Pelluan Legal

Aldo Braida, BA, legal representative for Acton Citizens' Band, informed council the petition presented by the band in 1955 for a vote on the band tax levy and signed by 20 per cent of the ratepayers of the town, was, in his estimation, legal and binding

The band solicitor requested council to put the question of a half mill grant, according to the petition, before the voters at the coming municipal election.

Councillor Goy suggested council hold a meeting with the two Acton bands in order to arrive at a solution to the problem

Mellon for Ploblarita

A motion spanwored by councilfor E. Footitt and seconded by Deputy Reeve Greer called for aceptance of the petition presented by the band and that a plebiscite be held of the voters at the coming election

Upon a suggestion that the motion be removed by the mover and seconder until such time as a committee reviewed the situation. Mr. Greer enquired if council intended including the other band

Mr Goy suggested to Mr Braids that if council started off every band beginning in Acton with a

half mill grant, it would be costly to the town. A motion calling for the removal of the motion for further discussion at committee level was approved, with Deputy Reeve Greer and councillor Footitt opposing the

council the companies involved were willing to pay the entire cost of building the proposed sawage plant but would not sign an agreement until the water custs were included in the contract.

Sell Debentures \$30,000 worth of town debentur-

es for paving and installing storm sewers in Glenies subdivision were approved for sale to the brokerage firm of Mills and Spence, Dawson and Hannaford and the Bank of Montreal, at the rate of \$00.5 for each \$100 at the rate of 5% per cent. interest.

This action followed a submission of tenders for the purchase of the debentures, and the recommeadation of the road committee.

After a discussion as to whether the tenders should be opened during the open council meeting, if was decided to recess for a 13 minute period to allow the road committee to bring in a recommendation. The road committee retired to a back room for the opening of tenders, returning with their recommendation. Other tender prices were not revealed.

Present from the firm of Bell Gouinlock and Co. Ltd. was A. J. Dunn, whose firm had submitted a bid on the debentures a few weeks

Review Cause During the committee reports.

councillor W. McLood, shairman of the building committee, informed council an account for \$75 was included in his report. The account had been held over from previous meeting for further study: Submitted by the architectural firm of Descon, Arnett and Murray, the account, it was reported, covered plans for the proposed renovation of the arena in Acton in

\$1,000 Damage In Two Car Crash

Police reported a two-car accident resulting in \$1,000 damage to cars driven by Hank Earle, of Acton and Peter Zibens, of Kitchener, at the corner of Young and Mill Streets on Saturday evening, September 6th.

A VISIT FROM THE DISTRICT GOVERNOR to the Acton Rotary Club on-Tuesday evening prempted a check on records by the Governor and Acton Rotary president, E. A. Hansen. Seriously checking the records in front are, left to right: Ken Hulford, secretary and Walter Woodburn, treasurer as club president, E. A. Hansen and District Governor E. L. Ruggles, peer over their shoulders. All in fun the picture was posed for the occasion.

THE FIRST HAND SAW off the production line at the Disston Saw Plant recently opened in Acton, is examined by Len Durning, plant manager and George Corben, sales manager. Held up by the setting up of machinery to the proper tolerances, production is now expected to -begin rolling in the manner-in-which it did when the company were situated in Toronto. A division of H. K. Porter Limited, the plant manufactures saws and refractories.
