Oakville's 1958 Taxes Will Total \$1,065,000

Town manager Kenneth Needham in announcing the 1958 budget said the town's total assessment now stands at \$20,800,000, an increase of \$672,500 over last year. A total of \$1,065,000 will be raised by taxation.

The industrial and commercial levy of the town was set at .527 mills, an increase of .28 mills over 1957.

Although the public school expenditures had increased in 1958 to \$285,251, an increase in provincial grants combined with a 1957 sur-

plus of \$10,000 resulted in a decrease in the amount to be raised by taxation.

The area high school board budget for this year has been increased to \$137,525.56 and includes a \$500 deficit in the sale of debentures for the Thomas A. Blakefield High School.

The 1958 appropriation of \$112,460.51 for Haldimand county represents an increase of 20 per cent or \$21,804. The general government levy has been increased to \$230,757.60.

The 1958 budget of \$1,065,000 will be raised by taxation.

An organization that has always Mr. Allen's efforts in obtaining it for showing at the Manor.

Mirra of Life

The church service in the chapel on Sunday afternoon, April 13, was conducted by Rev. E. Orsborn, minister of Knox Presbyterian Church, Milton, with Mrs. S. Lockie at the piano.

Mr. Orsborn read Chapter 13 of First Corinthians and used the last two verses of the chapter as the text of a very instructive sermon.

Mr. Orsborn explained that just as the mirths used in St. Paul's time gave a very blurred image,

but to the fact that they were probably only highly polished brass,

so we mortals have a very blurred and misty picture of the life beyond.

The last verse however gives us the promise of faith, hope and love which Mr. Orsborn defined as follows:

Faith is confidence in the power and love of God, hope encourages us to look to the future expecting good and love is the extending of goodwill to everyone we know.

Easter Significance

During an interval in the program, Mr. McKenzie delivered a brief, inspiring address on the significance of Easter. Several hymns were sung by the visitors and the residents in union and Mrs. Muir was the pianist for these hymns.

At the close of the cantata Mrs. Fred Anderson delivered a very gracious little speech in which she expressed the pleasure of the visitors in having come to the Manor.

A speech of thanks to the Alert Group and to the members of the choir by Muriel Thompson brought this very appropriate program to a close.

During the social hour in which tea and delicious refreshments were served by the ladies of the Alert Group, the residents renewed old friendships with these truly "alert" and hospitable ladies from Knox church, Acton and met personally the ladies and gentlemen of the church choir.

Brigadoon Show

On Friday evening, April 11th, a most enjoyable "Movie Night" occurred at the Manor, when Mr. Allen the superintendent, using the Manor's own projector showed the full-length motion picture "Brigadoon."

This lovely picture in Technicolor starred Gene Kelly and Cyd Charisse, who displayed their fine dancing talents and Van Johnson, who added a humorous touch to the play. The residents enjoyed the picture very much and appreciate

Accounting for a good portion of the increasing protection police, fire and schools. The fire department showed little increase, but the police jumped \$60,000. Education costs are up by \$250.

A delegation from Indian Point appeared before council last night, taxes have increased by \$6,700.

The town's administration expenses have increased by \$6,700.

The monthly meeting of the M.L.A. and District Association for Retarded Children was held at the school on Thursday, April 10 at 8:15 p.m. Due to the fact considerable business had accumulated a guest speaker was not engaged for the meeting.

The annual meeting for the Ontario Association for Retarded Children was announced for April 26 and 27 at Windsor. The teachers' meeting is held separately and Mrs. Jeffers was appointed to attend that meeting, while Mrs. Kingdon and Mrs. Howard were appointed to attend general sessions.

Solid Delegates

The Zone Three regional meeting was announced for Friday, April 11, at the East Haven school in Hamilton, which members of the various groups were invited to attend as well as the representative on the regional executive. Mr. Addison, vice-president Fred Cross, Mrs. Bickers and two teachers, Mrs. Jeffers and Mrs. Mitchell were delegated to attend this meeting.

An encouraging report from the teachers on the progress of pupils left in the hands of the correspondence secretary, Mrs. Howard, and when read, revealed that the skating project had ceased for the season, but with the assistance of Mr. Higgins, they were starting baseball training.

The members were reminded
