total pinfall of 2,723 against 2,642. The standout triples and singles in this go were G. Hulford 614, D. Tyler 591, D. McGillicuddy 317, B. Hardie 301 for the winners and S. Owen 206, J. McCreas,

## Local O.A.C. Students Obtain Their Degree

The following local students have successfully completed their final examinations in the fourth year at the Ontario Agricultural College and are recommended to the Senate of the University of Toronto to receive their degree of Bachelor of Science in Agriculture (B.S.A.) at convocation at the O.A.C. tomorrow (Friday) at 2 p.m.

Second class honours: R. W. Saunders, Rockwood; H. M. Vandermeulen, Milton.

Scholarship awards: Canadian Food Manufacturers' Association prize, W. G. Graham, Georgetown, general proficiency award, W. G. Graham, Georgetown, Lieutenant Governor's medal, D. M. Pelletier, Milton, Ontario McGowan award, W. G. Graham, Georgetown, Plover Feed award, first D. M. Pelletier, Milton.

## CAMPBELLVILLE Hold Baptism Service At St. David's Church

(intended for last week)  
Rev. John Murdock conducted a baptismal service on Sunday at St. David's Presbyterian church for the son of Mr. and Mrs. Charles Mitchell, the son of Mr. and Mrs. Kenneth Moore, and the daughter of Mr. and Mrs. Claude Inglis.

Mr. and Mrs. David Mahon and sons, Jamie and John, of Windsor, spent Easter week-end at their cottage at Crawford's Lake, Campbellville, and went swimming every day. That is a record, we think, for so early in the season.

Friends of Mrs. Gordon Currie will be sorry to hear she is in the General hospital in Hamilton. We wish her a speedy recovery.

Mr. and Mrs. David Beveridge appreciate the kindness of all the friends and relatives who called during the past week-end to extend best wishes.

JUNIOR BEAUMONT receives the Best trophy, emblematic of top scorer in the intermediate "A" playoffs, from donor Sandy Best. Pictured are Ontario "A" champions left to right: Raider president Scott Patterson, captain Junior Beaumont, Sandy Best and manager Del Beaumont.

## MADE BY PEOPLE

A COUNTRY is not made by its resources but by its people. Natural resources were here before there were any people.

It is the people of Canada who have made this country by their courage, industry, intelligence, and thrift.

Canada can maintain its position in the world only through the continued work and devotion of its citizens.

Possession of the most abundant natural resources is not enough to ensure national greatness.

## Multiple Sclerosis is Crippler Cause is Mystery at Present

The affliction known as Multiple Sclerosis (called MS for short) is a crippling disorder of the central nervous system, the cause of which is at present a mystery, according to a release received by the Health League of Canada from the Multiple Sclerosis Society, Victims largely in the productive age group 30-45, are subjected to a patchy destruction of the coating of the nerve controlling the part of the body affected. Replacement of live nerve coating by scar tissue impedes and, as the scar tissue becomes denser, ultimately prevents entirely the passage of nerve impulses.

Multiple Sclerosis is one of mankind's most vicious enemies today. With ease and control completely unknown, MS—thecrippler—is devastating in its effects.

The medical profession has known this disease for a long time, yet today it remains perhaps the most important of the completely unsolved problems in neurology. Research on MS is still in the "trial and error" stage, but there is every reason to believe that modern scientific research will prove able to fit together the bits and pieces of its cause and control.

While the disease dates back over a hundred years, supported medical research is a recent development, and in Canada dates back only to 1948, when the Multiple Sclerosis Society of Canada received its Charter from the Dominion government.

Since its inception in 1948, the Multiple Sclerosis Society of Canada has contributed \$130,000, to research and, as a result, much more is known about the disease today. Recently, two new research projects received support from the Society, one at the University of Toronto, and one at McGill University. A third project, which has received enthusiastic recommendation by the Medical Advisory Board, will be undertaken soon at the Banting Institute at Toronto.

In order to make more and better trained scientists available for research, a Fellowship program has been inaugurated by the Society. This will result in a number of Fellowships being made available to selected prospective scientists in our universities at various stages of their careers.

Public recognition of the work of the Society is shown by its steadily expanding membership and the formation of new chapters across the nation. The vital importance of MS research has also been recognized by the Department of National Health and Welfare.

"I'm switching to GAS heat now... when fall comes I'll be all set!"

## THIS IS A GOOD TIME TO CHANGE TO CLEAN GAS HEAT.

NOW is a good time for you to switch to automatic GAS HEAT. You can have a winter air conditioning unit for your present furnace can be converted quickly to the use of GAS.

**JOIN THE SWING TO GAS HEAT**

DON'T WAIT—join the big swing to cleaner GAS HEAT now and enjoy the best-for-less. With GAS HEAT you never pay any hidden costs. No expensive service contracts! No costly repairs! Call United Suburban Gas today, or your local heating contractor who will be happy to advise you on the correct system for your particular heating problem.
