THE NEW CANADIAN TIRE STORE situated on Mill Street, in the former Acton Auto Body building, takes on a new appearance as workmen this week began tearing out the old front in order to replace it with a modern glass one. Pictured above are two of the contractors, as they make preparations to remove the outer wall for renovation. The new store is expected to open for business sometime the first of next month.

Urge Safety Precautions

More than 500 pedestrians are killed each year in Canada and thousands injured when struck by automobiles, according to the All Canada Insurance Federation.

Many of those killed and injured are children, and with schools starting up again across Canada, extra precautions are needed to protect the lives of school-age youngsters. The Federation, which represents more than 250 fire, casualty and automobile insurance companies, offers these safety suggestions to parents and drivers.

Safety Rules

- (1) Start early to teach children the recognized rules and habits of safety.
- (2) Children are quick to follow examples set by older people, so set a good example yourself by obeying the traffic and pedestrian rules.
- (3) Teach small children to cross streets alone at stoplights, or where special crossing guards are on duty.
- (4) Always encourage children to make full use of school yards or playgrounds rather than play in the street.
- (5) Campaign for school crossing guards in your community.
- (6) When driving, watch out for school and playground areas, slow down always.
- (7) Watch carefully for children in the morning, at noon, and when schools are let out for the day.
- (8) Don't pass a stopped school bus from either side, wait until the bus has closed its doors and started up again.
- (9) Always give a child the right-of-way.

Start Renovation For New Business

Renovation of the building formerly occupied by Arlan Auto Body on Mill Street began this week, in preparation for the opening of a new Canadian Tire Associate store.

With the opening date scheduled for the first part of next month, work on the building is progressing at a feverish pace.

The building when completed, will present a 27-foot glass front with an allowance for a doorway. Being sealed up are the windows on the west side along with a present doorway.

A modern customer entrance has been planned and a large storage space for merchandise is incorporated in the plans. It is a service area large enough to house four vehicles.

Art Gordon, owner and manager of the new store, stated this week an attempt to open the new store some time between the first and 15th of next month was being made.

Since the war, Canada's financial assistance to other countries has exceeded \$4,300,000,000.
