President Previews Importance Annual Remembrance Day In an interview with Legion, and a symbol of help to those in

President Vic Patrick this week, need, he directed a message to New Canadians from the Canadian Legion. and pointed out Canada has lost over 100,000 men in wars. tribute to those who died for free-

The president explained, "On November 11, the anniversary of the armistice which ended World War I. Canadians from coast-tocoast will pay tribute to these live in peace.

Commenting further, the noted, "Out of respect to their memory wreaths will be laid at war memorials and two minutes of silence will be observed."

Mr. Patrick explained the two minutes' silence is a custom which began in 1919. The late King George V asked that all normal work and all other activity cease for a period of two minutes, starting at 11 o'clock.

He said New Canadians will note in the sunny west end of the city. that many Canadians wear a perspy on Remembrance Day. The Canadians first came to associate the popples with the war dead during the bloody 1914-1918 campaigns in Flanders.

Each spring, explained Legion president, poppies sprang up over the graves of the dead, like a stient word of remembrance. A Canadian soldier .- physician, Lt.-Col. John McCres pleaded with the living to remember the dead and what they had done. He himself died in France, but his plea, and the poppies he wrote about in his celebrated poem. "In Flanders Fields", lived on.

. In 1936, the poppy was adopted as the symbol of remembrance. These poppies are manufactured by disabled veterans. Funds raised by their distribution go to help other needy veterans and their dependants. So to-day the poppy erves two very important purposes: it is a symbol of remembrance

Both the naxis and the communists had adopted some of the meth-Paul the Christian, dedicated to Beamhouse snucked the first two followers he had persecuted with
