

C.N.E. Announces Scholarships Available to 4-H Members

The Canadian National Exhibition will again make a sum of money available for the awarding of 10 Scholarships (five in each province) in 1957. The 10 Scholarships, each to the value of \$750.00, will be awarded to candidates wishing to enter: (a) a School of Home Economics, (b) a recognized College of Agriculture or Veterinary (C.N.E. leading to a degree in agriculture, agricultural engineering or veterinary science), (c) Schools of Agriculture leading to a diploma.

The selection of Provincial winners is the responsibility of the Provincial Departments of Agriculture (inasmuch as Ontario selected a girl in 1956, this year's selection will likely be a boy. Each County in Ontario will therefore

have the privilege of nominating a boy who meets the requirements for this Scholarship this year.

Young men in Halton who are interested in trying for the Scholarship which will be awarded to an Ontario candidate should contact the Milton Branch of the Ontario Department of Agriculture.

We note, according to the regulations, that candidates must be at least 17 years of age as of July 1st. Furthermore, they must have completed at least two years of a 4-H study work and must have qualified for leadership and have shown an interest in community activities. Incidentally, the Ontario candidate will be selected on or before July 31.

20 Million Pound Meat Reduction Reported for Year

Cold storage holdings of meat in Canada at May 1st this year were more than 20 million pounds smaller than at the same date in 1956, according to a report from the Department of Agriculture.

The report states that the total cold storage holdings of meat in Canada at May 1st this year were 189 million pounds, compared to 209 million pounds last year. The major reduction was in pork, with frozen stocks totalling 189 million pounds, 47 per cent smaller than this time last year, and cured pork inventories also lighter.

Corp. Mason Assists C. of C.

Corporal R. Mason assisted the Chamber of Commerce members at the public school last Saturday by advising young boys on rules and safety measures. Bert Wood applied the tape to Steven Townsley's bicycle.

Poultry Output Shows Increase

Dressed weight of poultry marketed through registered stations in Canada up to May 11 totalled \$5.9 million pounds. This was 15 million pounds higher than in the same period last year.

Excavated poultry bonnage was 41.8 million pounds compared to 27.5 million pounds a year ago.

Halton Delegates Announced for Tour

Jean Bird of Ashgrove and George Greenless of Kilbride were announced as the 1957 Halton delegates for the United Nations Tour at the Milton town hall on Saturday evening last. It was the occasion of the announcement of awards and presentation of prizes following Halton Junior Farmers' Annual Livestock Judging Competition.

Miss Bird won her award in connection with 4-H Homemaking work. The funds for her award are donated by the Halton District Women's Institutes and the presentation was made by Mrs. George Somerville, Halton District W.I. president.

The award to George Greenless was donated by the Hamilton Spectator, and was based on leadership and executive ability displayed in participating in Junior Farmer activities and 4-H club projects, as well as all round ability in judging livestock, grain, seeds, etc. Other awards will be announced in our column in next week's issue.

Health League Notes Safety Features For Summer Bathers

According to the number of people laid off from work during the summer and the crimson faces of people after a week-end, it seems to be a generally held conviction that in order to acquire a suntan, it is necessary to go through the preliminary stage of having a sunburn first. The Health League of Canada advises that this is not so. In fact, the League says, a very serious burn can be suffered, which is in no way different than a burn received from actual flames.

A suntan, achieved gradually, is considered becoming, and may be of some lasting health benefit during the coming winter. In order to achieve this, lie in the sun in the beginning for not more than half an hour at a time, gradually increasing this time to include as long as you like, provided that you have built up a solid foundation tan, and are no longer "burning" when you lie in the sun.

On no account, stay in the sun for the whole day the first time out. A burn may be received which can be as painful and as dangerous as a fire burn. Sunbathing near bodies of water is to be particularly watched, for a double burn will result—that is, a burn from the actual rays of the sun, and a burn from the reflection of the sun's rays from the surface of the water.

There are several preparations on the market which will help to prevent a burn. These can be used but should not be relied upon to the extent of lying in the sun all day long for the first time. The League gives the added warning that even if you are lying in shade at the beach, the glare from the sun and water is enough to give you a burn. Take your tan slowly, and look and feel better more easily, is the League's advice.

125 Farm Delegates Attend Conference

"Prosperity is something we make for ourselves," stated Lawrence Kerr, prominent farm operator from Kent county, when addressing the Farm Management Conference held in Guelph last week. Some 125 delegates were in attendance from the 30 organized farm management associations in Ontario.

Mr. Kerr, who operates 1,050 acres in the Chatham district, also pointed out that technology and science is developing faster than population. In view of this, I fail to see a very rosy future in store for agriculture, stated Mr. Kerr, but he added, "for members of farm management associations who represent the top five or 10 per cent of Ontario farm operators, I foresee an attractive future."

Mr. Lawrence Keaway, The St. Lawrence Seaway means that for the first time in history, we will be on a par with the Heartland of Europe from the standpoint of transportation, stated Dr. H. I. Patterson, Director of the Farm Economics Branch, Toronto, who was another speaker on this excellent program.

The program of the agricultural picture, Dr. Patterson pointed out, "We are now importing more agricultural products into Canada than we are producing altogether in Ontario."

F.A. Program Condensed—George Hunt, former Haltonite, who has been studying agricultural conditions in the U.S. during the past year, stated, "The cost of operating the U.S. agricultural program is in excess of the value of the total agricultural production in Canada."

The program the U.S. has got into is so large, he added, that they don't know how to get out. These were but a few of the rather startling statements made by a few of the speakers on this excellent program.

Export of Meat To U.S. Down

Shipments of Canadian meat to U.S. markets in the first four months this year were nearly 20 million pounds below the same period last year. Fresh beef and veal exports are down five per cent, fresh pork down 26 per cent, cured and smoke pork products down 63 per cent, and canned hams and shoulders off 66 per cent.

Exports of beef cattle in recent weeks have picked up considerably, but although the total for the year to date (1,069 up to May 11) is more than double the same period last year, it has not reached a very significant volume.

The U.S. Program Condensed—George Hunt, former Haltonite, who has been studying agricultural conditions in the U.S. during the past year, stated, "The cost of operating the U.S. agricultural program is in excess of the value of the total agricultural production in Canada."

The program the U.S. has got into is so large, he added, that they don't know how to get out. These were but a few of the rather startling statements made by a few of the speakers on this excellent program.

Recent Bride Feted At Many Showers

Many showers were held honoring Mrs. Kenneth Coffey (nee Louisa Papillon) prior to her recent marriage on May 25.

Mrs. Lou Hayes, Mona Road, Ontario, entertained friends and relatives of the groom, also the bride's mother and friends and relatives, when the bride received many lovely gifts.

The ladies of Cameron Street

held a shower at the home of Mrs. Florence Dunn, when the bride-to-be was Mrs. June Crook, Mrs. Lou Lutz and Mrs. Gene Nellis.

Mrs. Mary MacCall and Mrs. Irma Colles entertained at the home of Mrs. McGill, Cameron St., when friends and relatives of the bride and groom attended. Many lovely and useful gifts were received by the bride.

Saskatchewan, where much of the world's best wheat is grown, presents a vacation picture distinctly Canadian.

St. Joseph's Church Scene of Nuptials

A pretty double ring ceremony was solemnized in St. Joseph's church, Acton, at 10:30 a.m. Saturday, May 25, when Frances Noreen (Hanna) Papillon, daughter of Mr. and Mrs. Thos. Papillon, 23 Cameron St., was united in marriage with Kenneth James Coffey, son of Mr. and Mrs. Joseph Coffey, R.R. 1, Mona Road, Ont. Rev. Father Morgan officiated.

The altar of the church was decorated with white, pink and yellow carnations.

Given in marriage by her father, the bride wore a ballroom length, white sheath dress with lace bodice, fingertip sleeves and a double row skirt over satin, featuring appliques of lace. Her fingertip veil was held in place by a beaded pearl headband. She carried a white prayer book with streamers of roses.

Matron of honor, Mrs. Donna Hafferty, the bride's twin sister, wore an ice blue taffeta dress in ballroom length with tulle net and floral width headband in ice blue, with matching accessories. Junior bridesmaid was Linda Gervais, niece of the bride, in an ice blue tulle and tulle dress with matching accessories. Other bridesmaids were the Gervais niece of the bride, who wore a flower girl dress similarly in ice blue tulle.

All attendants carried yellow carnations with yellow streamers and blue tulle attached to the flowers.

Groomsmen was Tom Coffey, To-

rono, Ushers were Lou Hayes and Harry Judge, Mona Road, Ont.

Celebrated during the service was Miss Irene Mulholland, Miss Be Ann McLaughlin, soloist, sang Ave Marie, On This Day and O Lord I am Not Worthy.

A wedding breakfast in St. Joseph's church hall was attended by approximately 70 guests. The cake was made by the bride's mother. She received in a princess style gown in champagne color with orchid accessories and carriage of mauve mums.

The groom's mother Mrs. Joseph Coffey, assisted in a navy blue dress with pink accessories and carriage of white mums.

The happy couple left on a trip to Quebec, the bride travelling in a fitted pale crimson travel suit with large accessories. They will live at R.R. 1, Mona Road, on their return.

Special guests at the wedding was the bride's grandfather, Mr. James Giddens. Other guests attended from Toronto, Kitchener, Guelph, Brantford, Mona Road, Goshen, Brantford and Acton.

Mackenzie contemplates Kitimat

When Mackenzie—first of our explorers to reach the Pacific overland—scaled the Rockies in search of a trade route west, little did he dream a giant aluminum refinery would one day rise in the mountain wilderness.

The Bank of Nova Scotia—this year marking its 125th birthday—has shared in Canada's exciting resource development. From a single branch in Halifax has grown a nation-wide organization, providing courteous service through more than 500 branches in Canada and abroad.

As over a million Canadians do, consult your BNS manager for business or personal financial information. Feel free to call upon him for advice on savings, transferring funds, or the safekeeping of your valuables. You'll find him and the staff friendly and helpful.

The BANK of NOVA SCOTIA
for 125 years a partner in helping Canada grow

BNS people are friendly people—get to know them at our Acton branch. W. A. Woodburn, Manager.

The right man in the right job

LOUIS ST. LAURENT sees for Canada's future an exciting adventure of national development... to provide here in this rich land a more abundant life for all our people.

Under his leadership, our population has increased over 25 per cent... a million new homes have been built... our standard of living is higher... and national developments underway will bring great benefits to every part of our land.

Above all, Louis St. Laurent knows and understands the needs of our people. The Government he leads has provided greater social protection to the Canadian people... social security benefits have been increased... federal legislation for a nation-wide system of hospital insurance has been proclaimed.

Canada's progress shows that Louis St. Laurent is the right man in the right job. Vote for your Liberal candidate and keep Louis St. Laurent at work helping to create a better life for all Canadians.

For a greater Canada... for tomorrow's opportunities...
