Feb 21 The last place Tattlers were battered and worn. Now they are chappier, and not to form.

They took the Arrows for totals and totals.

Who are now downcast and feeling blue.

Yup, that's the song and dance Tattlers rattled off when they rolled the Arrows. Almost made a clean sweep, lost the last game by three pins. Quite a change for the Tattlers, who have been door mats for the rest of the league all season. Bess buzzed to a five point win over the Leaders and was still humming along in first place. Sportsmen's hopes of regaining top spot suffered a severe setback when Wolves clattered them for three. Sportsmen were trying, dropped the first by eight pins, the second by two, and then the roof fell in Jett's as he really grounded. For the third week in a row, they've been shut out. This time, Headpins took them for the works. Something must be wrong with the Jett's mix nature. On the headpin and not missing the corners were T. Davison 615, A. Rainford 651, C.

Feb 21 The last place Tattlers were battered and worn. Now they are chappier, and not to form.

They took the Arrows for totals and totals.

Who are now downcast and feeling blue.

Yup, that's the song and dance Tattlers rattled off when they rolled the Arrows. Almost made a clean sweep, lost the last game by three pins. Quite a change for the Tattlers, who have been door mats for the rest of the league all season. Bess buzzed to a five point win over the Leaders and was still humming along in first place. Sportsmen's hopes of regaining top spot suffered a severe setback when Wolves clattered them for three. Sportsmen were trying, dropped the first by eight pins, the second by two, and then the roof fell in Jett's as he really grounded. For the third week in a row, they've been shut out. This time, Headpins took them for the works. Something must be wrong with the Jett's mix nature. On the headpin and not missing the corners were T. Davison 615, A. Rainford 651, C.
