Mrs. Ralph McKeown Hostess to Ladies of Greenock W.I.

Mrs. Ralph McKeown was hostess to the Greenock Women's Institute for their May meeting with Mrs. Calvin Aitken, the president, presiding. The meeting opened with the Ode, Mary Stewart Colloid and Lord's Prayer in unison and scripture reading by Mrs. H. Reid.

Each member told the month of her birthday as the roll was called. Mrs. E. McKeown read the minutes, thank you notes and other correspondence. Following the business, Mrs. Hemley took charge and called on Mrs. R. McKeown for a solo, An Evening Prayer.

Mrs. H. Reid gave her report of the officers' conference and jubilee celebration of Women's Institutes held recently at the O.A.C., Guelph. She told of Dr. Lachlan's address of welcome, when he likened the Women's Institute to a diamond with its high refractive powers, and so the Institute sends light into darkness in many ways as their motto states, For Home and Country.

This was also impressed on the audience as Mrs. Adams of Saskatchewan, who is president of the National Women's Institutes of Canada, told of a call from the Yukon to have an Institute started up there, also of the need of institutes in Newfoundland where, she said, we have no conception of the women there on that sea coast, although it is Britain's oldest crown colony.

Mrs. Dr. McCready, principal of MacDonald Institute, had paid tribute to Mrs. Adelaide Hoodless, who founded the Women's Institutes and had so much to do with the founding of MacDonald Institute in 1903, the wonderful school for the teaching of home economics. She told how the underdeveloped countries of the world are interested in us and the Eastern world is really looking to us for help, so more power to the Institute on their 50th anniversary.

Padre Young, assisted by Mrs. E. Kidd at the piano, conducted community singing at intervals, and it was stressed that community singing should be on every Institute program.

In conference discussions, many points on Institute work were discussed freely by members from Kenora to Cornwall, from Cochrane to Windsor. The climax of the day had really been a pageant, The Passing of the Years, in which six of the members took part.

Mrs. C. Aitken gave a reading, The Census Man Insists She has no Occupation, followed by a reading, What is a Mother?, by Mrs. Hemley, which served as a reply to Mrs. Aitken's reading. Singing of the National Anthem and Institute Grace brought the meeting to a close. A dainty lunch was served including the biscuits and pie in the contest. Miss Elva Peaton was winner for the biscuits and Mrs. Hemley for lemon sponge pie. Aprons also were judged in readiness for the District Annual exhibits.

Mr. Bingham is now residing in Alma.

In the absence of Rev. E. H. Jones, John F. Hoop, lay reader from St. Patrick's church, Guelph, conducted a service at St. John's church Sunday afternoon. Owing to the wet weather, attendance was somewhat lessened.

Do Door Bells Toll for the Tories?

In his campaign newspaper advertising the Conservative candidate claims, "Like other Canadians, people of this county recognize a serious problem. A government has overtaxed causing misery and hardship for thousands."

This statement is unbelievable and a little unbecoming.

The gentleman who signed that statement also tells us about the thousands of door bells he has rung. Are these door bells tolling "misery and hardship"?

I, too, have been ringing door bells and I have noticed that the door bells are frequently attached to new houses. Frequently, there is a late model car parked in the driveway. Almost always there is a TV antenna on the roof.

Inside the homes there is usually evidence of an electric vacuum cleaner or an electric washing machine or other electrical appliances.

The children often are attending new schools in the neighborhood.

There are 12,000 new voters in Halton county and not one of them is living in slum conditions.

The Conservative candidate—who is talking "misery and hardship"—is said to be conducting two businesses in Halton: a beef

cattle enterprise in Nassagaweya township and the growing of lilies in Esquesing. Presumably, both businesses are prospering or they would not be continued.

And so we have here a man who is content to enjoy, along with other Canadians, the benefits to be derived from the present high level of activity in Canada's expanding economy. At the same time, out of the far corner of his mouth, he cries havoc and blue ruin.

I don't think there is a person in this county who hasn't had direct benefit from the prosperity that the Liberal administration has brought to this county and country, and maintained throughout the years of office.

Certainly, there have been mild recessions and there have been adjustments any person handling family finances or a business or an industry will understand that.

But the Liberals have established a record of consistent and continuous progress and prosperity for the people.

To maintain the prosperity and security we have earned and enjoy, I ask you to send me to Ottawa to support the Liberal policies that have made this prosperity possible.
