

ANOTHER OLD LANDMARK disappeared from Mill Street last week as town workmen cut down the huge butternut tree situated near the cenotaph. The tree is pictured above as it starts its descent as workmen stand by watching. A long rope attached to one of the town trucks is kept taut to make sure the tree falls in the proper direction.

CF-105 Arrow to Make Debut At Ex International Air Show

The CF-105 Arrow, a supersonic interceptor that flies in excess of 1000 m.p.h., will make its public debut at this year's International Air Show at the Canadian National Exhibition.

The Arrow will be one of scores of aircraft included in the fly past on September 5 and 6. Another revolutionary model will be the world's first jet helicopter, the French Abouette. The famous Blue Angels from the United States Navy will give an exhibition of tight formation aerobatics.

All Types

The last of aircraft to be shown in North America's only international air show, includes almost every type of latest warplane in both Canada and the United States.

Anti-submarine patrol Argus will vie for attention with American Tiger jets and other secret supersonic machines that the United States Air Force plans to fly here from bases in Long Island.

The Royal Canadian Navy will fly eight Banshee jet fighters from their base at Shearwater, Nova Scotia. The RCAF will show CF-100's and Sabre jets from Trenton as well as a mass formation of Harvard trainers.

Reverse in Water

There will be an Air-Sea Rescue by the RCAF demonstrating the way in which a downed flyer is picked up by helicopter.

The Strategic Air Command plans to send bombers to take in the fly past. The machines will fly almost at lake level to allow a clear view of their immense size. Also in low formation will be the Argus patrol machines and the RCAF's Comet jet transport.

Officials of the air show predict the two feature attractions will be the Arrow and the Blue Angels.

Use in Defense

The Arrow, while still in an experimental stage, is without doubt one of the fastest fighter planes in the world. Its actual performance details are top secret but it is no secret that this country and the United States hope to use the machines as the first line of defense in event of attack from over the Arctic.

The Blue Angels will be flying four of the new Grumman Tiger supersonic jets - the first aircraft to adopt the "area rule" concept, more familiarly known as the "indented or 'coke' bottle fuselage."

Tips Nearly Touch

The aerobatics in formations so tight that wing tips are actually tucked inside each other, have never failed to bring watching crowds to their feet. The Blue Angels were last seen in this country at the International Air Show at the C.N.E. two years ago.

VOTE FOR LAWMAKERS

Most voters under a democratic system, notes the Ontario Safety League, are fiercely jealous of their right to elect the representatives who will make the traffic laws that the voters intend to break whenever they find a convenient moment.

DAILY VACATION Bible school was held last week in the Church of Christ's Disciples at Everton. An average of 102 pupils and teachers attended the sessions each day of the school.

NOT A CHANCE

The average impact speed of cars involved in fatal accidents is about 40 m.p.h. The chance of surviving a crash at 40 m.p.h. is practically nil. Slow Down and Live, the Ontario Safety League asks all drivers.

Second Nellis Family Reunion Is Held at Blue Springs Home

Members of the family of the late William and Elizabeth Nellis met at the home of Mr. and Mrs. Mansell Nellis, 11 R. 1 Acton, for their second reunion on Sunday, August 10. Although rain threatened, the day was perfect for a picnic. About 75 were present.

A committee consisting of Henry Nellis, Mrs. Louise Holton and Alfred Winder arranged a short program. There were races and contests, with all the little ones enjoying balloons. Little Marie Henry received a sand pail.

Those coming the farthest were Mr. and Mrs. Philip Coody from St. Catharines. The largest family in the clan was that of Mr. and Mrs. Al Winter, with 17 from R.R. 1, Rockwood, Fergus and Toronto.

Lucky Spot Contest

Sandra Henry won the lucky spot contest. The time race was won by Mrs. Don Cameron, Fergus and the balloon bursting by Murray Soyvine and Helen Allan of Acton.

Mrs. Robert Williamson of Guelph had the birthday nearest to the date with August 15. Lenora Watson of Campbellville won the novelty race. The youngest baby was John Allan Soyvine of Acton.

Target points were won by Roy Lever, Acton, and Mrs. James Nellis of Rockwood and Delmar Watson of Campbellville.

Edwin Watson kindly donated his amplifier and the family supplied musical numbers which were much enjoyed. Mansell Nellis, as president, welcomed the gathering and a few moments' silence were held in memory of the pioneers and forefathers of the gathering.

Mrs. A. Fletcher Groups' Hostess

Mrs. Austin Fletcher was hostess for the August meeting of the Edgewood Auxiliary of the W.M.S. when 14 members attended. The vice-president, Mrs. M. Moffat, presided and opened the meeting with the poem "Our Dim Eyes Seek a Beacon."

Mrs. George Thomas had charge of devotions, which were based on Proverbs 22. Mrs. Donald McLean explained the old and new versions of the proverb.

Following prayer by Mrs. W. Early, Mrs. George Thomas read an article "Walking in Love." Love holds a family together. Love makes a father work and makes Mother's everyday work easier. Love fills a home with cheer. Without love we find hate.

Love conquers all. Spending money lessens our funds but spending love increases it, she said.

Study on Japan

Mrs. Winnie Dunbar gave a chapter from the study book on Japan telling of the benefit the National Christian Council is to Japan.

Many churches are arising in the rural parts and in the fishing villages. Christian standards are being introduced in industry, labor and management. Women have been given the right to vote and work outside the home.

Women's groups have been formed in the churches. Chaplains from military camps have shown many kindnesses to a conquered people. Many orphanages are under their supervision.

The roll call was answered with verses containing "wisdom."

Mrs. George Thomas presided for a short W.A. meeting. Plans were made for an October bazaar. Mrs. Walter Freeman closed the meeting with prayer after which all enjoyed a social hour.

\$23,000 Deficit In Georgetown

GEORGETOWN A possible year-end deficit of \$23,000 faces the town according to auditor H. A. Lever in his mid-year statement presented to council last week.

Mr. Lever listed \$30,000 in spending over budget figures, and an income increase of \$7,000 in arriving at his estimate. A \$2,000 water extension on Ann St. purchase of park area property from Harold Cleave for \$2,400 and miscellaneous expenses over the budget of \$13,000 were noted in his report.

Later in the meeting council decided to debenture the water extension, rather than taking it from general tax revenue.

Smaller Crowd At Swim Regatta

BURLINGTON The 13th annual Swim Regatta did not draw the expected 8-10,000 visitors to the town's waterfront and the fact that all the swim events had to be held outside the Breakwall was blamed by the organizers for the comparatively low turnout. Approximately 4,000 people, spread over the day, watched the program, compared with over 4,000 last year.

However, a more optimistic note was heard from The Burlington Aquatic Club, who said that more clubs than ever before participated in the swim meet, with Burlington winning more trophies than any other club.

ARE YOU REGISTERED?

ONTARIO HOSPITAL INSURANCE

effective January 1, 1959

On and after January 1, 1959, the Ontario Hospital Services Commission will be the only agency offering standard ward hospital insurance in Ontario. No private insurance company or prepayment plan will offer benefits covering standard ward hospital services after December 31, 1958.

ALL RESIDENTS OF ONTARIO ARE ELIGIBLE.
Enrollment is open to every resident of Ontario—regardless of age or physical condition—either through a group, or individually on a Pay-Direct basis.
Non-residents of Ontario are not eligible.

PREMIUMS
The low premiums of \$2.10 a month for a single person and \$4.20 a month for the family (husband, wife and children under age 19) are made possible through extensive financial contributions by the Federal and Provincial Governments.

- WHICH OF THESE CLASSIFICATIONS ARE YOU IN?**
- Are you employed where there are 15 or more including the employer?
If so, you are subject to compulsory enrollment through your place of employment. Your employer must enroll you by August 31, 1958, and begin payments in December 1958. Your employer will register you.
 - Are you employed where there are 6 to 14 including the employer?
If so, you may be enrolled as one of a group, if the employer applies for approval as a "Mandatory Group" and if all employees, including the employer, agree to participate. Group application must be made by August 31, 1958.
 - Are you a member of a professional association, medical co-operative, craft union, credit union, retail federation, or like group?
If number 1 or 2 does not apply to you, check with your organization to determine if it is acting as a collector for its members. Group applications must be in by August 31, 1958.
If you are not eligible under 1, 2, or 3, you may enroll as an individual and pay premiums directly to the Commission. Individuals applying for Pay-Direct enrollment must make application by September 30, 1958. Application forms are now available at public hospitals and banks (or the Post Office if there is no bank in your community.) Do not delay.

PAYMENT OF PREMIUMS

GROUP PREMIUMS will be payable monthly in one remittance to the Commission beginning in December, 1958.

INDIVIDUALS remitting to the Commission on a Pay-Direct basis will pay as follows:
One month's premium at the time of application on or before September 30, 1958 — and after that payable on a quarterly premium basis beginning in January, 1959.

PREPAID CUSHION — The first payment of one month's premium by groups and individuals registered prior to the closing dates stated above, will cover a benefit period of three months from January 1 to March 31, 1959. This will set up a "prepaid" period to maintain benefits during times when a person may be laid off, changing jobs, or temporarily out of the province.

LATE REGISTRATION MAY PROVE COSTLY
Groups and individuals not registered by the closing dates stated above under given classifications will not only fail to qualify for the two months' free coverage but will be required to wait three months following application before benefits become available. For example, a group or resident applying in February will not have protection effective until May 1.
