

SPORTS ROUND-UP

London Wins Pennant in Senior League Defeats League Leading Oaks in Finals

The upset of the season took place in the Senior League of the Minor Sports baseball league when London came from behind to win the pennant over Oakville, league leaders throughout the season.

The third and final game, played at the Robert Little school playground last Tuesday evening, saw managers Jack Pink and Wayne Kelly mold the London crew into a championship team, when they barely edged out the Oakville bats 4-3.

10 Strike-outs Each
Pitchers M. Sargent for the winners and B. Shultz for the losers shared equal honors with 10 strike-outs apiece.

Only in the last inning with the score 3-2 for Oakville, did excitement catch up with the Oaks when with two strikes-out to Shultz credit, R. Lambert and T. McKeown romped home with the tying and winning run.

In the last half of the final inning, Oakville were sitting with two out and the tying run on third when J. Cooney, handling catching duty for the winners, fumbled the ball but quickly recovered to tag the runner out at home.

Both teams played heads up ball and are a credit to baseball with

their undying efforts to master the sport.

Dugout Blasts
Managers Pink and Kelly haven't come down to earth as yet and have reason not to after coming from last position. Prospects of a future intermediate team in Acton look good after seeing a number of the minor sports games.

Much praise should go to the managers and umpires who lent a supporting hand to aid the children.

Toronto Lead by Two Games In International League Finals

Toronto edged two games ahead of the Buffalo squad in the International League of the Minor Sports baseball when they downed them 6-4 at the high school playground on Tuesday evening.

J. Goy, winning pitcher, held the Buffalo team to two hits and led his team mates with two hits. J. Riddell and P. Wedge were standouts for the losers as they tried valiantly to make a last minute comeback.

Toronto took an early lead in the game and were never once stopped as they continued to take

Lawn Bowling

Final scheduled games for 1958 have been played in the Inter-County Lawn Bowling League.

Georgetown edged Guelph in a very close match to post their first win of the season. Certainly they are to be commended on their efforts and for not giving up without a struggle because they lost several really close games during the season.

On Monday, August 25, a visiting Rockwood team were overcome 6-0 by Acton. First place had already been won by Rockwood and Acton's win assured them of second place in the final league standings.

Thursday evening, August 28, a league meeting is to be held at the Acton club house to arrange for the season wind-up and presentation of trophies.

From now till the end of the bowling season, the Acton club will hold a club contest each Wednesday evening in order to determine the club champion. A silver cup is the winner's trophy. First games were played last night (Wednesday) with 16 contestants on hand.

Several newcomers were present and it is hoped they will continue to come out. Games are to start each Wednesday evening at 8 p.m.

How all of us here in Acton love to see our children going back-to-school! Scrubbed and outfitted... young, active, healthy... enjoying their new important role as students. That route they take going to and from school seems simple enough to you. But to the eager child, it holds many dangers — dangers that can be avoided if you take time out this first back-to-school week to give your child the benefit of these safety rules:

- (1) Plot the safest route for your child to take to school. A route away from heavy or dangerous traffic, even if it's a little longer.
- (2) Take the younger children to school personally for the first week, pointing out the hazards along the way. Tell them where to cross the street... where not to. Explain what the traffic lights mean.
- (3) Be sure to tell children to wait 'til approaching cars come to a full stop before crossing. The driver may be trying to beat the light, he may not see the light or his brakes may not work.
- (4) Give children riding bikes to school all the necessary cycling safety instructions.
- (5) Tell children to obey the signals of the Policeman and student safety patrols always.
- (6) Ask your older children to watch the younger ones... and keep them in line if they're disobeying any rules of safety.
