**Eramosa School Board Continues Meetings**

The Eramosa Township School Board continues to hold meetings in the schools throughout the townships explaining the reorganization of the two school systems outlined in a pamphlet sent to interested people in the townships concerning the centralization of the schools.

The meetings are well attended and much interest is shown. The first half of each meeting is devoted to clarifying the plans for approval or rejection. Remaining half of the evening is a question-and-answer period in which members of the board try to answer the many and varied questions that range from "How much does it cost to keep the old one-room schools running?" to "How long would it take before the new school, if one is voted for, would be in use?"

Chairman Duncan McPhedran and others on the board have gone into the question of rural schools thoroughly and are only too pleased to try and inform the ratepayers just how the situation looks to the board.

The meetings end in November and a vote will be taken for or against centralization by Eramosa's ratepayers in early December when the municipal elections take place.

**GOOD DRIVERS**

A remark in Charlie Whipple's column in the London Evening Free Press could provide food for thought to a great many drivers. After a review of some questionable driving practices following the closely, instance upon right of way in all circumstances, "sneaking into crosswalks, etc., he points out "Good drivers don't need to shoot."
