

FINE SHOWMANSHIP is exhibited by these young winners at Acton fall fair Saturday. They were entered in the boys' and girls' class for steers or heifers born after May 1, 1957. From the left are Bob Merry, Milton, who placed first, Evelyn McKay of Hornby who placed second, and Sandy Hepburn of Campbellville who placed third. They cared for the animals themselves prior to showing them for ribbons. Judging of individual animals was followed by a large stock parade on the track. Entries in livestock classes were considered good by fair officials.

Tops in Pasture Competition B. Harris Wins Second Year

For the second year in succession, Brock Harris, prominent dairy farmer of Lowville district, again topped Halton's Pasture Competition in competition with 20 of Halton's leading farm operators.

Mr. Harris will now represent Halton in the inter-county competition in this Zone. Ontario is divided into four zones and after the zone winners are declared, a provincial committee will declare a provincial winner.

McKay Second
In second position in the Halton competition, sponsored by the Crops and Soil Improvement Association, was James McKay of Hornby, only one point behind the winner.

The third prize winner was Morley Watson and Son of Tansley. The remainder of the winners in the competition will be announced at the annual meeting of the Association later in the year.

Fortunate in Judge
Halton was fortunate in having as their judge, J. Norman Bird of Georgetown, who for many years was a staff member of the Field Husbandry Department at Macdonald College at Ste. Anne de Bellevue.

Mr. Bird scored each of the 21 competition pasture programs three times during the season, namely in mid-June, early August and finally in the early part of September. The scoring of this competition involved many factors

4-H Homemakers Active at C.N.E.

A recent release from Miss Florence P. Eadie, supervisor of 4-H Homemaking Clubs for Ontario, reveals that Halton 4-H Homemakers as usual did an excellent job in the 4-H Homemaking program at the C.N.E.

In part one judging and activities we note in the first prize group those comprising all members who attained 80 per cent and who have completed six 4-H Homemaking Clubs and attended 75 per cent of the club meetings. The names of Diane Wrigglesworth of Hornby, Jean Britton, Acton, R. R. 1, Shirley Hunt, Burlington, R. R. 2 and Nancy McKenzie of Milton, R. R. 2.

Second Prize Group
In the second prize group (those who attained 70 per cent and who have completed at least four 4-H Homemaking Clubs and attended 70 per cent of the club meetings) we note the names of Marilyn Wilson, Ashgrove, Margaret Morrison, Acton, R. R. 2, Jean Moffat, Rockwood, R. R. 2, Helen Auckland, Georgetown, R. R. 3 and Margaret Whewell of Milton.

Then in part two (inter-county demonstrations and skits) we note that Halton 4-H Homemakers were ably represented by the team of Marilyn Wilson and Diane Wrigglesworth in a demonstration entitled "The Well Equipped Clothes Closet".

We extend congratulations to all 4-H Homemakers mentioned on a job well done.

HALTON COUNTY WEED CONTROL NEWS

by V. E. McARTHUR, COUNTY WEED INSPECTOR

RECREATION AREAS
Numerous parks are now being established in Halton County, of which all but one are being developed and maintained by the local municipalities. They are sometimes called recreation areas, the word "recreation" being derived from "recreate". Residents and visitors patronize such places primarily to have a rest or a change or to put it plainly to "recreate" something within which is seemingly lost in the ordinary humdrum of daily living.

Therefore a park is a place where we expect to see something of beauty. Nothing is more detrimental to the appearance of our parks than areas heavily infested with unsightly noxious weeds. Every effort should therefore be made by the governing parks authorities to destroy weeds and keep their properties neat and tidy.

In order to accomplish this task grounds should be planned so that as much of the area as possible can be easily mown mechanically. Sections where this is impossible should be sprayed with a chemical weed killer at the proper time of year. This practice will eliminate the necessity of considerable hand cutting. Of course, care must be taken to prevent weeds from ripening seeds. However, wherever these undesirable plants persist excellent results may be obtained by spraying with 2,4-D wherever practical. Many of our parks have been

Halton W.I. Champion On Two Nations Tour

On Sunday last Marilyn Wrigglesworth of Hornby left to join the party of 32 Ontario Juniors participating in the United Nations Tour. Miss Wrigglesworth is the winner of the annual Halton Women's Institute championship award to Halton's 4-H Homemakers.

The party during their weeks tour will visit such points of interest as Niagara Falls, Washington, University of Maryland and New York City.

Herb Storey, associate agricultural representative for Peterborough county, is in charge of the party and Mrs. Robin Jeffrey, home economist at Brantville, is the official chaperone. It goes without saying that Marilyn is now having a most enjoyable and educational tour.

Without Permit Delrex is Fined

GEORGETOWN Fines totaling \$35 and costs were levied last week against Delrex Developments when the firm was charged in magistrates court with contravening the

town's building by-law by starting construction on its houses without obtaining building permits. The charge was laid some time ago by building inspector Joseph Gendron who had refused permits pending arrangements for sewage disposal in the building area behind Bykes Road front. Halton's provincial health department has ordered a sewage plant

The BIBLE Today

Someone has said that it is impossible to read Shakespeare or Tennyson intelligently unless one knows the Bible. Charles Dickens was once asked where he got his wonderfully natural literary style, and he replied "from the New Testament to be sure".

The result of constant and careful Bible reading is always the moulding of great thoughts. We are all interested in the men who made the Bible men like Paul, the Gospel writers, Jerome, Luther, Wycliff, Tyndale and others, but what a story could be told if we could know of all whom the Bible has made. The secret of the Bible Society's success lies just here, that this book reaches down into every crevice of every human heart.

The farmer needs cash to finance operations until his crop is delivered

...so both are borrowing from a bank

When borrowing is sound business practice, it is a simple, straightforward process to arrange a loan from a chartered bank. Every day, in every part of Canada, the chartered banks are lending money to farmers, fishermen, producers, manufacturers, processors and other commercial customers, large and small...to meet pay-

rolls, buy raw materials, market goods and meet a multitude of financial needs. A bank manager is constantly on the lookout for opportunities to make such loans—that's his job. Bank loans are an essential part of the process that provides the goods and services that make life better for all Canadians.
